

AGENDA
Jefferson County Planning Commission
Tuesday, March 8, 2016, 7:00 PM

Planning Commission meetings are held in the Old Charles Town Library Meeting Room located at 200 East Washington Street, at the side entrance on Samuel Street in the City of Charles Town.

All Citizens that desire to speak must sign-in prior to the Agenda Item being addressed.

1. Approval of the minutes from the following Planning Commission Meetings:
 - February 23, 2016
2. Citizen Communications: If you wish to comment, please sign-in to speak for issues that are not on the agenda or items that are not open for public comment. Items not open for public comment will be so noted.
3. Request for postponement.

There is no public comment for the remaining items.

4. Planning Commission Work Session: Discussion on Envision Jefferson 2035 Comprehensive Plan recommendations regarding modifications to the LESA/Conditional Use Permit provisions of the Jefferson County Land Development and Zoning Ordinance as well as modifications to the Cluster Subdivision provisions of the Rural Zoning District.
5. Review and Discussion of Roundtable Summary held February 10, 2016.
6. Reports from Legal Counsel and legal advice to the Planning Commission.
 - a) Active Litigation:
 - Far Away Farms: Report on legal action in Jefferson County Circuit Court, Case # 11-C-325 Possible Executive Session.
 - Shiloh Citizens Association: Report on legal action in Supreme Court, Docket #15-1031 Possible Executive Session.
7. Director's Report.
8. President's Report.
9. Actionable Correspondence.
10. Non-Actionable Correspondence.

All files are made available for public review Monday through Friday, 9:00 AM to 5:00 PM (excluding Holidays). The Planning Commission welcomes written comments at any time. Submitting a document no later than the Thursday before a scheduled meeting will provide the Commission an advanced opportunity to review your comments prior to the meeting. Please note that documentation and exhibits submitted at a Planning Commission meeting are retained as part of the official record. Feel free to submit your comments to office of the Departments of Planning and Zoning.

Any party desiring a transcript of these proceedings will be responsible for providing a competent stenographer at their own expense. Minutes, video and/or audio recordings of past meetings, the Jefferson County Subdivision Regulations, Zoning Ordinance and Comprehensive Plan, as well as any working

proposed amendments are located on the Departments page within the County's website at www.jeffersoncountywv.org. Minutes and audio recordings of older meetings that are not on the County's website are available for review in the office.

Jefferson County Planning Commission
February 23, 2016

The Jefferson County Planning Commission met on February 23, 2016 with the following Commission members present: Mike Chapman, President; Wade Louthan, Vice President; Donnie Fisher, Secretary; Gary Phalen, Eric Bell, Gene Taylor, Dick Childs, and Peter Fricke. Staff members present included Jennie Brockman, Director of Planning and Zoning; Lydia Lehman, Assistant Prosecuting Attorney; and Rhonda Greenholtz, Planning Clerk

Mr. Steve Stolipher was absent with prior notification.

Mr. Mike Chapman called the meeting to order at 7:00 PM.

1. Approval of the Minutes from the following Planning Commission Meeting
 - February 9, 2016

The minutes were approved with the correction that Mr. Eric Bell was not present at this meeting with prior notification.

2. Citizen Communications. None
3. Request for postponement. None.
4. **Final Plat Public Hearing:** Daniels Forest Subdivision, (File #PC16-01). The project consists of dividing the 101+ acre parcel into two (2) lots. The property is located on both the west and east side of Route 17 (Flowing Springs Road) at its intersection with Route 22 (Job Corp Road). The property is designated as Tax District: Charles Town (02); Tax Map: 03 Parcel: 09.2; Zoned: Rural (R); Owner/Developer Daniels Forest, LLP

Ms. Jennifer Brockman provided an overview of the project. This project was originally processed using the 1979 Subdivision Regulations and is vested through Senate Bill 595 in 2010. Vesting has been continued for this project by the County Commission due to the lack of water and sewer availability. The applicant is proposing to split the parcel into two lots that can still be developed in conformance with the Conditional Use Permit (CUP). These lots are not for development as “two separate lots”. Future development will be allowed on these lots.

Mr. Jason Gehart with Gordon, representative for the applicant spoke. He stated the purpose of splitting the property into two lots is for financial purposes. One lot will be held for collateral for development of the other lot. Notes have been added to the plan that prohibits any development or issuance of building permits on either of these lots until all other permits are updated which is enforceable by the Planning Commission. This will allow this development to move forward as previously approved.

Ms. Jennifer Brockman stated that by recording this Final Plat, the project will be removed from the Senate Bill 595 vesting. The project will then fall back under the 1979 Subdivision Regulations which requires at least one lot to be recorded within a 24 month period. If this cannot be completed then the applicant must appear before the Planning Commission to request a waiver from this provision. The recordation of the Final Plat vests the CUP approval so that it does not expire.

Mr. Mike Chapman opened the floor to Public Comment.

No Public comment was made.

Mr. Mike Chapman closed the floor to Public Comment.

Mr. Dickie Childs made a motion to approve the Final Plat contingent upon securing bonding and recording the Final Plat within 90 days.

Mr. Gene Taylor seconded the motion. A vote was taken which carried unanimously.

5. Reports from Legal Counsel and legal advice to the Planning Commission.

Active Litigation

- Far Away Farms: Report on legal action in Jefferson County Circuit Court Case # 11-C-325 Possible Executive Session.
- Shiloh Citizens Association: Report on legal action on Supreme Court Docket #15-1031 Possible Executive Session.

Ms. Lydia Lehman stated there were no new updates on these cases.

6. Directors Report.

- A Stakeholders' Roundtable Discussion was held on February 10, 2016 at 3:00 PM in the Old Charles Town Library Meeting room. A summary of the meeting will be discussed at the March 8, 2016 Planning Commission meeting.
- Ms. Brockman provided an update on the status of the various proposed text amendments.

7. Planning Commission Exchange and Liaison Reports. None.

8. President's Report. None.

9. Actionable Correspondence. None.

10. Non-Actionable Correspondence. None.

Mr. Mike Chapman motioned to adjourn the meeting.

The meeting was adjourned at 7:25 PM.

RE: LESA CUP and Rural Zoning Cluster Zoning Ordinance Text Amendments
(PC File #ZTA16-01) Background and Direction

Introduction

The proposed amendments to the Jefferson County Zoning and Land Development Ordinance currently under consideration and review by the Planning Commission include the following components:

- Eliminating the Land Evaluation and Site Assessment (LESA) point system/Conditional Use Permit (CUP) development process;
- Developing a traditional CUP process for nonresidential uses in the Rural zone; and
- Modifying the rural cluster provisions

To accomplish these amendments requires a fairly complex analysis of the Ordinance and consideration of the implication of these changes. As these recommendations are based on the goals and vision of the Envision Jefferson 2035 Comprehensive Plan, excerpts from the Plan are attached to this memo for the Commission's information and review. It may also be appropriate to consider other minor modifications to the Rural zoning category during this amendment process which would support the recommendations of the Comprehensive Plan.

Background

In 1988, when the first Zoning Ordinance was adopted in Jefferson County, it included a limited number of zoning categories and the Land Evaluation and Site Assessment (LESA) point system, which permitted high density development in rural areas if urban level amenities were located within a certain distance. The LESA system is a part of the Conditional Use Permit (CUP) process and over the 25+ years that it has been in effect, it has been used primarily for large rural residential/suburban development throughout the County, many of which have resulted in lawsuits impacting the rate and type of development that has occurred. As a result, the LESA/CUP has come under scrutiny for permitting random residential developments in rural areas of the County that are not contiguous to existing developments and supporting services. The original purpose of LESA was to encourage a development pattern which includes contiguous urban development; however, the state and local laws related to

transportation and infrastructure make implementation of LESA difficult. Therefore, the Envision Jefferson 2035 Comprehensive Plan contains specific recommendations to amend the Zoning Ordinance to eliminate the LESA system and modify the CUP process for future non-residential developments that are compatible with the rural environment and neighborhood. The Plan also recommends that the rural cluster provisions of the Zoning Ordinance should be the preferred method of residential development in the Rural zoning district and that these provisions should be reviewed and amended to consider a higher density for rural/agricultural lots. This helps balance the loss of development rights through the LESA/CUP process. In essence, these changes will convert the Zoning Ordinance from a nontraditional ordinance to a traditional zoning ordinance.

Development Options under Current Ordinance

It is important for the Commission to understand how development processes under the existing regulations so that the proposed amendments can occur in a manner that meets the intent of the Comprehensive Plan:

- Currently, each zoning district includes a list of Principal Permitted Uses which are by-right permitted uses in that zoning district.
- Additionally, Section 4.4 of the Zoning Ordinance includes a list of Prohibited Uses for which no exception can be made.
- Any use that is not a “permitted” use or a “prohibited” use is considered “not permitted”.

Article 6, Development Review System (DRS), of the Zoning Ordinance then provides that all commercial uses and those uses which are “not permitted” in zoning districts shall follow the procedures set forth in Article 7, Procedural Requirements for Reviews, and other sections that reference requirements to obtain a CUP. The theory behind the DRS (LESA/CUP) is to assess a particular site’s development potential based on criteria which determine the agricultural longevity of the parcel in combination with the presence of and compatibility with public services adjacent to and in close proximity to the site. The DRS is a numerical rating system designed to function within the framework of the traditional zoning districts in the ordinance. This system is also commonly referred to as the LESA/CUP system.

All references to LESA and DRS have been deleted from the proposed amended Ordinance and any requirement for a Compatibility Assessment Meeting has been changed to a Public Hearing before the BZA. *Both Articles 6 and 7 are proposed to be deleted in this amendment process.*

Development without LESA

The elimination of the LESA/CUP system does not mean that there will no longer be a CUP process. WV Code Section 8A-7-2, “Contents of zoning ordinance” states that “(c) A zoning ordinance shall: . . . 5) Adopt procedures and requirements for conditional use permits.” Further, WV Code Section 8A-8-9, “Powers and duties of board of zoning appeals” also states that the BZA shall “(3) Hear and decide conditional uses of the zoning ordinance upon which the board is required to act under the zoning ordinance”. The state code defines "Conditional use" as “a use which because of special requirements or characteristics may be permitted in a particular zoning district only after review by the board of zoning appeals and upon issuance of a conditional use permit, and subject to the limitations and conditions specified in the zoning ordinance.”

It is therefore important that this amendment process include a list of potential conditional uses and the procedure for processing CUPs and the criteria that the BZA is required to utilize to review and approve such conditional uses. The proposed CUPs are included in Appendix C of the draft amended Zoning Ordinance and the BZA process and criteria are found in Section 3.4A.5 of the draft amended Ordinance. These both require careful PC review. Note that the use of “PC” in the table was changed to “CU” to stand for Conditional Use.

Cluster Development in the Rural Zone

The Zoning Ordinance states that the purpose of the Rural zoning district is “to provide a location for low density single family residential development in conjunction with providing continued farming activities. . . . A primary function of the low density residential development permitted within this section is to preserve the rural character of the County and the agricultural community.” It further explains that the rural district is generally not intended to be served with public water or sewer facilities, unless larger developments are approved through the Development Review System (LESA/CUP).

Section 5.7 of the Zoning Ordinance states that all lots subdivided in the Rural District are subject to Section 5.7D, “Maximum Number of Lots Allowed”. This section states that all parcels of land that were on record as of October 5, 1988 are entitled to subdivide for single family detached residences according to the following provisions:

- By-right: one (1) lot for every fifteen (15) acres with a minimum lot size of three (3) acres;
- Clustering: one (1) lot may be subdivided for every ten (10) acres with a minimum lot size of 40,000 square feet (well and septic) and a maximum lot size of 3 acres with a portion of the property dedicated to the conservation of the farmland not being developed;
- May create two (2) lots and a residue (3 total lots) during any five year period [note: the language in this section has been subject to appeal before the BZA and should be modified to reflect the actual intent at this time].
- Parent to child divisions restricted to one per family member that qualifies under this provision [the Comp Plan recommends expanding who qualifies for this division]; these divisions do not impact the permitted densities above [staff recommends separating this as a subsection].

The LESA/CUP process in the original/current Zoning Ordinance provided the opportunity for rural zoned properties to utilize their property for residential development upon approval through this process. The Envision Jefferson 2035 Comprehensive Plan recognized that if the LESA/CUP process were eliminated, it is necessary to provide the agricultural community an option for additional development to minimize any effect this amendment will have. The Plan recommends that the cluster provision of the Zoning Ordinance be the preferred method of residential development in the Rural zoning district and further, that the cluster provisions be reviewed and amended to consider a higher density for rural/agricultural lots utilizing the cluster provision. It is critical that the two amendments (eliminating LESA/CUP and expanding the cluster provisions) occur simultaneously so both components of the Plan recommendations are realized.

There is an additional recommendation in the Comp Plan that all cluster developments be permitted to process as a minor subdivision; however, because cluster developments will always involve the construction of a road and possibly the construction of water and sewer facilities, this would not be supported by state law. It should be noted that recent Subdivision Regulation text amendments eliminated the Final Plat Public Hearing which should improve that review process. Additionally, this proposed amendment includes a provision allowing the application to combine the required Cluster Concept Plan with the required Concept Plan in the Subdivision Regulations into one application, again saving review and processing time.

