CIT

COUNSELOR IN TRAINING

*Get ready for summer!
Our CIT program will return this year!
If your teen is interested, please connect with
David Kling: dkling@jcprc.org*

The Jefferson County Parks & Recreation Commission will be offering a Counselor-In-Training (CIT) program for teens, ages 13-17, who are seeking leadership and work experience through a summer camp work setting. Qualified and selected teens will go through an interview process as if they were applying for a camp counselor position.

Selected candidates will be selected for 1-3 weeks of camp to work in a camp setting of their choosing (day camps, sports camps, art camps, special interest camps, etc.)

This summer, JCPRC will be selecting up to 10 qualified candidates into this program. At the end of each week of camp your child works, they will be evaluated on how they did.

The goal of this program is to prepare children for potential work experiences and the possibility of becoming a paid junior counselor. This is also an excellent way to get volunteer hours.

Applications are being accepted until Friday, April 12.

Candidates may choose up to 3 weeks of camps.

There will be a registration cost of \$75 associated with this program.

Jefferson County Parks and Recreation is proud to have a Scholarship program in place to make recreation available to more of our residents in Jefferson County.

JCPRC recognizes that there are residents of Jefferson County who require financial assistance in order to participate in certain activities through parks and recreation. It is important to continue to ensure that the most vulnerable and stressed individuals do not lose access to the important social and physical benefits realized through leisure activities.

This assistance are available while still being mindful of revenues needed to provide high quality programs at an affordable cost to all. Scholarships are awarded to Jefferson County residents only. Scholarships are subsidized by various avenues, including program fees and an allocation from the Jefferson County Commission.

Donations subsidize a small percentage of the scholarships awarded annually. Donations to the scholarship fund are received by way of the parks and recreation registration form where other registrants pledge a contribution amount.

Scholarships are granted based on financial need. Applicants complete the standard activity registration form and a 1 page form providing household information including: family size, employment information of all adults in the household, status of federal free or reduced lunch program, total household income, the amount they are able to pay towards the program, and explanation of extenuating circumstances.

An individual scholarship is limited to 50% of the class fee.

For more information about our Scholarship Program, please contact Brenda Whittington at bwhittington@jcprc.org or call 304-728-3207.
