JEFFERSON COUNTY, WEST VIRGINIA
RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION (Unaudited)
June 30, 2021

Total fund balances on the governmental fund's balance sheet	\$ 33,988,570
--	---------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and are therefore not reported in the funds. (Note III - D)	17,345,466
--	------------

Certain revenues are not available to fund current year expenditures and therefore are deferred in the funds. (Note III - B)	556,719
---	---------

Deferred (inflows) and outflows related to pension activity are not required to be reported in the funds but are required to be reported at the government-wide level (Note V):

Deferred outflow (inflow)- Changes in employer portion and differences between contributions and proportionate share of pension expense	\$ (87,382)
---	--------------

Deferred outflow - Employer contributions to pension plan after measurement date	1,052,910
--	-----------

Deferred outflow (inflow) - Net differences between projected and actual investment earnings	1,001,350
--	-----------

Deferred outflow (inflow) - Differences between expected and actual experience	529,287
--	---------

Deferred outflow (inflow) - Differences in assumptions	<u>(166,905)</u>	2,329,260
--	-------------------	-----------

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. This is Increase/Decrease in Compensated Absences and OPEB Liability (Note IV - E), and Net Pension Liability (Note V)	<u>(6,530,344)</u>
---	---------------------

Net position of governmental activities	<u>\$ 47,689,671</u>

JEFFERSON COUNTY, WEST VIRGINIA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO
THE STATEMENT OF ACTIVITIES (Unaudited)
For the Fiscal Year Ended June 30, 2021

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds		\$	12,809,268
Capital outlays are reported as an expenditure in the governmental funds but are considered an asset at the government-wide level. This is the amount of capital assets that were purchased during the fiscal year. (Note III-D)			662,801
Capital outlays are reported as an expenditure in the governmental funds. In the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount of depreciation expense charged during the year. (Note III-D)			(1,262,571)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. This is the difference between prior and current year deferred revenues. (Notes III-B)			
Prior year deferred revenues:	\$	535,701	
Current year deferred revenues:		<u>556,719</u>	21,018
Governmental Funds report pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as pension expense and are recognized on the accrual basis of accounting in accordance with GASB 68.			
Amount of pension expenditures at fund modified accrual level	\$	1,052,910	
Amount of pension expenses recognized at government-wide level		<u>(894,260)</u>	158,650
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. Decrease in Compensated Absences and OPEB.			<u>(61,995)</u>
Change in net position of governmental activities		\$	<u><u>12,300,097</u></u>

The notes to the financial statements are an integral part of this statement.

**Jefferson County, West Virginia
Job Description**

Position Title:	Planning Clerk (Planning)	Grade Level:	III
Department	Engineering, Planning & Zoning Planning Office	Date:	July 1, 2016
Reports to:	County Planner	FLSA Status	Non-Exempt

Statement of Duties: The employee performs administrative, research and data collection, and clerical services in support of the operation of the Planning Department. Employee is required to perform all similar or related duties.

Supervision Required: Under general supervision of the County Planner, the employee is familiar with the work routine and uses initiative in carrying out recurring assignments independently with specific instruction. The County Planner provides instruction for new or unusual assignments. Unusual situations are referred to the County Planner for advice and further instructions. Supervisor reviews work to remain aware of progress, work methods, and technical accuracy. In many cases, the work is self-checking, for example, requiring accounts to balance before proceeding.

Supervisory Responsibility: Employee, as a regular continuing part of the job, does not regularly supervise other employees.

Confidentiality: Employee has access to some confidential information obtained during performance of essential functions, where the effect of any disclosure would probably be negligible or where the full significance of the overall confidential matter would not be apparent in the work performed.

Accountability: Consequences of errors, missed deadlines or poor judgment may include time loss, adverse public relations, monetary loss, labor/material loss, jeopardize programs and legal repercussions.

Judgment: Numerous standardized practices, procedures, or general instructions govern the work and in some cases, may require additional interpretation. Judgment is needed to locate, select, and apply the most pertinent practice, procedure, regulation or guideline.

Complexity: The work consists of a variety of duties which generally follow standardized practices, procedures, regulations or guidelines. The sequence of work and/or the procedures followed vary according to the nature of the transaction and/or the information involved, or sought, in a particular situation.

Work Environment: The work environment involves everyday discomforts typical of indoor environments such as office settings, with infrequent exposure to outside elements. Noise or physical surroundings may be distracting, but conditions are generally not unpleasant. Employee may be required to work beyond normal business hours to attend evening meetings.