The proposed amendment to Section 5.7D in the draft amended ordinance contain these changes and require PC review and consideration.

Other Rural Changes

As the focus of these amendments is activities in the rural zone, staff recommends using this opportunity to make some additional modifications to the Zoning Ordinance. It may be appropriate to hold a separate public hearing on these items so they are not confused with the efforts to address the recommendations to the LESA/CUP and Cluster provisions. These proposed amendments include:

- In Article 2 “Definitions”:
 - Define Agricultural Tourism, which is permitted in the Rural Zone
 - Add definition of “Community” as it relates to review of Conditional Uses by the BZA
 - Clarify the difference between Farm Market and Farmers Markets (Article 2).
 - Split the definition of “Nonconforming Use” into Nonconforming Lot, Nonconforming Use and Nonconforming Structure for clarity.
- Make changes to Section 4.3 to differentiate between Nonconforming Lots, Uses and Structures per the new definitions. Also clarify that nonconforming homes can be rebuilt without BZA approval.
- Make edits to incorporate the decision of the BZA related to an appeal of the Zoning Administrator’s interpretation of Section 5.7D.3.
- Create a separate subsection under Section 5.7D for parent to child divisions.
- Consider changing the term “Parent to Child” and “Child to Parent” to “Family Transfer” and adding a definition that includes the recommendation of Envision Jefferson 2035 which suggests including other family members, such as sibling to sibling. Other relationships may also be considered during this amendment, such as grandparent to grandchild. This type of change would also require an amendment to the Sub Regs (which uses the term Family Transfer) in the future. Note: this edit has not yet been made in the text before you.
- Amend Section 8.4 to clarify where kennels can be located.
- Move the provisions of Section 10.5, “Special Exception Uses”, which relate to “Accessory Agricultural Dwelling Units” and “Rural Reception/Event Facilities” from “Article 10: Provisions for Signs” to the Sections 8.14 and 8.15 of Article 8 and modify the requirements for clarity.

Next Steps

Today's workshop needs to focus on the recommendations of the Comprehensive Plan and proposed changes to the Ordinance, particularly the amendments proposed to:

- The BZA process and criteria for the traditional conditional use process found in Section 3.4A.5 of the draft amended Ordinance (highlighted in yellow);
- The list of Conditional Uses found in Appendix C of the draft amended Zoning Ordinance – particularly considering whether additional uses shall be changed from Not Permitted (NP) to Conditional Uses (CU); and
- Changes to the Section 5.7D regarding Cluster developments and other changes to the rural zoning development options.

While all amendments need to be reviewed by the Planning Commission, these edits require considerable discussion and input from the Planning Commission at this time.

Staff then recommends that the Planning Commission host a public workshop (rather than a public hearing) at the April meeting to give an opportunity for the public to provide input while staff continues to review and edit the text to work toward a final draft ready for a Public Hearing. BZA review and input into Section 3.4A.5 would be recommended. When the Planning Commission is ready for a Public Hearing, it may be advisable to hold three public hearings on the same night, when the draft is complete, so people can provide separate comments on the changes to the LESA/CUP; the changes to the Cluster provisions; and the other Rural changes proposed.

Envision Jefferson 2035 Comp Plan Excerpts

Eliminating LESA/CUP recommendations:

Goals and Objectives

p. 14

“This Plan proposes a higher density cluster provision rather than allowing rural residential developments via the Land Evaluation Site Assessment (LESA) system/Conditional Use Permit (CUP) process; and to allow the use of the a more traditional CUP process in the Rural District for non-residential uses which are compatible in scale and intensity with the rural environment and that pose no threat to public health, safety, and welfare.”

Land Use and Growth Management Element

p. 24

“Land Evaluation Site Assessment (LESA) also known as the Conditional Use Permit (CUP) process outside the UBG or PGA

Currently, any land use not listed as a Principal Permitted Use in the Zoning Ordinance may be proposed on any property utilizing the LESA/CUP process. This Plan recommends eliminating the LESA system and modifying the CUP process for use exclusively for non-residential development projects in the Rural Zoning District.”

p. 25

“The Land Evaluation and Site Assessment (LESA) system, which is a part of the Conditional Use Permit (CUP) process, has come under scrutiny for permitting random residential developments in rural areas of the County that are not contiguous to existing developments and supporting services. The purpose of LESA is to encourage a development pattern which includes contiguous urban development; however, the state and local laws related to transportation and infrastructure make implementation of LESA difficult. Therefore, this Plan recommends amending the Zoning Ordinance to eliminate the LESA system and modify the CUP process for future non-residential developments that are compatible with the rural environment and neighborhood.”

p. 36

“ . . . This Plan further recommends amending the Zoning Ordinance to eliminate the LESA point system and to develop procedures that would allow the use of a more traditional CUP process in the Rural District for non-residential uses. . . .”

Rural Land Use Recommendations

p. 39

“4.b. Amend the Zoning Ordinance to eliminate the Land Evaluation Site Assessment (LESA) system and to modify the Conditional Use Permit (CUP) process in the Rural Zoning District, which would be used for compatible nonresidential development only.”

Nonresidential CUPS in Rural Areas:

Land Use and Growth Management Element

p. 36

“. . . This Plan further recommends amending the Zoning Ordinance to eliminate the LESA point system and to develop procedures that would allow the use of a more traditional CUP process in the Rural District for non-residential uses. This CUP process should require a public hearing before the Board of Zoning Appeals to determine if the use is compatible in scale and intensity with the rural environment and poses no threat to public health, safety, and welfare.”

p. 37

“There are two types of non-residential CUPs proposed by this Plan in the Rural District which may require different types of review. One type consists of fairly intensive uses that could occur on a farm, but may not be appropriate to be a by-right use in the Rural District. The second type is for uses not on a farm or uses that are not agricultural in nature. This second type of rural CUP should only be proposed on a small portion of a rural property to help preserve farmland and open space and continue agricultural operations. This requires amending the Zoning Ordinance to eliminate the LESA system and could require modifying the CUP process.”

Economic Development, Employment, and Infrastructure Element

p.74

While most of these types of Cottage Industries and Home Occupations are permitted by right in the Rural District, some more intense uses may require a CUP. This Plan recommends that the use of the CUP in the Rural District be limited to non-residential uses not permitted in the Rural District which are compatible in scale and intensity with the rural environment and that pose no threat to public health, safety, and welfare. Some non-agricultural/non-residential related rural CUPs should only be proposed on a small portion of a rural property to help preserve farmland and open space, and continue agricultural operations. This requires eliminating the Land Evaluation Site Assessment (LESA) system and modifying the CUP process. For additional discussion, see Rural Land Use Planning Section (page 34).”

p. 97

“This Plan proposes to eliminate the LESA system and possibly modify the CUP process so that it can only be utilized for non-residential uses. In the Rural District, there are two types of non-residential CUPs proposed by this Plan. One type consists of fairly intensive uses that could occur on a farm, but may not be appropriate to be a by-right use in the Rural District. The second type is for uses not on a farm or uses that are not agricultural in nature. The rural non-residential CUPs are not anticipated to have a greater impact on the road network than by-right agricultural activities. More information on Rural CUPs can be found in the Land Use and Growth Management Element on page 16 and the Economic Development, Employment, and Infrastructure Element on page 64. The Board of Zoning Appeals should consider the Highway Road Classification Map and the Highway Problem Areas Jefferson County, WV Map when reviewing CUPs.”

Cluster recommendations:

Land Use and Growth Management Element

p. 36

“Since zoning was adopted in Jefferson County, large residential developments and non-agricultural commercial developments were permitted in the Rural District through the Land Evaluation Site Assessment (LESA) system/Conditional Use Permit (CUP) process. As a result, rural land has been converted to non-agricultural uses. For this reason, this Plan recommends that the cluster provision of the Zoning Ordinance be the preferred method of residential development in the rural zoning district. The cluster provisions should be reviewed and amended to consider a higher density for rural/agricultural lots utilizing the cluster provision. . . . Additionally, this Plan recommends that the “by right” provisions in the Rural zoning district be retained allowing one lot per 15 acres, as well as the provisions allowing the transfer of land between parent and child and the minor subdivision process for lots of record as of October 5, 1988.”

Implementation Strategies

p. 148

“The cluster provisions in the Zoning Ordinance should be amended to permit a greater density, while preserving a minimum of 50% of the agricultural land, instead of allowing for residential rural development to occur using the LESA/CUP system.”

Rural Land Use Recommendations

p. 40

“4.c. Amend the Zoning Ordinance density provisions related to Cluster Developments to utilize a higher density such as one unit per five acres, with provisions for a maximum lot size and a mandatory retention of a set percentage of the original tract in agricultural uses, open space, and/or forest/woods, instead of allowing for rural residential development to occur using the LESA/CUP system.

4.d. Amend the Subdivision Regulations to permit a Cluster Development of any size to process as a minor subdivision, provided that the subdivision standards shall apply.

4.e. Encourage the creation of subdivisions that incorporate working farmland or community gardens in Development Supported Agriculture programs.”

Other rural land use related recommendations:

Rural Land Use Recommendations

p. 40

“4.f. Consider amending the provision in the Jefferson County Zoning and Land Development Ordinance related to the transfer of land between parent and child to include other family members, such as sibling to sibling.”

ARTICLE 1: PURPOSE, JURISDICTION, APPLICATION, INTERPRETATION AND SEVERABILITY

Section 1.0 Effective Date

This Ordinance shall become effective ninety (90) days after the date on which the County Commission acts to adopt it.

Section 1.1 Purpose

The purpose of this Ordinance is to:

- A. Protect and encourage the health, safety, and general welfare of the present and future population of Jefferson County.
- B. Help guide the future growth and development of Jefferson County in accordance with the adopted Comprehensive Plan.
- C. Encourage growth and development in areas where sewer, water, schools, and other public facilities are or will soon be available in order to provide services in the most cost effective manner.
- D. Insure that growth and development are both economically and environmentally sound.
- E. Encourage the maintenance of an agricultural base in the County at a level sufficient to insure the continued viability of farming.
- F. Encourage and support commercial, industrial, and agricultural activities while maintaining land use, order and compatibility.
- G. Encourage an improved appearance of Jefferson County with relationship to the use and development of land and structures.
- H. Encourage the conservation of natural resources.
- I. Provide a guide for public action in the orderly and efficient provision of public facilities and services.
- J. Provide a guide for private enterprise in developing and building a strong economic community.
- K. Encourage Historic Preservation.

Section 1.2 Jurisdiction

These regulations shall apply to all properties within Jefferson County, West Virginia; but shall not include the incorporated areas.²³

Section 1.3 Application and Interpretation

- A. The terms of this Ordinance shall be applied to promote the intent in Section 1.1 and the Comprehensive Plan.
- B. Where this Ordinance imposes a greater restriction than is imposed or required by other provisions of law, or by other rules, regulations or ordinance, or by private restrictions, covenants or declarations, the provisions of this Ordinance shall control, except where stated specifically herein.
- C. Where a provision of this Ordinance is in conflict with another provision of this Ordinance the stricter regulation shall apply.
- D. If a proposed use is not one in the list of the ~~these~~ principal permitted or conditional uses in each zoning district, it shall be prohibited as though it was included in the list of prohibitions. ~~However, the use may be approved if the Development Review System demonstrates that the use is compatible and appropriate with the neighborhood and the use can be approved by the Board of Zoning Appeals as a conditional use.~~^{2, 17, 21}
- ~~D-E.~~ All uses listed as principal permitted or conditional uses within a zoning district shall comply with the standards contained in this Ordinance and be developed subject to the Jefferson County Subdivision and Land Development Regulations.
- F. Amendments to this Ordinance shall not adversely affect specific decisions made by the Board of Zoning Appeals or conditions on a Conditional Use Permit dated prior to the adoption of such amendment. Determination of adverse affect shall be made by the Zoning Administrator.^{8, 17, 21}

Section 1.4 Severability

Should any article, section, subsection or provision of this Ordinance be declared by a court of competent jurisdiction to be invalid or unconstitutional, such decision shall not affect the validity or constitutionality of the Zoning and Land Development Ordinance as a whole or any part thereof other than the part so declared to be invalid or unconstitutional.²³

Section 1.5 Use of Technical Information

Should any technical study, authorized by the Jefferson County Commission, become available after the adoption of this Ordinance, the County Commission shall authorize the Planning Commission to review such study to determine the extent that this Ordinance may need to be amended. Such studies may include, but, are not limited to, information on recreation, groundwater, hazardous wastes, and historic structures.²³

Changes that arise from this provision may include additions and/or deletions of sections in this Ordinance which would further encourage the proper management and preservation of our Natural and Cultural Resources. All such recommended changes are subject to Section 12.1.

Zoning Ordinance, Map Amendment²⁵

An amendment to the Zoning Map which is adopted by reference in the Zoning Ordinance that consists of a change that only applies to a specific property, changing from one existing zoning designation to another existing zoning designation. A map amendment does not permit changes, conditions or alterations to uses permitted in within an existing zoning designation as all zoning designations must be uniformly applied to all property which are subject to said designation.

Zoning Ordinance, Text Amendment²⁵

An amendment to the text of the Zoning Ordinance resulting in a change in the language of the Ordinance that applies to all similar property county-wide, such as a change in principal permitted [or conditional](#) uses in a district.

