## Ms. Shelley's Pony School

These 'parent-child' classes, brought to you by instructors from Ms. Shelley's Pony School each include a story, song, hands-on activity, a horse lesson, a craft/manipulative and a short riding lesson. Your child will learn a wide range of information about ponies and horses. They will have fun and become more confident around ponies, and gradually learn to control the pony at the walk. This is an ideal program for small children who are fearful around large animals, but will also provide enough hands-on time to please children who are more eager to interact with the horses. Classes may run late due to number of students and to ensure each child has their time with the horse. For more information about Ride from the Start Pony School please visit [www.msshelleysponyschool.com](http://www.msshelleysponyschool.com).

## Campfire Cooking Field Activity

Have you ever cooked outdoors? I mean really cooked outdoors? The outdoors cooking this class will offer is rather unique. Participants will practice cooking without a grill, range, pots, or pans. Participants will practice cooking using an open campfire very much like the early explorers and settlers on the frontier would have used in the period of this country's expansion west. This class will provide hands-on experience preparing and cooking meals over an open campfire using various cooking techniques. Participants will select food from a class handout listing foods and suggested ways to prepare them over a campfire. During this field activity the instructor will demonstrate certain campfire cooking techniques. Instructions will also include kinds of wood needed to start and build a fire, fire safety, wildfire prevention, and the principle of Leave No Trace fire use. Participants will bring their own ingredients to prepare a meal assisted by the instructor. Dessert will be provided by the instructor. Here's something to think about: If you were without the use of an electric range would you be able to prepare your meals using a campfire? Come learn, discover, and share. This will be a fun and challenging activity. Please register early as this class will fill.

We, the staff of the Jefferson County Parks and Recreation Commission (JCPRC), recognize our obligation to make our students and their parents fully aware of the inherent risks and hazards associated with sports & recreational activities that we offer. Students may suffer injuries, including, but not limited to minor injuries such as bruises and more serious injuries such as broken bones, dislocations, muscle pulls and stitches. There are many other risks of injury including catastrophic injuries such as permanent paralysis or even death from back, neck or head injuries which may arise due to participation in this activity. JCPRC insists that all students and their parents agree to abide by all of the safety rules and policies of JCPRC. JCPRC, its coaches, volunteers, instructors and staff members will not accept responsibility of injuries sustained by any participant while participating in our programs. I hereby consent to have my child participate in programs offered by the JCPRC. I have read the above information and am now fully aware of the hazards and risks associated and the distinct possibility of injuries that my child may suffer as a result of participation in the sport or activity. I realize it is not possible to specifically list each and every individual injury risk, and I voluntarily assume all the risks normally incident to the nature of the activities. It is hereby agreed that I, my executors, or other representatives waive and release all rights and claims for damages that I may have individually, or that my executors or other representatives may have on my behalf, or on behalf of my child, against JCPRC and/or Jefferson County Commission, their representatives, whether paid or volunteer, for any injuries or damages that my child sustain in connection with programs or other activities related to the JCPRC. I also understand that any injury incurred and the resulting medical expense from that injury will be my responsibility and JCPRC will not be responsible for payment of any related expenses. Furthermore, it is the responsibility of the parent/guardian to notify JCPRC staff of any medical conditions/special needs of a child prior to the start of class. JCPRC, instructors, and staff are not responsible for your child prior to or after class time. I acknowledge that I have read and fully understand the information on registration guidelines and the refund policy. I realize inherent risks could be involved in these programs. Therefore, I shall not hold the JCPRC, Jefferson County Commission or their employees liable for injuries that might occur during these supervised programs.