Nature and Purpose of Personal Contact: Relationships are primarily with co-workers and the public involving frequent explanation, discussion or interpretation of practices, procedures, regulations or guidelines in order to render service, plan or coordinate work efforts, or resolve operating problems. Other regular contacts are with service recipients and employees of outside organizations such as vendors, banks and/or developers/ contractors. More than ordinary courtesy, tact, and diplomacy may be required to resolve complaints or deal with uncooperative or

Job Description

uninformed persons. Employee may furnish news media with routine information such as meeting agendas, press releases or departmental procedures.

Occupational Risk: Duties of the job present little potential for injury. Risk exposure is similar to that found in typical office settings.

Essential Functions:

The essential functions or duties listed below are intended only as illustrations of the various type of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related, or a logical assignment to the position.

1. Assist with administrative functions related to Subdivision Regulations and Zoning Ordinance, including research, data gathering, Powerpoint presentations, and the organization, copying, and distribution of draft documents.
2. Conduct data collection, assessment, and analysis functions for other planning related projects and functions for the County Planner.
3. Prepare Planning Commission Minutes and letters as required; and perform other duties assigned by the County Planner, Director, and/or collective Members of the Planning Commission.
4. Provide Clerical support to the Planning Commission in the capacity of Recording Secretary, with duties to include but not limited to: preparing agenda, organizing and mailing packets for review, attending meetings, preparing Conference Room for meeting, maintain audio/video recordings of meetings, take notes and transcribe minutes of meetings, process all documents and files pertaining to said Commission.
5. Prepare Legal Advertisements for each Planning Commission project file in accordance with ordinance or policy standards; prepare and post Notice of Hearings to be forwarded to Governmental Agencies and Staff Review Board.
6. Provide assistance to the “front desk” personnel regarding questions concerning the zoning and subdivision regulations.
7. Collect required fees and write receipts in absence of the front desk clerk. Accurately record receipts.
7. Assist with telephone coverage and public inquiries, and serve as backup during front desk staff absences, as needed.
8. Complete professional development training to improve skills.
9. Willingness to take on additional duties as needed in support of Departmental and County goals and objectives.

**Jefferson County, West Virginia
Job Description**

Recommended Minimum Qualifications:

Education and Experience: High School degree with one to three (1-3) years related work experience; or any equivalent combination of education, training and experience which provides the required knowledge, skills and abilities to perform the essential functions of the job.

Special Requirements: Driver's license and Notary Public may be required.

Knowledge, Abilities and Skill

Knowledge: Common policies, practices and procedures of the department and office operations; laws and regulations pertinent to position functions. Working knowledge of the Internet in support of department operations, and Microsoft Office Suite.

Abilities: Use good judgment and decision making abilities, prioritize tasks and work independently with minimum supervision, and follow established office policies. Ability to communicate professionally with people of diverse backgrounds and levels of education is required.

Skills: Good typing, written and verbal communication, record keeping, and time management skills are required. Effective customer service skills.

Physical and Mental Requirements

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the position's essential functions.

Physical Demands: Little or no physical demands are required to perform the work. Work effort principally involves sitting to perform work tasks, with intermittent periods of stooping, walking, and standing. There may also be some occasional lifting of objects such as books, office equipment and computer paper (up to 30lbs).

Motor Skills: Duties are largely mental rather than physical, but the job may occasionally require minimal motor skills for activities such as moving objects, operating a telephone system, computer and/or most other office equipment, typing and/or word processing, filing, and sorting.

Visual Demands: Visual demands require the employee to constantly read documents for general understanding and for analytical purposes.

Dear Commissioners,

I am writing to appeal my property taxes on 414 Ashley Dr. Shepherdstown, WV 25443. I was in the the Assessor's Office twice, March 1, 2020 and August, 28, 2020. Neither time was a success. First I tried to get Homestead Exemption. I have had my drivers licenses in West Virginia since 1972 except for two years, 2018 and 2019. Due to moving to Maryland to take care of my Mother who was critical ill before her passing. Then I moved back to West Virginia. I thought at first my age was all I needed for Homestead Exemption. But NO, I was told. Then I thought I would be under the two year exemption, NO I was told.

On September 28, 2020 I sent in my Permanent Disability paperwork along with my pain management doctors latest report. Of course I received NOTHING. The only thing I have received is the letter enclosed stating my Notice of Increase in Assessment, (Property Assessor's was at my house at least two or three times plus once after I moved in.) So I am SURPRISED to be getting this increase within a year of moving in. Plus the letter reads; Quote " that potential tax change is not known until levying bodies set their tax rates" and I checked with my neighbors and not one of them got this letter I received. Also please explain to me how they can come up with an appraised value of \$156,800 when I only paid \$195,000. for my home. 60% of that is \$78,000 appraised value!