ARTICLE 3: ADMINISTRATION AND ENFORCEMENT

Section 3.1 Administration

- A. The provisions of this Ordinance will be governed by the County Commission or the Zoning Administrator and Staff in accordance with §8A-1-1 et seq of the West Virginia State Code, as amended. With enactment of the Ordinance, the County Commission shall designate a Zoning Administrator for the day to day administration of the ordinance.^{5,17,21}
- B. An appeal to this Ordinance, however, may be made to the Jefferson County Board of Zoning Appeals subject to the provisions of §8A-1-1 et seq of the West Virginia Code, as amended.^{17, 21}
- C. The Jefferson County Board of Zoning Appeals shall evaluate all [Development Review conditional use](#) applications and approve or deny issuance of a conditional use permit.^{2, 17, 21}
- D. All departments, officials, and public employees of Jefferson County which are vested with the duty or authority to issue permits or licenses shall issue no permit or license for any use, building, or purpose if the same would be in conflict with the provisions of this Ordinance.

Section 3.2 Zoning Administrator

- A. The Zoning Administrator shall administer and enforce the Zoning and Land Development Ordinance. This includes but is not limited to the following:²³
 - 1. Make determinations that all applications required by the Ordinance are complete and that all fees are paid.
 - 2. Interpret the provisions of the Ordinance as required by law.
 - 3. Issue Zoning Certificates as permitted by the Ordinance.
 - ~~4. Calculate the LESA point scores and determine the adequacy of the Support Data for all applications for a Conditional Use Permit.~~
 - ~~5.4.~~ Issue all permits and Certificates as permitted by the Ordinance.
 - ~~6.5.~~ Prepare and submit reports as required by the Ordinance or the Board of Zoning Appeals or Planning Commission.
 - ~~7.6.~~ Conduct meetings and conferences pursuant to the Zoning and Land Development Ordinance.^{17, 21, 23}
- B. Any decision or action by the Zoning Administrator based on Section 3.2A above is subject to appeal to the Board of Zoning Appeals.^{17, 21}
- C. It shall be unlawful to develop, construct, alter, or reconstruct any structure or to change the use of any structure or property without first obtaining a zoning certificate from the Zoning Administrator. This provision may not apply to the general maintenance or repair or any addition deemed not a major addition as defined in Section 2.2 of this Ordinance.^{17, 21, 23}
- D. Each application for a zoning certificate shall be accompanied by a copy of an approved site plan, if applicable, or by a legible drawing either drawn to scale or accurately indicating dimensions which show property boundaries and existing and proposed structures and other proposed changes or land development. The plans shall be retained in the office of the Departments of Planning and Zoning.^{17, 21, 23}
- E. Use of any property, developmental arrangement, or construction on any property other than that authorized in the zoning certificate is a violation of this Ordinance. All provisions of this Ordinance and amendments shall be maintained perpetually.

- F. The Zoning Administrator shall approve or disapprove issuance of a zoning certificate within sixty (60) days of the initial filing date providing the application is complete and fees are paid when filed and the request is in compliance of the provisions of this Ordinance.^{17, 21}
- G. A zoning certificate and/or conditional use permit shall become void eighteen (18) months after the date of issuance if the construction or use for which the permit was issued has not commenced. A one-time extension of this time frame may be granted by the Board of Zoning Appeals after evaluation of the hardship involved with noncompliance of this regulation. The length of time extended shall be at the discretion of the Board of Zoning Appeals and shall not exceed eighteen (18) months. Pursuant to Chapter 8A of the West Virginia Code as amended, a Zoning Certificate or Conditional Use Permit associated with a subdivision or land development plan - whether recorded or not yet recorded, valid under West Virginia law and outstanding as of January 1, 2010 - shall remain valid until July 1, 2012, provided that the land development plan or plat received at least preliminary approval by the Planning Commission or County Commission by March 1, 2010.^{17, 21, 23}
- H. A filing fee, in accordance with the County fee structure, shall be charged for all zoning certification.

Section 3.3 Enforcement

- A. The Zoning Administrator or Staff shall promptly investigate any written complaint alleging a violation of this Ordinance and determine if a violation has occurred.^{17, 21}
- B. As provided in §8A-1-1 et seq of the West Virginia Code, as amended, any person who violates any provision of this Ordinance shall be guilty of a misdemeanor, and upon conviction, shall be fined not less than fifty (\$50.00) or more than five hundred dollars (\$500.00) per day. Each day during which any violation of this Ordinance continues shall constitute a separate offense.^{5, 17, 21}
- C. When it appears to the Board of Zoning Appeals or the Zoning Administrator or Staff that a violation of this Ordinance has occurred, the County shall notify the responsible person by means of a written Violation Notice. The Violation Notice shall specify the nature of the violation and shall request that the violation be terminated within 15 days from the date appearing on the Notice. Failure to terminate the violation within the requested time shall be cause for the Board of Zoning Appeals or the Zoning Administrator or Staff pursuant to §8A-10-1, 2 and 3 of the West Virginia Code, as amended, to:^{17, 21, 23}
 - 1. Seek an injunction in the Circuit Court of Jefferson County to restrain the responsible person from continuing the violation cited or seek an injunction requiring the removal of structures or land uses from the property involved; or,
 - 2. Issue a warrant for the arrest of the person responsible for the violation and seek a conviction in the Circuit Court of Jefferson County.

Section 3.4 Boards and Commissions²³

A. Board of Zoning Appeals

1. The Board of Zoning Appeals will consist of five members to be appointed by the County Commission. Their terms of office, succession, removal, filing of vacancies, and their powers and duties shall be provided in Chapter 8A of the West Virginia Code, as amended.
2. Meetings of the Board of Zoning Appeals shall be conducted according to the Rules of Procedure adopted by the Board of Zoning Appeals. In the event of a conflict between this Ordinance and the Rules of Procedure, the Rules of Procedure shall prevail.²
3. The Board of Zoning Appeals shall hear and decide appeals from and review any order, requirement, decision or determination made by an administrative official in regard to the enforcement of this Ordinance or of any ordinance adopted thereto.
 - a. Filing an Appeal
 - i. An appeal to the Board may be taken by any person, board, associate, corporation or official allegedly aggrieved by any administrative decision based or claimed to be based, in whole or in part, upon the provisions of this Ordinance. The property owner of the subject appeal shall sign the application or an affidavit allowing an agent for the property owner to file the application which shall be submitted.
 - ii. Such appeal shall be filed with the Board within thirty (30) days from the decision appealed.
 - b. Notification
 - i. Notice of a public hearing for an appeal shall be advertised in a newspaper having general circulation in the County at least 15 days before the hearing.^{5, 17, 21}
 - ii. The subject property shall be posted conspicuously by a zoning notice no less than twenty-eight (28) inches by twenty-two (22) inches in size, at least 15 days before the hearing. The sign will be prepared by the Departments of Planning and Zoning but posting the sign is the responsibility of the applicant. The Board, in its discretion, may otherwise visit the specific property prior to or after the hearing.
 - c. Public Hearing
 - i. The Board shall hold a hearing within forty-five (45) days of the date the appeal is received in the Departments of Planning and Zoning. At the hearing, any party may appear and be heard in person or by agent or attorney.^{5, 8, 17, 21}
 - ii. The Board shall render its determination on the application no more than thirty (30) days following the public hearing by registered mail.
 - d. Continuance of Hearing
 - i. The Board may continue a hearing at another time and/or date once such hearing has been started; however, the Board shall announce the date and hour of continuance of such hearing while in session. Any hearing continued shall be held within thirty (30) days from the initial hearing.
4. The Board of Zoning Appeals shall consider requests for variances from the terms of the Ordinance.²³
 - a. The Board shall approve a variance request if the Board finds that a variance:
 - i. Will not adversely affect the public health, safety or welfare, or the rights of adjacent property owners or residents;

- ii. Arises from special conditions or attributes which pertain to the property for which a variance is sought and which were not created by the person seeking the variance;
 - iii. Would eliminate an unnecessary hardship and permit a reasonable use of the land; and
 - iv. Will allow the intent of the Zoning and Land Development Ordinance to be observed and substantial justice done.^{17, 21}
- b. The owner or authorized representative of the owner of the property which is the subject of a variance request shall complete and sign forms provided for this purpose by the Board, and shall pay the associated fees. The variance request shall be filed with the Board at offices of the Departments of Planning and Zoning.
 - c. Notification for a variance must be conducted according to the requirements of Section 3.4A.3.b.
 - d. A public hearing must be conducted according to the requirements of Section 3.4A.3.c and such hearing may be continued according to the requirements of Section 3.4A.3.d.
5. The Board of Zoning Appeals shall have the authority over the issuance or denial of a conditional use permit for uses listed as “Conditional Uses (CU)” in each zoning district. The Board of Zoning Appeals review process for a conditional use permit application is established in Article 7 of this Ordinance.²
- a. The Board shall consider and approve a Conditional Use Permit request with conditions or special requirements which allows for the proper integration of the proposed uses into the community subject to such reasonable conditions and restrictions as are directly related to and incidental to the proposed conditional use permit, if it finds that the following general standards have been met:
 - i. The proposed use is compatible with the goals of the adopted Comprehensive Plan.
 - ii. The proposed use is compatible in intensity and scale with the rural environment and poses no threat to public health, safety and welfare.
 - iii. Taking into consideration the Comprehensive Plan’s Highway Road Classification Map and Highway Problem Areas, the roads serving the proposed use are adequate to serve the development and are not anticipated to have a greater impact on the road network than the by-right agricultural activities would.
 - iv. The proposed use shall be compatible with the appropriate and orderly development of the district, taking into consideration the location and size of the use, the nature and intensity of the operations involved in or conducted in connection with such use, the size in relation to the use, the assembly of persons in connection with such use, the size in relation to the use, and the location of the site with respect to streets giving access to the site.
 - v. The proposed site development shall be such that the use will not hinder nor discourage the appropriate development and use of adjacent land and buildings, taking into consideration the location, nature and height of buildings, the location, nature and height of walls and fences, and the nature and extent of landscaping on the site.
 - vi. Neighborhood character and surrounding property values shall be reasonable safeguarded.
 - vii. Operations in connection with the use shall not be offensive, dangerous, destructive of property values and basic environmental characteristics, or detrimental to the public interest of the community. They shall not be more objectionable to nearby properties by reason of fumes, noise, vibration, flashing of or glare from lights, and

similar nuisance conditions than the operations of any permitted use not requiring a conditional use permit in the district.

viii. The character and appearance of the proposed use, buildings, structures, and/or outdoor signs should be in general harmony or better, with the character and appearance of the surrounding neighborhood.

vii. The Board shall have the authority to impose such reasonable conditions and restrictions as are directly related to and incidental to the proposed conditional use permit.

b. The owner or authorized representative of the owner of the property for which the Conditional Use Permit is being requested shall complete and sign forms provided for this purpose by the Board, and shall pay the associated fees. The Conditional Use Permit request shall be filed with the Board at offices of the Departments of Planning and Zoning.

c. Notification for a Conditional Use Permit must be conducted according to the requirements of Section 3.4A.3.b.

d. A public hearing must be conducted according to the requirements of Section 3.4A.3.c and such hearing may be continued according to the requirements of Section 3.4A.3.d.

~~5.6.~~ In exercising its power and authority, the Board of Zoning Appeals may reverse or affirm, in whole or in part, or may modify the order, requirement, decision or determination appealed from, and make such order, requirement, decision or determination as the Board deems appropriate.^{17, 21}

~~6.7.~~ Any party may appeal any decision of the Board of Zoning Appeals to the Circuit Court of Jefferson County within thirty (30) days of the Board's decision, pursuant to Chapter 8A of the West Virginia Code, as amended.^{2, 17, 21}

~~7.8.~~ Nothing in this Section shall be construed as permitting the Board of Zoning Appeals to exercise any power or refrain from the performance of any duty not authorized or directed by the provisions of Chapter 8A of the West Virginia Code, as amended, which provisions of the Code are hereby incorporated herein by reference.^{14, 17}

2. Planning Commission²³

1. Membership, terms of office, jurisdiction, and rules of procedure are established in the Bylaws of the Jefferson County Planning Commission and Chapter 8A of the West Virginia Code, as amended.
2. The powers and duties of the Jefferson County Planning Commission include but are not limited to the following:
 - a. Review applications for major site plans, major subdivisions, and waivers from minimum standards, pursuant to the Subdivision and Land Development Regulations;
 - b. Review requests for amendments to the County zoning map and Zoning and Land Development Ordinance;
 - c. Research and recommend to the County Commission improvements to the Zoning and Land Development Ordinance and the Subdivision and Land Development Regulations;
 - d. Make recommendations to the County Commission concerning planning and zoning issues;
 - e. Make an annual report to the County Commission concerning the operation of the Planning Commission and the status of planning within its jurisdiction;

- f. Prepare the Jefferson County Comprehensive Plan and recommend to the County Commission for adoption or amendment.
3. County Commission²³
1. General. The County Commission shall have all powers conferred upon it by the Constitution, the laws of the State of West Virginia, and the County Charter. With respect to development approval and amendments to this Ordinance and the County's Comprehensive Plan, the powers that the County Commission retains and shall exercise include but are not limited to the powers set out in this Section.
 2. Approvals. Following a public hearing and the submittal of recommendations by the Planning and Zoning Department and the Planning Commission, the County Commission may take action on the proposed adoption of, or amendments to, the following, including text, maps, and other elements:
 - a. Comprehensive Plan
 - b. Zoning and Land Development Ordinance
 - c. Subdivision and Land Development Regulations
 - d. The Jefferson County Zoning Map
 - e. An Urban Growth Boundary in accordance with Chapter 8 of the West Virginia Code, as amended:
 - i. A boundary shall be established by the County Commission in agreement with each individual municipality regarding that municipality's boundary.
 - ii. If the County Commission and municipality cannot agree upon the location or size of the boundary, either party may file for declaratory judgment relief in the circuit court which shall submit the dispute to mediation or arbitration prior to final resolution by the circuit court.
 - iii. Once the county has adopted an urban growth boundary by its designation on an adopted county zoning map, the gross area inside the boundary may not be reduced without written consent of the municipality.
 - iv. The County Commission shall review each urban growth boundary at a period not to exceed ten years or upon request of the individual municipality.
 3. Hiring. The County Commission shall hire staff of the Departments of Planning and Zoning.
 4. Appointments. The County Commission shall appoint the members of the Planning Commission and the Board of Zoning Appeals.
 5. Fees. The County Commission shall adopt a fee schedule for processing applications pursuant to this Ordinance. The fee schedule may be amended from time to time as determined appropriate by the County Commission.

