2017 Preventive Schedule

PLAN YOUR CARE: KNOW WHAT YOU NEED AND WHEN TO GET IT

Preventive or routine care helps us stay well or finds problems early, when they are easier to treat. The preventive guidelines on this schedule depend on your age, gender, health and family history. As a part of your health plan, you may be eligible to receive some of these preventive benefits with little to no cost sharing when using in-network providers. Make sure you know what is covered by your health plan and any requirements before you receive any of these services.

Some services and their frequency may depend on your doctor's advice. That's why it's important to talk with your doctor about the services that are right for you.

	•	
Adu	Ilts: Ages 19+ 👖 Male	Female
Gener	al Health Care	
1	Routine Checkup* (This exam is not the work- or school-related physical)	 Ages 19 to 49: Every 1 to 2 years Ages 50 and older: Once a year
Ť	Pelvic, Breast Exam	Once a year
Screer	nings/Procedures

Adults With BMI 25 to 29.9 (Overweight) and 30 to 39.9 (Obese) Are Eligible For:	 Additional annual preventive office visits specifically for obesity and blood pressure measurement Additional nutritional counseling visits specifically for obesity 	 Recommended lab tests: ALT AST Hemoglobin A1c or fasting glucose Cholesterol screening 					
* Meningococcal B vaccine per doctor's advice.							

2017 Preventive Schedule

PLAN YOUR CHILD'S CARE: KNOW WHAT YOUR CHILD NEEDS AND WHEN TO GET IT

Preventive or routine care helps your child stay well or finds problems early, when they are easier to treat. Most of these services may not have cost sharing if you use the plan's in-network providers. Make sure you know what is covered by your health plan and any requirements before you schedule any services for your child.

It's important to talk with your child's doctor. The frequency of services, and schedule of screenings and immunizations depends on what the doctor thinks is right for your child.

* FDA-approved contraceptive methods may include sterilization and procedures as prescribed. One form of contraception in each of the 18 FDA-approved methods is covered without cost sharing. If the doctor recommends a clinical service or FDA-approved item based on medical necessity, there will be no cost sharing.

Information About the Affordable Care Act (ACA)

This schedule is a reference tool for planning your family's preventive care, and lists items and services required under the Affordable Care Act (ACA), as amended. It is reviewed and updated periodically based on the advice of the U.S. Preventive Services Task Force, laws and regulations, and updates to clinical guidelines established by national medical organizations. Accordingly, the content of this schedule is subject to change. Your specific needs for preventive services may vary according to your personal risk factors. Your doctor is always your best resource for determining if you're at increased risk for a condition. Some services may require prior authorization. If you have questions about this schedule, prior authorizations or your benefit coverage, please call the Member Service number on the back of your member ID card.

¹Information About Children's Health Insurance Program (CHIP)

Because the Children's Health Insurance Program (CHIP) is a government-sponsored program and not subject to ACA, certain preventive benefits may not apply to CHIP members and/or may be subject to copayments.

The ACA authorizes coverage for certain additional preventive care services. These services do not apply to "grand-fathered" plans. These plans were established before March 23, 2010, and have not changed their benefit structure. If your health coverage is a grandfathered plan, you would have received notice of this in your benefit materials.

Discrimination is Against the Law

The Plan complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. The Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. The Plan:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact the Civil Rights Coordinator.

If you believe that the Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with: Civil Rights Coordinator, P.O. Box 22492, Pittsburgh, PA 15222, Phone: 1-866-286-8295, TTY: 711, Fax: 412-544-2475, email: CivilRightsCoordinator@highmarkhealth.org. You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, the Civil Rights Coordinator is available to help you. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and Human Services 200 Independence Avenue, SW Room 509F, HHH Building Washington, D.C. 20201 1-800-368-1019, 800-537-7697 (TDD)

Complaint forms are available at http://www.hhs.gov/ocr/office/file/index.html.

ATTENTION: If you speak English, language assistance services, free of charge, are available to you. Call the number on the back of your ID card (TTY: 711).