The last time I went thru this and I faced you all, your exact words were Quote "You pay taxes on the amount you pay for your house." Attached is what I paid for my home.

Thank you for your help.

Dear Ms. Edwards,

The County Commission will be having the Board of Appeals on October 21, 2021 during their regular scheduled evening meeting. They will be offering virtual or in person appointments. A letter from you was received last February in regards to appealing your taxes. If you have changed your mind or just want to talk to a tax appraiser, you can call 304-728-3224 and ask to speak to June Bowers, Appraisal Coordinator.

As far as whether you are eligible to receive the homestead exemption, you can call 304-728-3224 and ask for Angela Banks.

We do not have your phone number or email. If you want to do a virtual meeting you will need to supply the County Commission with your email address. Their phone number is 304-728-3284.

Greetings County Commissioners,

For the first time in nearly five years, the WVU Extension Service in Jefferson County is fully staffed and our programming has grown. With our new staffing additions and new programming efforts our need for additional space has also grown. We are aware that former Red Cross Office space is not being used. We would like to request this space for the following purpose and reasons:

- Currently our Program Assistant is utilizing our Family and Community Development (FCD) Agent's office in our existing office space. Our FCD Agent is working from home due to health issues. This expansion of our office space would provide our Family and Community Development Agent a separate location that would give her a safe space that allows social distancing and access to a private restroom for when she can return to working out of our office.
- Additional office space to allow our Nutrition Outreach Instructure (NOI) to work out of the Jefferson County Office. This position is split between Berkeley and Jefferson Counties. The NOI currently does not work out of Jefferson County due to lack of office space.
- Additional office space to provide internship opportunities to undergraduate and graduate college students, including those in social work and agriculture and extension education programs.
- Larger storage space for various programing supplies for all three program areas – 4-H, agriculture, and FCD. We have expanded our programming efforts, which require additional supplies and equipment. Energy Express supplies are largely donated by community members, meaning we often must store them for months at a time, or from year to year. FCD and agriculture programs, such as the Healthy Grandfamilies, cooking, and crop production research related programs, have larger boxes and equipment needing storage. In exchange, we could relocate our current 4-H program storage closet next to the kitchen into this office space, and free up that space for another tenant within the building.
- Storage for volunteer files and project books. WVU policy maintains we store certain documents for 7 years. A filing room would allow room to house all these materials with ease. We keep a few 4-H project books of each project book that the 500 4-H members can select from, so youth can have access to projects book most of the year or replace books that are lost or damaged. The University has released new project books, which requires us expand our current selection.
- Small meeting space or workspace for large projects (putting STEM kits together, large mailings, seed packaging, etc.). We often have Extension Events and/or meetings running concurrently, requiring us to relocate our clientele to other parts of the building, or another building entirely.

This additional space will allow us to grow with comfort and have adequate space to be successful.

Images of the office space are on the following pages. Not pictured are two small closets and the restroom.

- The entrance to the space from the hallway. This space has an adjoining door to our large conference room on the right of this photo.

The larger of the two main offices. This could be utilized as a small conference room/workspace.

The second main office space, for our FCD agent.

A third office for interns or NOI.

The larger storage room.

Another storage room with office space.

Subject (*Wording to be placed on agenda*): Response Plan Programming

- Transfer part-time employee Christopher Cross from E-911 to Information Technology Department
- Approve Contract and hiring for positions for CAD Response Plan Data Entry and CAD Response Plan Data Administration within the Information Technology Department
- Determine if EMS will be included in the Response Plan Method of Dispatch

Please provide the County Commission with a description of your request or presentation, including any background information:

At the request of the JCFRA, the E-911 center has been attempting to program in Response Plan, but to date, the vendors that have been recommended from our CAD provider have indicated that they are unable to program in the response with the level of specificity requested by JCFRA. JCFRA has requested that we program a static response (Response Plan) that mimics the detail with which Quickest Route module dispatches. Quickest Route is the current module used by the emergency communications center, which sends the closest available unit. Response Plan is a static response formed using the seven departments' first due areas and their preferred apparatus for each nature code. This represents a departure from fluid, real-time response of our neighboring counties including Loudoun, which send the closest available unit. It also represents a departure from the national trend of using GPS data to ensure that fastest quickest response by dispatching the closest unit. Response cannot adjust to real time events such as road closures or units that are out of service for maintenance and repair, or units that may be responding to a concurrent incident.