ARTICLE 4: GENERAL PROVISIONS

Section 4.1 Ordinance Deemed Minimum Regulations; Uniformity

The regulations set forth by this Ordinance within each zoning district shall be minimum regulations and shall apply uniformly to each kind of structure or land except as hereinafter provided.

For each zoning district, a ~~limited number list~~ of principal permitted uses and conditional uses are ~~listed delineated in Appendix C., as well as Additionally,~~ several uses prohibited for all districts as listed in Section 4.4. ~~All other uses, except prohibited uses, may receive a conditional use permit upon completion of the Conditional Use Permit process as described in this Ordinance, including a demonstration that the land use in a specific location will comply with the standards of the Development Review System and any other applicable requirements of this Ordinance.~~²³ Conditional uses shall require processing before the Board of Zoning Appeals. All non-residential permitted and approved conditional uses shall require a Zoning Certificate and may require processing a Site Plan in conformance with the requirements of the Jefferson County Subdivision and Land Development Regulations.

Section 4.2 Compliance with Ordinance

Except as hereinafter specified, no land, building, or premises shall hereafter be used, and no building or part thereof or other structure shall be located, erected, reconstructed, extended, enlarged, converted or altered except in conformity with the regulations herein specified for the district in which it is located ~~and the Development Review System~~. This provision shall not apply to general maintenance or repair or any addition deemed not a major addition as defined in Section 2.2 of this Ordinance.

Section 4.3 Nonconforming Uses

Any building, structure or premises lawfully existing at the time of the adoption of this Ordinance, or lawfully existing at the time that this ordinance is subsequently amended, may continue to be used even though such building, structure, or premises does not conform to use, setbacks or dimensional regulations of the zoning district in which it is located ~~or the regulations of the Development Review System~~; subject, however, to the following provisions:⁷

- A. Nonconforming ~~uses structures~~ may be upgraded or repaired, or alterations made to the ~~use's~~ facilities. ~~However, expansion of any nonconforming use shall be limited to the lot that existed at the time of adoption of this Ordinance.~~^{7, 23}
- B. Repair includes the following: replacement of same size (+/-35%) porches, awnings, decks roofs, overhangs, patios, or any other similar construction as approved by the Zoning Administrator. However, expansion of any nonconforming structure or use shall be limited to the lot that existed at the time of adoption of this Ordinance.^{7, 23} Additional acreage shall not be added to enlarge any nonconforming use unless approved a variance by the Board of Zoning Appeals after review and a public hearing in accordance with Section 3.4A.4. via the Development Review System.²³
- C. Whenever a nonconforming use has been abandoned for a period of twelve (12) months, such use shall not be reestablished and any future use shall be in conformance with the provisions of this Ordinance.^{5, 17, 21}
- D. A nonconforming use may not be substituted for any other nonconforming use without the Board of Zoning Appeals review and public hearing, provided, however, to the following: upon notice to the Zoning Administrator with an application for and approval

of a Zoning Certificate a nonconforming retail, service, or wholesale operation may be substituted with another retail, service or wholesale operation without such public hearing; provided again, however, the intended use does not include an adult use.^{7, 17, 21}

- E. Effective October 14, 1999, whenever a nonconforming structure or use expands over 35% of the existing square footage of its operation said use shall meet all the applicable requirements of this Ordinance unless otherwise allowed by the Board of Zoning Appeals. Any nonconforming structure or use that expanded between October 5, 1988 and October 14, 1999 may expand under this provision as if they have never utilized this provision in the past.^{7, 8, 12, 17, 21, 23}
 - 1. When a nonconforming use can be computed by units such as apartment units, motel/hotel units, mobile home parks, and similar uses, the 35% expansion shall be limited to 35% of the number of existing units.⁸
- F. A nonconforming shopping center (including spaces that were not leased in the existing building at the time of the adoption of this Ordinance) may substitute uses according to Section 4.3C.⁷
- G. Section 4.3 is subject to Chapter 8A of the West Virginia Code, as Amended.^{17, 21, 23}
- H. This Section (4.3) does not apply to industrial uses that existed at the adoption of the ordinance. Such industries may expand provided that they meet the site plan standards of this Ordinance, in addition to those of the Jefferson County Subdivision and Land Development Regulations.^{8, 23}
- I. A nonconforming structure or use destroyed by a natural or unnatural calamity cannot be rebuilt without approval of the Board of Zoning Appeals upon application by the owner and pursuant to the variance and appeal procedures outlined in Article 3.^{12, 17, 21, 23} This provision will not apply to existing residential dwelling units.
- J. The nonconforming use automobile racing facility located on property specifically described as Tax Map 17, Parcels 2, 2.1 and 5 in the Kabletown District is permitted to expand as herein described:
 - 1. The commercial/competitive racing circuit as measured on January 10, 2002, 5,344 linear feet may add an additional 8,870 feet of commercial/competitive raceway surface, in accordance with (and not in addition to) the provisions of Section 4.3 of this Ordinance. The surface shall conform to a required 200 foot setback from all property lines.
 - 2. May add dormitory lodging with food service facilities that do not contain internally lit signs.
 - 3. May add automobile related research and development facilities.
 - 4. May add other automobile related facilities only for vehicles that are used on-site, including, but not limited to warehousing, parts, supplies and service.¹³

Section 4.4 Prohibited Uses

- A. Any existing or proposed use which is determined to be in conflict with any existing ordinance or laws of Jefferson County or law or regulation of the State of West Virginia or other governmental agency shall be prohibited even though such use may be allowed under the terms of this Ordinance.
- B. No land use shall be conducted that creates any injurious, noxious, or otherwise objectionable fire, explosive heat, or other hazard; noise, or vibration; smoke, dust, odor, gases, or other form of air pollution; or emit dangerous radioactivity in such a manner that if permitted would adversely affect the uses of an adjacent property or contaminate the ground water or surface waterways of the County. All land uses generating such conditions shall comply with the appropriate State and Federal Codes. Such compliance with applicable State and Federal laws shall be deemed as compliance with this Ordinance.

- C. Any development which would destroy the historical character of a property listed on the West Virginia or National Register of Historic Places shall not be permitted.
- D. No materials or waste should be stored on a property in a form that could be transported to adjacent property by wind or water or other natural causes or forces.
- E. All methods of industrial waste or sewage treatment and disposal shall be in accordance with County, State and Federal Codes.
- F. Jails, prisons and/or penal institutions shall be prohibited in all zoning districts except the Industrial-Commercial District and the Major Industrial District. [Approval of a Conditional Use](#)~~The Development Review System does shall~~ not supersede this prohibition.^{5, 27}
- G. No gambling or casino type game of chance (video or mechanical) that provides any type of payoff or remuneration shall be permitted anywhere in Jefferson County unless expressly and explicitly permitted and authorized by the West Virginia Code as amended. Provided, however, that such use shall only be permitted in the Industrial-Commercial District and the Major Industrial District and shall be processed [as a conditional use after processing through the Board of Zoning Appeals](#)~~processthrough the Development Review System (Article 6 and 7)~~.^{6, 23, 27}
This prohibition does not apply to betting on horses or pari-mutuel betting on horses. Furthermore, this prohibition does not apply to such uses that existed at the time of the adoption of this ordinance. ~~The Development Review System~~[Approval of a Conditional Use](#) shall not supersede this prohibition in any zoning district other than the Industrial-Commercial District or the Major Industrial District.^{23, 27}
- H. For parcels located east of the Shenandoah River or which are in a natural, undisturbed condition within 1000 feet of the Potomac and Shenandoah Rivers and Opequon Creek, no use shall be permitted without adherence to the requirements for retention of land in a natural, undisturbed area as spelled out in Section 22.504 of the Jefferson County Subdivision and Land Development Regulations.^{5, 23}
- I. No sales of fireworks are permitted outside of the Industrial-Commercial, Residential-Light Industrial-Commercial, General Commercial, Highway Commercial, Light Industrial, and Major Industrial zoning districts, and are subject to the requirements of for such use in Article 8.^{8, 23, 27}
- J. Vehicle signs left parked or standing on a public right-of-way, public property or private property.¹²
- K. Adult arcades, adult bookstores, adult cabarets, adult mini motion picture theaters, adult saunas, adult theaters, sexual encounter establishments, sexual paraphernalia stores, massage parlors and any sign advertising the operation thereof, shall only be permitted in the Industrial-Commercial District.^{23, 27}
No conditional use permit shall be approved for any of these adult uses in any zoning district. This provision does not apply to any specific existing use that legally qualifies as a nonconforming use.^{15, 16, 27}
- L. Salvage yards unless established in accordance with the Jefferson County Salvage Yard Ordinance.²³
- M. Heavy industrial uses listed [as Conditional Uses \(CU\)](#) in Section 5.6B and Appendix C , Principal Permitted [and Conditional](#) Uses Table of this Ordinance are permitted only in the Industrial-Commercial District and the Major Industrial District and require approval [of the Board of Zoning Appeals](#)~~via the Development Review System~~.^{23, 27}
- N. No above ground chemical storage tanks shall be permitted within an area defined by one (1) mile upstream of any public water intake and within one-quarter (1/4) mile of any waterway serving the public water intake; provided, however, that agricultural tanks that are regulated by WV Code Chapter 19 are exempt from this provision.²⁷

Section 4.5 Agricultural Uses Permitted Generally

Except for compliance with distance requirements for a building set forth in Section 4.6, nothing in this Ordinance shall prohibit the use of land for agricultural purposes or the construction or use of building or structures incidental to the use for agricultural purposes.

Section 4.6 Distance Requirements

- A. Industrial uses are subject to this subsection, unless otherwise specified in this Ordinance. Any uses (not including parking) or buildings subject to compliance with this Section shall be located at least 200 feet from:²⁷
1. Any lot in the Residential Growth District;²⁷
 2. A dwelling, school, church or institution for human care not located on the same lot as the said use or buildings;¹
 3. Any lot which is part of a recorded subdivision; and
 4. Any parcel, historic structure, or designated historic district which has been listed on the West Virginia or National Register of Historic Places.
- B. Commercial uses are subject to this subsection, unless otherwise specified in this Ordinance. Adjacent uses (not including parking) or buildings subject to compliance with this Section shall be located at least 75 feet from:^{7, 27}
1. Any lot in the Residential Growth District;
 2. Any lot with a dwelling, school, church, or institution for human care not located on the same lot as said use or building;
 3. Any parcel, historic structure, or designated historic district which has been listed on the West Virginia or National Register of Historic Places.²³
- C. A commercial use (not including parking) located in the Neighborhood Commercial District or the Office/Commercial Mixed Use shall be located at least 25 feet from a land use identified in Section 4.6B.1-3.²⁷

Section 4.7 Essential Utility Equipment

Essential utility equipment, as defined in Section 2.2, shall be permitted in any district, as authorized and regulated by law and ordinances of Jefferson County, it being the intention hereof to exempt such essential utility equipment from the application of this Ordinance. Wireless telecommunication towers, however, shall conform to the requirements of Article 4B.^{7, 22}

Section 4.8 Buildable Lot

Any lot which was a buildable lot under the terms or regulations in effect at the time of the adoption of this ordinance and which was established or recorded at that time shall be deemed a buildable lot for the erection of a single-family dwelling, subject to the provisions of the appropriate district regulations of this Ordinance.

