

2008 Training Schedule

19-20 FEB 2008

Hawks Nest State Park

19 FEB 0800 -1600

20 FEB 0800 – 1400

14 Hours.

Instructor: Dave Bradley

EOC Management and Operations, G775

This 2 day course provides the applicants with knowledge and skills to effectively manage and operate an EOC during crisis operations. The course covers locating and designing an EOC, how to staff, train, and brief EOC personnel, and how to operate and EOC during various situations. It is modular so that it is flexible to meet various jurisdictions' needs.

Selection criteria: State and local individuals responsible for developing, staffing, managing, and operating an EOC. Other EOC staff are encouraged to attend.

Prerequisites: Successful completion of IS-275, *The Emergency Operations Center's (EOC) Role in the Community Preparedness, Response, and Recovery Operations*.

18 – 19 MAR 2008

Cacapon Resort

18 MAR 1200 – 1600

19 MAR 0800 – 1600

12 Hours.

Instructor: Dave Bradley

Incident Command System/Emergency Operations Center Interface, G191

This is a 1 ½ day course and provides an opportunity for participants to begin developing and ICS/EOC interface for their community. The course reviews ICS and EOC responsibilities and functions and depends heavily on exercises and group discussions to formulate the interface.

Selection criteria: Participants should be teams from community's ICS and EOC personnel.

Prerequisites: None.

22 – 23 APR 2008

Pipestem Resort

Instructor: Steve Strait

Deadline for reservations: 22 MAR 08

22 APR 1200 – 1600

23 APR 0800 - 1600

12 Hours.

Rapid Assessment Workshop, G250.7

Communities can use the Resource Guide and Facilitator's Guide when developing the plan and procedures for rapidly and efficiently collecting disaster intelligence immediately following a disaster. This intelligence is used to prioritize response activities, allocate available resources, and specifically request resources to save and sustain lives.

Selection criteria: Any community working to improve its disaster intelligence collection procedures.

20 – 21 MAY 2008

North Bend State Park

20 MAY 0800 – 1600

21 MAY 0800 – 1600

16 Hours.

Instructor: Bill Kershner

Recovery from Disaster, the Local Government Role, G270.4

This is a 2 day course and covers the roles and responsibilities of local recovery team members.

Selection criteria: Local government emergency managers, city and county administrators, community planners, building inspectors, and public works directors.

24 – 25 JUN 2008

Twin Falls Resort State Park

24 JUN 0800 – 1600

25 JUN 0800 – 1600

16 Hours.

Instructor: Bob Windle

Mitigation Planning Workshop for Local Governments, G318

This 2 day workshop discusses the Disaster Mitigation Act of 2000 which amends the Robert T. Stafford Disaster Relief and Emergency Assistance Act, by among other things, adding a new section, 322-Mitigation Planning. Section 322 requires local governments to prepare and adopt jurisdiction-wide hazard mitigation plans as a condition of receiving Hazard Mitigation Grant Program (HMGP) funds to “brick and mortar” mitigation projects. The Mitigation Planning Workshop for Local Governments assists representatives of local communities or multi-jurisdictional planning areas to develop a mitigation plan that meets community needs, as well as, the Section 322 local government planning requirements as described in 44 CFR Section 201.6. This workshop explains each of the requirements, demonstrates how FEMA's new *Mitigation Planning How-to- Guides* can be used to address each requirement, and provides opportunities to begin the planning process in group activities with representatives of the same community planning or area.

Selection criteria: The target audience for this Workshop includes the following representatives of the local government: elected officials, managers, planners, emergency program managers, and other staff with expertise needed for mitigation projects. The Workshop also is intended for community members interested in avoiding or minimizing hazard losses, who may wish to participate in the mitigation process.

22 – 23 JUL 2008

Chief Logan Lodge

22 JUL 1200 – 1600

23 JUL 0800 – 1600

12 Hours.

Instructor: Steve Strait

Donations Management Workshop, G288

This is a 12 hour workshop that addresses the planning considerations and operational requirements for an effective donations management system at the State and/or local level. Special emphasis is put on the importance of a collaborative partnership between State/local government and voluntary agencies as the key to success in donations management.

Selection criteria: Local government officials or State and local leaders of key voluntary organizations (i.e., those affiliated with the State VOAD), who have responsibility for planning, coordinating, implementing, and/or operating the donations management function at the State and local level.

Prerequisites:

Required: Participants must have some responsibility to oversee, coordinate, and/or assist with the State and local donations function during large-scale disasters.

Recommended: IS-288, *The Role of the Voluntary Agencies in Emergency Management*.

19 – 21 AUG 2008

Tygart Lake State Park

19 AUG 1200 – 1600

20 AUG 0800 – 1600

21 AUG 0800 – 1600

20 Hours.

Instructor: Bob Windle

Flood Fight Operations, G361

This is a 2 ½ day course for emergency managers, public works officials, levee district representatives, and others responsible for planning, preparing, and managing a response to a flood. Using a combination of lectures, discussions, activities, and exercises, the course will take participants through the complete process from well before the flood to clean-up afterwards. Officials from every community at risk of flooding should take this training.

Selection criteria: Federal, State, tribal, and local officials responsible for planning, preparing, and managing response to floods.

SEP 2008
SERC Conference.