In order to accomplish this project, the County Administrator inquired whether our Information Technology Department could assist. After exploring the nuances of the system, the Information Technology Department has indicated that it believes it can program Response Plan with the assistance of contracted employees to enter the data into the system for initial implementation. This process will be overseen by Christopher Cross, who is currently a part time employee in E-911 and began programming the response as a full time employee for Jefferson County. Once the initial implementation has taken place and in service, programming and data entry will need to continue for maintenance and support of the system. This may best be served by converting contracted employees into part time, permanent positions within the Emergency Communications Department or hiring a CAD Administrator to maintain training and integrity of the system.

To obtain implementation it is suggested that the following contracted positions are implemented;

- CAD Response Plan Data Entry Specialist at \$16.50 per hour. (Two or more positions if needed personnel can be found).
- CAD Response Plan Data Administration Specialist at \$21.50 per hour. (One position for quality control/administration).

This request also seeks to clarify the Commission's directive concerning EMS dispatching. Because the Commission provides \$4.1 million to the provision of EMS services in the County, it can determine to remove EMS from the Response Plan module, which again does not send the quickest unit. Additionally, any directive from the Fire Commission only controls the dispatch of fire as the Fire - Commission does not have jurisdiction over the provision of EMS Services. Moreover, the staff at the Jefferson County ESA, has expressed support for using the Quickest Route module to dispatch EMS calls. Finally, pursuant to the provisions of W.Va. Code 7-15-1 *et seq.*, it is the County Commission who is responsible for the provision of EMS, and as such, has the authority to determine the method of dispatch.

Is this a funding request? Y/N NO

If so, how much? \$

Provide exact financial impact/request: Funding would be transferred from the Emergency Communications Department budget to the Information Technology Department to fund this project.

Recommended motion (*Please type out the wording of the motion that you would like the Commission to approve*):

- Motion to approve the transfer of funding from the Emergency Communications Department to the Information Technology Department to fund this project.
- Motion to approve the transfer of part-time employee Christopher Cross from E-911 to the Information Technology Department
- Motion to approve the contract and hiring of contracted positions of CAD Response Plan Data Entry Specialist(s) at \$16.50 per hour

County Commission
of Jefferson County, WV

The Statewide Transportation Improvement Program (STIP) is a financially constrained document that is required to show planned Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) expenditures for federal fiscal years 2020-2025. One of the requirements of funding any project with federal transportation funds is that each proposed regionally significant project or major change to program group size undergoes a public review and comment period. Therefore, additions or deletions to the STIP and certain changes to current projects or groupable programs in the STIP must meet this requirement before federal funds can be obligated. As such, the West Virginia Department of Transportation (WVDOT) is requesting your assistance in making available the listing of proposed amendments to the approved 2020-2025 STIP. The project listing and program funding snapshots can be found by viewing Amendment 6 – Highways and Amendment 6 - FTA at the link below:

TO WHOM IT MAY CONCERN,

I received the following email (attached below) today from the Mountain Lake Club, a club in which I joined upon moving to Shannondale in 2019. Last year the lake was sold and new owners have been attempting to revitalize the lake and rundown properties. It seems the county is doing everything in its power to hinder and block the owners from these improvements. The renovation of the lake house portion of the property is probably key to successful operations of this business. The last 6 months has shown that the county inspectors either do not care about local businesses being successful OR are so completely over worked that they can't properly do their job.
I am now paying for services I can't use because the county permit process seems to be broken.

As a citizen that respects transparency in local politics, I am officially asking for an INQUIRY into the matter and an explanation to the taxpayers.

Sincerely,
Mr Jean Vezzosi

Dear Members,

Regretfully, rather than receiving our permit to complete the interior renovation of the Mountain Lake Club, the Jefferson County Office of Permits & Inspections once again sent a Plan Review Letter. The plan review letter is the method used by our inspector, Mike Monaghan, to ask questions or seek additional information concerning our plans and application for permit. Today, 13 October, we are seven days short of five months working with the Office of Permits & Inspections just to get a permit to continue this relatively minor renovation and cosmetic upgrade. Based on our previous experience, the letter we received today will take 10 to 14 days to resolve. Even with a West Virginia licensed General Contractor and Architect, who both practice their profession in Jefferson County and the surrounding area, we are unable to receive the necessary building permit.

Based on the letter received today there is no option but to temporarily close the Mountain Lake Club following the Halloween event on 31 October. An optimistic but doubtful goal is to reopen around 7 December. We are sincerely sorry to share this news with you.

As a business owner, the financial damage caused by this delay is almost catastrophic. As a citizen of Jefferson County, I am furious. This is not good government!

Sincerely,
Jeff