Section 4.9 Traffic Visibility Across Corner Lots

On any corner in all districts, there shall be no obstruction to traffic visibility within thirty-five (35) feet of the intersection of the two (2) street property lines of the corner lot. Site plan and subdivision applications must comply with the Intersection Design requirements of the Subdivision and Land Development Regulations.²³

Section 4.10 Site Plan Requirements

- A. Submittal and approval of a site plan is required for all commercial, townhouse and multi-family residential, industrial, and institutional development in any district and for all major additions or expansions of existing uses as defined in Article 2, in accordance with the requirements of the Subdivision and Land Development Regulations and this Ordinance.^{23, 26}
- B. Site plan submittal is not required for single-family or two-family dwelling units unless planned as part of a multi-unit or mixed use development plan.
- C. The site plan format and informational requirements that must be followed are referenced in the Jefferson County Subdivision and Land Development Regulations, and this Ordinance.²³
- D. The Planning Commission has the authority to waive any site plan standards in accordance with the Subdivision and Land Development Regulations.^{10, 17, 21, 23}

Section 4.11 Landscaping, Screening and Buffer Yard Requirements

Buffer yard requirements are as shown in Appendix A and B of this Ordinance, and are summarized in this section.²⁷

- A. Commercial Development²⁷
 - 1. All commercial development adjacent to any Residential district, or any lot with a residence, school, church, or institution of human care shall have a fifty (50) foot or greater unscreened green space buffer or a fifteen (15) foot screened green space buffer along common property lines. The screening may be either vegetative or opaque fencing and may be placed anywhere within the buffer. No structures, materials, or vehicular parking shall be permitted within the side and rear yard buffers.
 - 2. All commercial development adjacent to all other uses must maintain ten (10) foot side and rear yard landscape buffers.⁵
- B. Industrial Development²⁷
 - 1. All industrial development adjacent to any Residential district, or a residence, school, church, or institution for human care shall have an unscreened buffer yard of no less than two hundred (200) feet. No structures, stored materials, or vehicular parking shall be permitted within the buffer yard.
 - 2. All industrial development adjacent to any use other than an industrial use shall have screened front yard buffers of no less than one-half (1/2) the front yard building setback, which may be included within the 200-foot buffer required in this subsection.^{5, 7}
 - 3. All industrial development adjacent to any use shall have 20' screened side and rear landscape buffers.
- C. Multi-family Development²⁷
 - 1. All multi-family adjacent to any Residential district, or any lot with a residence, school, church, or institution of human care shall have, along common property lines, screened green space buffers as follows:
 - a. Front and rear: a minimum of 15'
 - b. Side: a minimum of 12'
- D. In all buffer yards, the exterior width beyond the vegetative screen shall be planted with grass, seed, sod, or ground cover.

- E. All buffer yards shall include a fence or a dense screen planting of trees, shrubs, or other plant materials or both, to the full length of the lot line to serve as a barrier to visibility, air borne particles, glare or noise. Such screen planting shall meet the following requirements.
1. Vegetative screening shall comply with Standard Details M52, M53 or M54, or other applicable Standard Details, depending on the buffer width. At the time of the planting the vegetation shall be at least six (6) feet in height.^{7, 23, 27, 28}
 However, any development where a 10 foot side and/or rear yard vegetative landscaping buffer is required adjacent to proposed commercial uses and where no outdoor storage is being proposed or provided, the following standards shall be met:^{27, 28}
 - a. One (1) deciduous or evergreen tree with a height of six (6) feet or more when planted, likely to reach a height of twenty (20) feet or more at maturity, planted every fifty (50) linear feet; at least every other tree shall be an evergreen;
 - b. One (1) ornamental tree with a height of four (4) feet or more when planted, likely to reach a height of six (6) feet or more at maturity, planted every fifty (50) linear feet; and
 - c. Three (3) shrubs per each twenty five (25) feet along the property line, round upward.
 - d. These requirements shall be required on both sides of a property line for adjoining properties.
 - e. A 10 foot landscape area on the property unless shared parking is proposed. In the event shared parking is proposed, the required property line planting would be in addition to other plantings.^{7, 23, 26}
 2. It will be the responsibility of the landowner to replace any trees that die and shall be so noted on the site plan.
 3. Screen planting shall be a minimum of ten (10) feet wide but shall be placed so that it is no closer than four (4) feet at maturity from a property line or from any street.
 4. No structure, fence, planting, or other obstruction shall be permitted which would interfere with traffic visibility.
- F. In any Commercial, Industrial, Institutional, or Residential development, all dumpsters shall be screened from any residences or from view of a public highway.²³
- G. All buffer yards shall be maintained by the property owner.
- H. All development adjacent to a Sensitive Natural Area shall have a buffer of natural vegetation. Environmental standards contained in Section 8.9A, 1 through 7, will apply. The buffer shall meet the current Federal standard except as required in Table 4.11 -1 below:²³

Table 4.11 -1 Wetland Size in Acres^{5, 8, 23}

- I. All required landscape plans shall contain the following elements:⁷
 1. Deciduous street trees for shade and aesthetics, planted at the following average spacing:²³
 - a. Site with street frontage of up to 200 feet: 1 tree per 50 feet.
 - b. Site with street frontage exceeding 200 feet: The greater of 4 trees or 1 tree per 100 feet.
 2. Evergreen buffer planting, as required, for full screening.
 3. Parking lot and internal drive plantings (mix of evergreen and deciduous) for partial screening and limited shade.
 4. Structure plants for aesthetics and limited shade.
 5. Schedule of plants including common name, scientific name, minimum size (height, caliper, etc.) quantity and specific limitation notes.
- J. Required landscape buffers for a non-residential use are indicated in Appendix B.²⁷

Section 4.12 Design Standards for Multi-Family Developments²³

- A. Common open space shall be oriented to the interior of the development and shall consist of land suitable for passive and active recreational use. No more than 50 percent of land dedicated to recreational use shall be within the 100 year Floodplain.
- B. Impervious surface coverage for interior streets, parking areas, and residential structures shall not exceed fifty (50) percent of the gross land area.
- C. Tot lot or play areas shall be centrally located in areas convenient to residential buildings and at least twenty-five (25) feet from any street right-of-way.

Section 4.13 Development Adjacent to the Potomac and Shenandoah Rivers²³

- A. Any development, other than residential development, that takes place after the adoption of this Ordinance must maintain a five hundred (500) foot buffer strip from the existing banks of the Potomac and Shenandoah Rivers.

DRAFT

ARTICLE 4A: HOME OCCUPATIONS AND COTTAGE INDUSTRIES^{8,24}

Section 4A.1 Home Occupation and Cottage Industry, General Standards

- A. A Zoning Certificate is required for a Cottage Industry or Home Occupation pursuant to Section 3.2 of this Ordinance.
- B. A Home Occupation or Cottage Industry shall be clearly incidental and subordinate to the use of the dwelling unit as a residence.
- C. There shall be no change in the outside appearance of the building or premises, or other visible evidence of the conduct of the Home Occupation or Cottage Industry, other than as provided in this Article.
- D. No equipment or process shall be used in a Home Occupation or Cottage Industry which creates offensive manifestations by sight, sound or smell detectable to the normal senses, or electrical interference or vibrations perceptible, at any lot line.
- E. The following land uses cannot be established as a Home Occupation or Cottage Industry:
 - 1. Boarding or rooming homes.
 - 2. Bed and breakfast establishments.
 - 3. Adult uses.
 - 4. Any business which involves the storage of weapons such as firearms (other than residents' hunting, protection and leisure weapons).¹²
- F. Any need for parking generated by the Home Occupation or Cottage Industry shall be met off street and other than in a required front yard.
- G. No outdoor storage of any kind, visible from a property line or a public or private right-of-way or vehicular access easement, is permitted.
- H. The business owner is responsible for ensuring compliance with all local, state, and federal taxing requirements.
- I. All applicable County, State, and Federal requirements must be met.

Section 4A.2 Exempt Activities

The following land uses do not constitute a Home Occupation or Cottage Industry, and do not require a Zoning Certificate:

- A. Telecommuting.
- B. A computer-based occupation involving one full-time resident and no other on-site employees, provided that the occupation generates no additional vehicular trips, no customer visits, no additional shipping or mailing that exceeds a normal residential volume, and would not be otherwise prohibited by this Article. This category includes internet-based sales activities that do not require the presence of inventory at the property, such as drop-shipping.
- C. The participation of an individual location in an event conducted annually or twice yearly with multiple locations, such as a home and garden tour or an art studio tour.

Section 4A.3 Home Occupation, Level 1

An occupation conducted in a dwelling unit for gain provided that:

- A. No person other than members of the family residing on the premises shall be engaged in such occupation. Said members must be full time residents of the premises.
- B. The use shall be conducted wholly within the dwelling unit and shall not exceed one third (1/3) of the floor area of the dwelling unit.
- C. There shall be no sales, other than items handcrafted on the premises, in connection with such home occupation. Incidental sales of class-related material to students who receive instruction on the premises shall be permitted.
- D. Traffic generated by such home occupation must not exceed two (2) business related vehicle visits per day no more than ten (10) visits per week at the premises.

Section 4A.4 Home Occupation, Level 2

An occupation conducted in a dwelling unit for gain, provided that:

- A. The occupation must be conducted by a full-time resident of the property. Up to two (2) nonresident employees also may be permitted to work on the premises.
- B. The use shall be conducted wholly within the dwelling unit and shall not exceed one third (1/3) of floor area of the dwelling unit.
- C. One sign, not exceeding two (2) square feet in area, non-illuminated, is permitted.
- D. There shall be no sales, other than items crafted on the premises, in connection with such home occupation. Incidental sales of class-related material to students who receive instruction on the premises shall be permitted.
- E. No more than three (3) business-related vehicle visits per day and no more than fifteen (15) visits per week at the premises, including delivery vehicles, but excluding employee commuting, shall be permitted.
- F. The subject property shall be posted conspicuously by a zoning notice no less than twenty-eight (28) inches by twenty-two (22) inches in size, at least 15 days prior to approval of a Zoning Certificate for the land use. The sign will be prepared by the Departments of Planning and Zoning but posting the sign is the responsibility of the applicant.
- G. For a Home Occupation located in an existing residential subdivision established after July 17, 1979, the minimum lot size is 20,000 square feet.

Section 4A.5 Cottage Industry

An occupation conducted at a residential premises for gain, provided that:

- A. The occupation must be owned and operated by a full-time resident of the property. Up to four (4) nonresident employees may be permitted to work on the premises.
- B. The use may be conducted at least in part within the dwelling unit. Said use area within the dwelling unit shall not exceed one half (1/2) of the floor area of the dwelling unit. Two subordinate structures shall be permitted in accordance with the requirements of this Article.
- C. There shall be no change in the outside appearance of the residential structure. One sign, not exceeding four (4) square feet in area, non-illuminated may be permitted.
- D. Sales on the premises shall be permitted with the limitation that no less than seventy-five (75) percent of the items for sale shall be products produced on the premises and that items not produced on premises shall be items similar or related to the items produced on the premises. Incidental sales of class-related material to students who receive instruction on the premises shall be permitted.
- E. No more than fifteen (15) business-related vehicle visits per day and no more than sixty (60) visits per week at the premises, including delivery vehicles, but excluding employee commuting, shall be permitted.
- F. Submittal of a sketch plan is required for all Cottage Industry applications. The plan need not be prepared by a licensed engineer or surveyor. Use of a sketch plan does not preclude compliance with applicable County, State, and Federal regulations. The plan submittal shall include the following elements:
 1. Accurate locations and dimensions of all existing and proposed:
 - a. Structures, paved areas, parking areas and drive aisles (including setbacks from property lines)
 - b. Septic areas
 - c. Access points to roads, driveways, and easements
 - d. Property boundaries
 2. Most recent deed for the property
- G. Additionally, site plans pursuant to the Subdivision and Land Development Regulations are required if the combined gross floor area of a new building, an addition, and/or an existing accessory structure as described in (1) – (4) below, to be used as a Cottage Industry, exceeds 1,500 square feet but is less than 3,000 square feet:
 1. New accessory structures, or
 2. An addition to an existing residence or accessory structure, when the addition is intended for use as part of a Cottage Industry;
 3. Existing accessory structures that are to be converted to be used as a part of the Cottage Industry, if constructed during the five years prior to application for a Zoning Certificate for a Cottage Industry;
 4. An existing structure or addition built without a required, valid building permit or Improvement Location Permit after December 20, 1975.
- H. The maximum combined gross floor area of a new building, an addition, and/or an existing accessory structure as described in subsection J.1 – 4, to be used as a Cottage Industry, is 3,000 square feet. For any additional building area exceeding 3,000 square feet, the development and property shall meet all requirements of the Subdivision and Land Development Regulations and the Zoning and Land Development Ordinance. Setbacks shall be as provided below for an accessory structure used for a Cottage Industry:

1. For an accessory structure lawfully constructed during the five years prior to application for a Zoning Certificate for a Cottage Industry, setbacks are 25 feet from all lot lines.
 2. For an accessory structure lawfully constructed more than five years prior to application for a Zoning Certificate for a Cottage Industry, the applicable zoning district setbacks for an accessory structure apply.
- I. For a Cottage Industry located in the Residential Growth District or an existing residential subdivision, the minimum lot size is 2 acres.
- J. If a proposed Cottage Industry would utilize a private, shared right-of-way, driveway or easement for vehicular access, [a public hearing before the BZA a Compatibility Assessment Meeting](#) is required. The meeting shall be conducted as described in Sections 7.6A and 7.6C of this Ordinance, with the following exceptions:
1. The purpose of the meeting is for the applicant to inform adjacent owners of the proposed Cottage Industry and to describe any associated traffic impacts.
 2. Owners of all properties with vehicular access to the right-of-way or easement shall be notified of the date, time, and place of the meeting by registered mail. Letters shall be mailed 14 days prior to the scheduled date of the meeting. Staff shall approve the letter as adequate prior to mailing, and the applicant must provide proof of mailing.
 3. During the [public hearing before the BZA a Compatibility Assessment Meeting](#), attendees should limit their comments to the adequacy of the private, shared right-of-way, driveway or easement, to accommodate traffic generated by the proposed Cottage Industry.
 4. No Board of Zoning Appeals approval of the application is required.
- K. The subject property shall be posted conspicuously by a zoning notice no less than twenty-eight (28) inches by twenty-two (22) inches in size, at least 15 days prior to approval of a Zoning Certificate for the land use. The sign will be prepared by the Departments of Planning and Zoning but posting the sign is the responsibility of the applicant.

Section 4A.6 Private Covenants Running with the Land

Jefferson County shall not enforce or become involved in the enforcement of deed restrictions, covenants, easements, or any other private agreement, and, in the review of development proposals, the County will apply only its regulations to evaluate the proposal. All such restrictions shall be enforced by the parties to the restriction. It is the responsibility of an applicant for a proposed Cottage Industry or Home Occupation to research any private agreements relating to the subject property, contact the Homeowners' Association, or seek the advice of a surveyor, engineer or attorney.^{17, 21, 24}

ARTICLE 4B: WIRELESS TELECOMMUNICATION FACILITIES^{10, 22}

Section 4B.1 Purpose and Legislative Intent

The purpose of Article 4B, Wireless Telecommunication Facilities, is to balance the needs of residents of and visitors to Jefferson County for reliable access to wireless telecommunication networks and services with the community’s desire to preserve the County’s rural, historic and agricultural character and the quality of its residential neighborhoods.

To accomplish these objectives and to ensure that the placement, construction or modification of wireless telecommunication facilities complies with the provisions of the Telecommunications Act of 1996 and other Federal laws, and is consistent with Jefferson County’s land use policies and Comprehensive Plan, this Article is intended to regulate the construction, placement and operation of wireless telecommunication facilities within Jefferson County. When any provision of this article is in conflict with any provision of the Jefferson County Zoning Ordinance or the Jefferson County Subdivision and Land Development Regulations, the stricter regulation shall apply.

This Article establishes parameters for the siting of Wireless Telecommunication Facilities. It is Jefferson County’s intent to:

- A. Ensure access to reliable and robust wireless communications services throughout Jefferson County consistent with the aforementioned objectives;
- B. Encourage the use of existing structures such as buildings, water towers, silos, church steeples, monopoles, lattice towers, utility poles, electric distribution and transmission structures and other existing structures for the co-location of Wireless Telecommunication Facilities;
- C. Encourage the location of new Wireless Telecommunication towers in non-residential areas, with taller towers limited to the Industrial-Commercial zoning district;
- D. Minimize the number of new Wireless Telecommunication Towers that would otherwise need to be constructed by providing incentives for the use of existing structures;
- E. Encourage the location of new Wireless Telecommunication Towers, to the greatest extent possible, in areas where the adverse impact on the community will be minimal; and by encouraging the use of camouflage or concealment to create structures such as silos, faux trees and flagpoles that mimic elements that typically are found on Jefferson County’s agricultural landscape and that appear in scale and context with their surroundings;
- F. Minimize or mitigate the potential adverse visual effects associated with the construction of Wireless Telecommunication Towers through the implementation of reasonable design, landscaping and construction practices;
- G. Ensure public health, safety, welfare, and convenience; and
- H. Conform to Federal and State laws that allow certain antennas to be exempt from local regulations.

Section 4B.2 Classification of Wireless Telecommunication Facilities ~~and Development Review Process~~

For purposes of administering this Article, Wireless Telecommunication Facilities (hereafter “Facilities” or “Facility”) shall be classified as follows:

- A. Exempt Facilities as specified in Section 4B.3
- B. Concealed Wireless Telecommunication Facilities
- C. Co-located Wireless Telecommunication Facilities
- D. Temporary Wireless Telecommunication Facilities
- E. Wireless Telecommunication Towers

Exempt Facilities are allowed by right. Prior to the issuance of a Zoning Certificate, all other types of new Wireless Telecommunications Facilities listed above require approval of a Minor Site Plan as described in the Jefferson County Subdivision and Land Development Regulations and also meeting the submittal and design requirements of this Article. Additionally, Wireless Telecommunication Towers shall require submittal of a Concept Plan and a public hearing to allow for an analysis of demonstration of need, neighborhood compatibility, impact on cultural and historic resources, and visual mitigation.

Within ten (10) days of receiving a Concept Plan application for a Facility the Department shall notify the applicant in writing (1) that the application is sufficient or (2) the particular information needed as required by the provisions of this Article and the Jefferson County Subdivision and Land Development Regulations, to constitute a sufficient application. Once the additional information is received and the application is found to be sufficient, the Department shall notify the applicant of that finding.

Section 4B.3 Exempt Facilities Allowed by Right

This section covers antennas other than those associated with commercial wireless telecommunication facilities, such as facilities associated with governmental users, television and radio broadcast facilities, and private business users requiring an antenna support structure of twelve feet or less.

Antennas allowed by right subject to special requirements of this section include:

- A. Amateur radio facilities mounted on supporting structures less than 100 feet in height provided however, that commercial wireless providers and private business users may not co-locate antennas on an amateur radio tower irrespective of its height.
- B. Residential antennas for receiving television or AM or FM radio broadcast signals.
- C. Residential or business customer premise antennas for receiving microwave, satellite or broadcast television signals, provided such antennas are less than one meter (39.4 inches) in diameter and are mounted on a support structure less than twelve (12) feet in height.

Section 4B.4 Concealed Wireless Telecommunication Facilities

Concealed Facilities are permitted in all zoning districts. The Department may issue a Zoning Certificate for a Concealed Facility consistent with the following terms and conditions:

- A. Concealed Facilities are permitted on buildings and alternative structures (other than telecommunication towers).
- B. For purposes of this section antennas mounted on electric transmission towers shall qualify as Concealed Facilities provided that antennas associated with such facilities do not extend more than twenty (20) feet above the top of the supporting structure. Equipment enclosures associated with such facilities may be mounted on the structure, placed underground or on the ground. If placed on the ground, equipment enclosures shall be placed on a concrete pad, metal skid or platform, or other foundation and screened so as to make them unobtrusive.
- C. For purposes of this section antennas mounted on an electric distribution pole, utility or street lighting pole or traffic light pole shall qualify as a Concealed Facility provided antennas associated with such facilities shall not extend more than twenty (20) feet above the top of the existing support structure.
- D. Utility poles may be extended up to twenty (20) feet in height to accommodate antennas for a Concealed Facility.
- E. For any utility pole height increases in the Harpers Ferry Overlay District, the Department shall refer the application to the Jefferson County Historic Landmarks Commission for review and comment before issuing a Zoning Certificate.

- F. Applications for such utility pole height extensions in the Appalachian Trail Overlay District shall be referred by the Department to the Appalachian Trail Conservancy and the National Park Service for review and comment prior to issuance of a Zoning Certificate.
- G. Antennas associated with Concealed Facilities, if flush-mounted on the side of a building or alternative structure, shall be camouflaged to match or complement the color and architectural texture of the surface.
- H. Antennas associated with a Concealed Facility shall not be co-located on a tower or other support structure developed as an Exempt Facility pursuant to this Article for the use of an amateur radio operator.
- I. Equipment enclosures associated with Concealed Facilities may be placed inside a building or, if placed on a rooftop, all equipment enclosures shall be mounted behind a parapet wall or façade which is camouflaged to match or complement the color and architectural treatment of the building. If antennas are placed on a structure other than a building, equipment enclosures associated with the facility may be mounted on the structure or placed underground or at ground level on a concrete pad, metal skid or platform, or other foundation. If placed at ground level, such equipment enclosures shall be screened so as to make them unobtrusive.
- J. All cabling and wiring connecting antennas, equipment enclosures, and other components of Concealed Facilities shall be colored or concealed in a manner that renders them unobtrusive.
- K. Generators may not be used as a primary electrical power source. Backup generators shall only be operated during power outages or for testing and maintenance purposes. Testing and maintenance of a generator shall only take place on weekdays between 8:00 a.m. and 7:00 p.m.
- L. Equipment associated with a Concealed Facility not located in a public right-of-way must meet the setback requirements for the zoning district in which it is located.

Section 4B.5 Co-located Wireless Telecommunication Facilities

Co-located Wireless Telecommunications Facilities are permitted within all zoning districts. Co-location includes the placement of additional antennas or antenna arrays on an existing or approved telecommunication tower or support structure (or alternative structure or Concealed Telecommunication Support Structure), or otherwise sharing a common location by two or more FCC licensed providers of personal wireless services. The Department may issue a Zoning Certificate for a Co-located Facility consistent with the following terms and conditions:

- A. Antennas associated with a Co-located Facility shall not be co-located on a support structure developed as an Exempt Facility pursuant to this Article for the use of an amateur radio operator.
- B. Co-located Facilities shall meet the following design standards:
 - 1. Antennas associated with a Co-Located Facility located on a monopole shall, where practical, be mounted so as to present the smallest possible silhouette, profile or cross-section. Preferred antenna mounting scenarios are, in order of descending preference:
 - a. Antennas within a cylindrical radome matching the diameter of a monopole;
 - b. Antennas mounted at the end of straight or curved davit arms or brackets extending from the sides of the tower.
 - c. Antennas mounted as an array arranged around a platform extending from the monopole.
 - 2. All equipment enclosures and other improvements accessory to a co-located Facility shall be architecturally designed to blend in with the surrounding environment and shall be maintained in good appearance and repair. No equipment enclosure may exceed twelve (12) feet in height.

3. Generators may not be used as a primary electrical power source. Backup generators shall only be operated during power outages or for testing and maintenance purposes. Testing and maintenance of a generator shall only take place on weekdays between the hours of 8:00 a.m. and 7:00 p.m.
4. Equipment enclosures and other improvements shall be enclosed within a security fence consisting of chain link fencing at least eight (8) feet in height. The Department may require as a condition of approval that the fencing be screened by a landscaped buffer of at least 10 feet in width planted along the entire exterior perimeter of the fence. Such a buffer must contain at least one row of native vegetation and form a continuous screen at least 6 feet in height. All buffer yards shall be maintained by the property owner. It will be the responsibility of the property owner to maintain the buffer yard and to replace any trees or shrubs that die. The landscaping requirements of this section do not apply to an application for co-location on a site with an approved site plan. The Department may waive or modify the fencing requirement upon a determination that doing so will enhance the overall appearance of the facility without any compromise in safety or security.
5. Signage at any ground-based portion of a Co-located Facility site shall conform to FCC and FAA standards. No commercial signage is permitted.
6. Before an application for a Co-located Facility can be processed, a copy of the applicant's FCC license must accompany its application. If FCC licenses for the applicant have been provided to the Jefferson County Department of Planning & Zoning in conjunction with previous wireless facility applications, the applicant may certify that such licenses remain in full force and effect.

Section 4B.6 Temporary Wireless Telecommunication Facilities

Temporary Facilities are permitted in all zoning districts. The Department may issue a Zoning Certificate for a Temporary Facility consistent with the following terms and conditions:

- A. Temporary Facilities, including but not limited to Cell on Wheels (COW), may be placed at or near the location of an existing, proposed or approved Facilities for periods up to seventy-two (72) hours for equipment or signal propagation testing purposes or, where an existing facility is temporarily unavailable due to scheduled or unscheduled maintenance, without any requirement for a permit. Where scheduled or unscheduled maintenance will extend beyond seventy-two (72) hours, the wireless provider must obtain a Zoning Certificate. The Department may issue such a certificate for up to thirty (30) days upon a showing of good cause by the applicant. Such certificate may be extended for an additional thirty (30) day period if the applicant can demonstrate that extenuating circumstances necessitate an extension.
- B. In the event of a natural disaster, catastrophic event or public emergency that either renders an existing Facility unusable, or creates an urgent need for supplemental capacity to manage the emergency, temporary facilities may be placed in any area as necessary to provide coverage or capacity for longer periods upon the authority of the Director of the Office of Homeland Security and Emergency Management, with notification to the Director of the Planning and Zoning Department.
- C. Permits may be issued by the Department for up to one week for temporary facilities needed in conjunction with scheduled special events at specific locales that are likely to generate a need for additional capacity at the event which is expected to exceed existing installed capacity.
- D. Fees for permits for Temporary Facilities shall be in accordance with the Department of Planning and Zoning schedule of fees and charges.

Section 4B.7 Wireless Telecommunication Towers

Wireless Telecommunication Towers (hereafter “Tower” or “Towers”) are permitted in all zoning districts subject to the provisions of this section. The provisions of this section apply to an application for a new Tower, as well as for a major modification to an existing Facility or Support Structure that results in a substantial change to the facility or structure, including but not limited to a height extension of more than twenty (20) feet or ten percent (10%) of the current height of a facility or structure, whichever is greater, and/or replacement of the structure.

This section is not applicable to co-location of a new antenna array on an existing structure.

A. Site Plan Required

A minor site plan shall be required for all new Towers, as well as for Major Modifications to an existing Facility or Support Structure resulting in a substantial change to the Facility or Structure. In addition to the site plan review requirements of the Subdivision and Land Development Regulations, the site plan shall include all elements of a Concept Plan as established in Subsection B, and shall address conditions established by the Planning Commission in its review of the Concept Plan.

B. Concept Plan Submittal and Public Hearing Required

In addition to the requirements for a minor site plan, a proposed Tower shall require the submittal of a Concept Plan, subject to the following requirements:

1. Required elements for a Wireless Telecommunications Tower Concept Plan shall be the same as for a site plan as established in the Subdivision and Land Development Regulations, Appendix A, Section 1.3A, with the exception of Subsections 1.3A.20-22, 24-29, 31-35.
2. The following additional elements must be submitted:
 - a. Outside dimensions, use, and setbacks of all existing and proposed buildings, structures, towers, antennas, utility lines, driveways, and parking areas.
 - b. Height of the proposed tower measured from ground level at the center of the proposed structure, and height comparison to any nearby buildings or trees, or other applicable structures and natural landforms part of the site’s background and foreground landscape.
 - c. Elevations and Cross-Section: Display topography with all proposed facilities including tower, equipment shelter and existing buildings.
 - d. Number, size and location of proposed and existing antennas; number of co-locations possible.
 - e. Method of camouflage (if any).
 - f. Locations of known historic structures.
 - g. A description of the anticipated construction and installation schedule.
 - h. Documentation verifying compliance with applicable Federal Communications Commission (FCC) standards and requirements to provide the proposed services.
 - i. Narrative addressing the design criteria of this section.
 - j. Dates, address list, and notice for Balloon Test.
 - k. Balloon Test exhibits as required in Subsection G of this Section.
 - l. Propagation maps as required in Subsection F of this Section.
 - m. Any other relevant information.
 - n. Additional application requirements of Subsection H of this Section.

3. Submittal and review of a Concept Plan shall follow the review process and timeline established in Section 24.119 – 24.122 of the Subdivision and Land Development Regulations, with the following exceptions:
 - a. The application shall be exempt from Section 24.120A, Agency Reviews, and Section 24.120D, WVDOH, except as otherwise provided in this Subsection.
 - b. Following the Department’s determination of the sufficiency of a Concept Plan application:
 - i. The Department shall notify the Jefferson County Historic Landmarks Commission of an application filing.
 - ii. The Applicant shall provide a copy of the completed Concept Plan application to the Appalachian Trail Conservancy and the National Park Service, if required by the Cultural and Historic Resources Review standards of this Section.
 - c. The Concept Plan shall be reviewed at a public hearing conducted at a scheduled Planning Commission meeting. The scope of this public hearing shall include a demonstration of need as required under this Article, neighborhood compatibility, impact on cultural and historic resources, visual mitigation, the submittal and design criteria of this Article, and the compatibility of the facility proposal with the Comprehensive Plan, as well as any relevant information presented by any person that addresses the purpose and intent of this Article. The Planning Commission shall review the proposed Tower for compliance with the standards in this Article and, if applicable, provide conditions relevant to the scope of the public hearing and/or unique characteristics of the proposed development site, to be addressed in the Department’s approval of the site plan.
 - d. Before the Department may approve a site plan for a Tower, the Planning Commission must find, by a majority vote, that the Concept Plan application complies with this Article, and that the application is consistent with the Comprehensive Plan.

C. Retention of Consultants

The Department may elect to retain outside consultants or professional services to review a Concept Plan or site plan application for a Tower and to make recommendations on relevant issues including, but not limited to, verification of the applicant’s compliance with the provisions of this Article, analysis of alternatives, conditions of approval, and compliance with State and Federal rules and regulations at the applicant’s expense. Fees charged to the applicant shall not exceed the actual cost of services rendered.

D. Applicant’s Burden of Proof

The applicant for a site plan for any Tower bears the burden of demonstrating by substantial evidence in a written record that a *bona fide* need exists for the proposed structure at its proposed height and location as required in Subsection F, “Demonstration of Need”, and that it has met all submittal and design criteria in this Article.

E. Proof of Eligibility

Speculative Towers are prohibited. Before an application for a Tower can be processed, a copy of the applicant’s FCC license must accompany its application. If the applicant is not an FCC licensee, the applicant must demonstrate that it has binding commitments from one or more FCC licensees to utilize the Tower within six (6) months of issuance of a certificate of occupancy for the Tower. Such demonstration shall include submittal of an affidavit by the FCC licensee(s), and a copy of each wireless provider’s FCC license. If such FCC licenses have been provided to the Department in conjunction with previous tower applications, the applicant may certify that such licenses remain in full force and effect.

F. Demonstration of Need

As part of its application submission for a Concept Plan and for a site plan the applicant shall be required to submit propagation maps demonstrating a technical need for its proposed Tower and justifying the height of its antennas on the structure. One propagation map shall depict existing coverage without the proposed site and another depicting coverage with the proposed site. Such maps shall identify all adjacent sites whether existing, approved or proposed, and each map shall be accompanied by an engineer's affidavit attesting to the parameters or variables used to create the map. Such propagation studies shall be submitted in both hard copy and in electronic format to facilitate information sharing, inclusion on the county's web site and to otherwise maximize public awareness.

G. Balloon Test

1. An applicant shall conduct a balloon or crane test to simulate the maximum height of the proposed Tower. Following the test, the applicant shall submit color photo simulations showing the proposed structure as it would appear viewed from the closest residential property or properties and from adjacent roadways. Photographs should be taken from appropriate locations on abutting properties, along each publicly used road from which the balloon is visible, and from up to five significant structures or locations identified by the Department. A map shall be supplied identifying the location of each photo. Before and after photo exhibits will be presented.
2. Notice of the dates and times of such tests shall be mailed to all property owners within a one-quarter mile (1320 feet radius) from the proposed location, in addition to the Historic Landmarks Commission at least ten (10) days prior to such tests. The applicant shall utilize address and owner information on file at the Jefferson County Assessor's Office. Such notices shall designate a primary date and an alternate date in case of inclement weather. Notices shall state that there is an application to the Planning Commission for a Wireless Telecommunication Tower on the property and provide the file number. The Department shall review and approve the sufficiency of the notice and the list of addresses prior to mailing. An affidavit of mailing accompanied by a list of recipients and addresses shall be included in the application file.
3. Such notice shall also be published in the legal advertisements section of a newspaper of general circulation in Jefferson County at least ten (10) days prior to such tests. Such notices shall designate a primary date and an alternate date in case of inclement weather. The newspaper's affidavit of publication shall be submitted as part of the application file.
4. In the event the applicant seeks to increase the height of the proposed Tower, or move its location more than one hundred (100) feet laterally, from that stated in its original notices, additional notice shall be required to be given consistent with the above requirements.

H. Preferred Structures and Locations Policy

1. Co-location Encouraged. Prior to the approval of the construction of a new Tower, it is the policy of Jefferson County to encourage co-location of wireless facilities in the following locations:
 - a. Co-location of antennas on existing electric transmission towers.
 - b. Co-location and the use of existing or approved towers, buildings or alternative structures such as buildings, water towers, silos, church steeples, and utility poles more than fifty (50) feet in height within a one-quarter mile radius of a proposed Tower, where appropriate.
2. Preferred Support Structures. In light of Jefferson County's agricultural, and increasingly residential character, it is the policy of Jefferson County that for Facilities located outside the Industrial-Commercial zoning district, support structures for antennas are desired in the following descending order of preference:
 - a. Silos
 - b. Other Alternative Structures
 - c. Monopoles
 - d. Lattice Towers

3. Preferred Locations. For new Towers, it is the policy of Jefferson County to encourage use of the following facilities or locations, in descending order of priority:
 - a. The Industrial - Commercial District
 - b. Non-residential areas screened by existing vegetation and located outside of the Industrial-Commercial District
4. Application Requirements. In furtherance of the Preferred Structures and Locations Policy in this Article, the following provisions shall apply to an application for a site plan for a Tower:
 - a. The application must demonstrate that the proposed Tower is designed structurally, electrically, mechanically and in all other respects to accommodate additional wireless users unless the applicant demonstrates that structure height, topography, or other factors render this requirement unfeasible. An application must include an affidavit from the tower owner affirming that, subject to exceptions for structure height, topography, or other factors which make co-location unfeasible, the Tower is available for co-location.
 - b. A site plan for a Tower shall not be approved if an electric transmission tower with capacity of 230 kV or less is located above, or within twenty-five (25) feet below, the ground elevation of, and within a one quarter mile radius laterally, of a proposed Tower, unless the applicant can demonstrate that:
 - i. Sufficient easements or other interests in real property cannot be obtained to accommodate the Facility on the electric transmission tower;
 - ii. The electric utility owning the electric transmission tower is unwilling to allow its use for wireless facilities;
 - iii. Reasonable terms, rates, or conditions cannot be negotiated with the electric utility;
 - iv. The location of the Tower will not allow the applicant to meet coverage or capacity requirements; or
 - v. Other unforeseen reasons make it infeasible to locate the planned telecommunications equipment upon existing or approved towers.
 - c. Where suitable electric transmission towers are not available for co-location of antennas, a site plan for a Tower located outside the Industrial-Commercial zoning district shall not be approved unless the applicant demonstrates that the equipment planned for the proposed Tower cannot be accommodated on existing or approved towers, buildings, silos or other alternative structures more than fifty (50) feet in height within a one-quarter mile radius of the proposed Tower due to one or more of the following reasons:
 - i. The planned equipment would exceed the structural capacity of the existing or approved tower, building or alternative structures, as documented by a qualified and licensed professional engineer, and the existing or approved tower, building or structure cannot be reinforced modified or replaced to accommodate planned or functionally equivalent equipment at a reasonable cost;
 - ii. Existing and approved towers, buildings or other structures within the search radius, or combinations thereof, cannot accommodate the planned equipment at a height necessary to function reasonably, as documented by a qualified and licensed professional engineer;
 - iii. Reasonable terms, rates, or conditions cannot be negotiated with the owner of the structure and/or property;
 - iv. The location of the structure will not allow the applicant to meet coverage or capacity requirements; or
 - v. Other unforeseen reasons make it infeasible to locate the planned telecommunications equipment upon existing or approved towers, buildings or alternative structures.

- d. Antennas associated with an application for a Facility may not be co-located on a tower or other support structure developed as an Exempt Facility pursuant to this Article for the use of an amateur radio operator.

I. Cultural and Historic Resources Review

- 1. In addition to the notification requirements of this Section, an application for a Tower shall comply with the following:
 - a. An application for a proposed Tower within the Harpers Ferry Overlay District shall be provided, by the applicant, to the National Park Service for review and comment, and the applicant will provide the Department an affidavit certifying delivery.
 - b. An application for a proposed Tower located within one mile of the Appalachian Trail shall be provided, by the applicant, to the Appalachian Trail Conservancy and the National Park Service for review and comment, and the applicant will provide the Department an affidavit certifying delivery.

J. Design Criteria

Wireless Telecommunication Towers shall comply with the following design criteria:

1. Antenna Mounting Preferences

Antennas associated with a Tower shall, where practical, be mounted so as to present the smallest possible silhouette, profile or cross-section. Preferred antenna mounting scenarios are, in order of descending preference:

- a. Antennas within a cylindrical radome matching the diameter of a monopole.
- b. Antennas mounted at the end of straight or curved davit arms or brackets extending from the sides of the Tower.
- c. Antennas mounted as an array arranged around a platform extending from the monopole.

2. Height Restrictions

- a. Towers in the Industrial-Commercial zoning district shall not exceed 199 feet. Towers in all other zoning districts shall not exceed 100 feet. If a silo is used for a support structure for antennas, the height of the silo shall not exceed 120 feet.
- b. Antennas may extend up to twenty (20) feet above the height of existing electric transmission towers if such height extensions are preferable to placement of a new Tower.

3. Fall Zone

- a. With the exception of silos, Towers shall be set back from all property lines a distance equal to 110% of tower height measured from the base of the structure to its highest point. Additional easements may be acquired on adjacent properties to meet the fall zone requirement.
- b. No residential dwellings may be located in the fall zone on either the primary parcel or in any easement area on adjacent parcels.

4. Signage

Signage at any ground-based portion of a Facility site shall conform to FCC and FAA standards. No commercial signage is permitted.

5. Lighting & Marking

Towers shall not be lighted or marked unless required by the FCC or by the FAA.

6. Electrical Supply

Generators may not be used as a primary electrical power source. Backup generators shall only be operated during power outages or for testing and maintenance purposes. Testing and maintenance of a generator shall only take place on weekdays between the hours of 8:00 a.m. and 7:00 p.m.

7. Fencing

Towers, equipment enclosures and other improvements shall be enclosed within a security fence consisting of chain link fencing at least eight (8) feet in height. The Planning Commission may require as a condition of approval that the fencing be screened by a landscaped buffer of at least 10 feet in width planted along the entire exterior perimeter of the fence. Such a buffer must contain at least one row of native vegetation and form a continuous screen at least 6 feet in height at planting. All buffer yards shall be maintained by the property owner. It will be the responsibility of the property owner to maintain the buffer yard and to replace any trees or shrubs that die.

The Planning Commission may waive or modify the fencing requirement upon a determination that doing so will enhance the overall appearance of the facility without any compromise in safety or security.

8. Tower Color

Towers shall have a flat gray or galvanized finish unless the Planning Commission determines that another color scheme would be a preferable alternative to address visual mitigation and such scheme is consistent with FCC and FAA standards for antenna structure marking.

Section 4B.8 Maintenance & Removal Bonds

Prior to issuance of a Zoning Certificate, each applicant for a Facility shall be required to execute a standard Maintenance / Removal agreement binding the applicant and its successors and assigns to properly maintain the exterior appearance of, and to ultimately remove such facilities, upon abandonment or cessation of operations. The applicant shall be required to post a bond for this purpose in accordance with the Department of Planning & Zoning schedule of fees and charges. The applicant shall be required to continue such bond or other security until such time as the facility has been removed and all other requirements of the Maintenance/Removal agreement have been satisfied. Private business users operating a single Facility at their principal place of business and Governmental Users are exempt from this bond requirement.

Section 4B.9 Abandonment & Removal

- A. Any Facility or Support Structure that is not operated for a period of twelve (12) consecutive months may be referred to the Property Safety Enforcement Agency Board for a determination of the structural soundness of the Facility or Structure.
- B. If a structure is determined to be unsound, it will be considered abandoned.
- C. The owner or operator of any Facility or Support Structure shall remove the Facility pursuant to the requirements of the Jefferson County Property Safety Ordinance.

ARTICLE 5: DISTRICT ESTABLISHMENT; ZONING MAPS; DISTRICT BOUNDARIES; DISTRICT REGULATIONS

Section 5.1 Establishment of Districts¹

For the purpose of this Ordinance, all land within the County, exclusive of the incorporated towns, is hereby designated as one of the following zoning districts:

- RG Residential Growth District
- I-C Industrial-Commercial District
- R Rural (Agricultural) District
- R-LI-C Residential-Light Industrial-Commercial District
- V Village District²³
- NC Neighborhood Commercial²⁷
- GC General Commercial²⁷
- HC Highway Commercial²⁷
- LI Light Industrial²⁷
- MI Major Industrial²⁷
- PND Planned Neighborhood Development²⁷
- OC Office / Commercial Mixed-Use²⁷

Section 5.2 Boundaries of Districts

Unless otherwise indicated on the zoning district maps, the boundary lines of the districts shall follow lot lines, centerlines of streets, alleys, corporate limit lines, or centerlines of waterways as existing at the time of the adoption of this Ordinance.

Section 5.3 District Maps

The districts shall be of the size and shape shown on the Jefferson County Zoning Maps and shall hereby be made a part of this ordinance. A copy of the said maps shall be signed by the County Commissioners upon the adoption of these regulations and recorded within the Courthouse.

The Jefferson County zoning layer is parcel-based, maintained in a Geographic Information System (GIS), and shall be the basis for the County's official zoning map. Within 30 days of final County Commission action on a zoning map amendment, GIS/Addressing staff will update the digital zoning layer and make the new data available online.²³

On an annual basis, in December, and within 30 days of final County Commission action on a zoning map amendment, a new zoning map will be printed which includes the most up to date base layer data, all approved zoning designations since the last printed map, and an effective date, certified by the President of the County Commission, filed with the County Clerk's office, and a copy provided to the Planning Commission. This annual map update shall not require a public hearing and such certification shall occur administratively.²³

Section 5.4 Residential Growth (RG) District

The Residential Growth District is intended to provide for a variety of residential uses and densities which can be supported by central or public water and sewer and adequate roadways and services.

This district encourages areas of commercial growth proposed as an appropriate and compatible integrated part of a residential development in conformance with Section 5.4C of this Ordinance. ~~provided that such growth is deemed to be appropriate and compatible by the Development Review System.~~

The following regulations govern development within the Residential Growth District.

- A. Principal Permitted and Conditional Uses^{23,27}
1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted and Conditional Uses Table.²⁷
 2. Uses shown as conditional uses (CU) for this district in Appendix C, Principal Permitted and Conditional Uses Table shall be subject to review and approval by the Board of Zoning Appeals per the requirements of this Ordinance. ~~the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive.~~²⁷
- B. Minimum Lot Area, Height, and Yard Requirements
1. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance. The minimum lot area requirements are based on the availability of central or public water and sewer facilities and West Virginia Board of Health regulations.^{23, 27}
 2. When computing the dwelling unit yield for a parcel of land, use the total area of parcel minus (1) lands contained in a wetland and (2) hillside lands to be retained in a natural, undisturbed condition as provided for in the Jefferson County Subdivision and Land Development Regulations. The balance square footage between the ADU (Area per Dwelling Unit) and the MLA (Minimum Lot Area) shall not include land set aside in a Sensitive Natural Area, Buffer to a Sensitive Natural Area, land qualifying as Hillside development or a 100 Year Flood Plain.^{5,23, 27}
 3. All detached accessory structures under 144 square feet in size shall have a setback of 6'.²⁷
- C. Commercial Services in Residential Developments²³
1. Commercial services may be included in a residential development providing the commercial uses are intended to serve the residential community proposed and shall relate well to residential areas in terms of pedestrian and vehicular circulation.
 2. The gross area for commercial uses shall not exceed 5 acres or 10 percent of the gross tract area, whichever is less.
 3. Commercial uses shall not be built or established prior to the residential development unless built in phases consistent with phasing of the residential construction.
 4. These uses shall be located within the interior of the project.
 5. Commercial uses shall be subject to the Conditional Use Permit approval Compatibility Assessment Meeting process as outlined in Article 7 of this Ordinance. Any proposed commercial use that is served from a road that is proposed to be located on the perimeter of the project or on a State Road shall be required to be considered as a part of the Conditional Use Public Hearing process. ~~be subject to the entire Development Review Process.~~⁵
- D. Standards for Commercial ~~or Light Industrial~~ Uses²³
1. Commercial ~~or Light Industrial~~ uses are subject to the following access requirements:
 - a. Such uses will not use adjacent residential roads for through traffic; and

- b. Will connect to principal and major arterial highways as directly as feasible considering access restrictions.⁵
2. Commercial and Light Industrial uses are subject to the requirements of Section 5.6D and the requirements for such standards in Article 8.

Section 5.5 Reserved²³

Section 5.6 Industrial - Commercial (IC) District²³

The purpose of this district is to provide locations for manufacturing, processing, and commercial uses which may require extensive transportation and central or public water and sewer services. It is not the purpose of this district to encourage the use of land within the district for retail services; however, it is anticipated that there may be areas or locations where retail services can be reasonably and logically considered due to their relationship with other uses existing within the district, as well as their relationship with the district boundary line or the configuration of the property and the relative scale of the project.

- A. Principal Permitted and Conditional Uses²³
 1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted and Conditional Uses Table and this section.²⁷
 2. Uses shown as conditional uses (CU) for this district in Appendix C, Principal Permitted and Conditional Uses Table shall be subject the requirements of this section and to review and approval by the Board of Zoning Appeals per the requirements of this Ordinance. ~~the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive.~~²⁷
- B. The following heavy industrial uses shall be require review and approval of the Board of Zoning Appeals under the Conditional Use Permit process evaluated by the Development Review System and shall not be located less than 1000 feet from any Residential property line or property listed on the National and State Historic Register/Survey.
 1. Bituminous concrete mixing and recycling plants
 2. Concrete and ceramic products manufacture, including ready mixed concrete plants
 3. Petroleum products refining or storage (subject to the requirements for such standards in Article 8)²³
 4. Commercial sawmills
 5. Salvage Yards (subject to the Jefferson County Salvage Yard Ordinance)
 6. Garbage or dead animal reduction or processing
 7. Slaughterhouses, Stockyards
 8. Acid or heavy chemical manufacturer, processing or storage
 9. Cement or lime manufacture
 10. Explosive manufacture or storage
 11. Foundries and/or casting facilities
 12. Mineral extraction, mineral processing
 13. Jails and Prisons (subject to requirements for this use in Article 8)²³
- C. Height Regulations

No structure shall exceed seventy-five (75) feet in height except as provided in Section 9.2.
- D. Development Standards

1. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance.^{5, 23, 27}
2. Compliance with Section 4.11 and Section 8.9A(1-9)^{7, 23}
3. Distance Requirements
 - a. Commercial shall comply with Section 4.6B
 - b. Industrial shall comply with Section 4.6A^{7, 23}

E. Lot Area

A minimum lot size of three acres shall be required for any industrial use unless the site is located in an approved Industrial Park.²³

F. Additional Commercial and Industrial Design Standards²⁷

1. Commercial Design Standards^{23, 27}
 - a. Impervious site coverage (parking areas, building areas and other paved surfaces) shall not be greater than 80% of the gross area of the site.
 - b. Adequate provision shall be made for storage and collection of refuse. Refuse containers are subject to Section 4.11F.²⁷
 - c. Permeable areas of the site shall be planted with ground cover, shrubs and trees.
 - d. Lighting shall be provided for all parking areas which will receive night use. Such lighting shall be directed to the parking area and be shielded to prevent adverse glare on adjacent public highways, streets and properties.
2. Industrial Design Standards
 - a. Impervious site coverage (parking areas, building areas and other paved surfaces) shall not be greater than 90% of the gross area of the site.²³
 - b. Adequate provision shall be made for storage and collection of refuse, subject to Section 4.11F.²⁷
 - c. Permeable areas of the site shall be planted with ground cover, shrubs or trees if subject to Section 4.6.

Section 5.7 Rural (R) District²³

The purpose of this district is to provide a location for low density single family residential development in conjunction with providing continued farming activities. This district is generally not intended to be served with public water or sewer facilities, although certain size developments processed under the cluster provision of Section 5.7D(2) may choose to do so in situations where the Development Review System is utilized, it may be. A primary function of the low density residential development permitted within this section is to preserve the rural character of the County and the agricultural community. All lots subdivided in the Rural District are subject to Section 5.7D. The Envision Jefferson 2035 Comprehensive Plan recommends that the cluster provision of the Zoning Ordinance be the preferred method of residential development in the Rural zoning district. The Development Review System does allow for higher density by issuance of a Conditional Use Permit.^{8, 23}

A. Principal Permitted and Conditional Uses^{23, 27}

1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted and Conditional Uses Table.²⁷
2. Uses shown as conditional uses (CU) for this district in Appendix C, Principal Permitted and Conditional Uses Table shall be subject to review and approval by the Board of Zoning

Appeals per the requirements of this Ordinance, the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive.²⁷

B. Minimum Lot Area, Lot Width and Yard Requirements²³

1. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance.²⁷
2. Commercial and Light Industrial uses are subject to the requirements of Section 5.6D and the requirements for such standards in Article 8.²³
3. Any building or feeding pens in which farm animals are kept shall comply with distance requirements specified in Section 4.6 and the requirements for barns and feeding pens specified in Article 8. Also, any buildings used to store manure shall comply with distance requirements specified in Section 4.6A.²³

C. Height Regulations

No structure shall exceed thirty five (35) feet in height as provided in Section 9.2.

D. Maximum Number of Lots Allowed

All parcels of land that were on record as of October 5, 1988 are entitled to subdivide for single family detached residences based on Subsections 5.7D.1, 5.7D.2 or 5.7D.3 below. A property owner may use a combination of these Subsections, provided that the number of lots are prorated by density.⁸ The density rights for any rural development shall be based on the parcel of record as of October 5, 1988 utilizing the following alternatives:

1. A property owner may create one (1) lot for every fifteen (15) acres with a minimum lot size of three (3) acres.^{17, 21}
 - a. Acreage shall be computed using existing acreage on record as of October 5, 1988 and calculating any divisions which have occurred since that time at the time application is submitted. Total acreage does not include acreage which was subdivided off of present parent parcel between October 5, 1988 and time of application.
 - b. A property owner may transfer rights to adjacent parcels which are owned by the same entity.^{17, 21}
2. Clustering
 - a. Purpose and Intent
 - i. To encourage the conservation of farmland in the Rural Zoning District by planning the residential development allowed in the zone to provide for the best obtainable siting, access and location of lots on a tract while retaining a portion of the farmland or forested/wooded area on the property in agricultural use or open space in perpetuity.
 - ii. To provide for a well planned development while minimizing the use of prime agricultural land.
 - b. Requirements
 - i. One (1) lot may be subdivided for every ten (10) five (5) acres.^{17, 21, 23}
 - (a) Acreage shall be computed using existing acreage on record as of October 5, 1988 and calculating any divisions which have occurred since that time at the time application is submitted. Total acreage does not include acreage which was subdivided off of present parent parcel between October 5, 1988 and time of application.

(b) A minimum of fifty percent (50%) of the property shall be retained as active or passive farmland and/or wooded area and/or open space and shall contain no further development rights.

(c) Maximum lot size shall be 3 acres.

ii. The residue of a lot divided utilizing either 5.7D.1 or 5.7D.2 prior to the date of adoption of this amendment in 2016, shall have additional rights based on the provisions of this Subsection, provided that to total lots developed shall not exceed one lot per five acres based on the parent parcel on October 5, 1988 and all other provisions of this Subsection are complied with.

~~ii~~-iii. Minimum lot size shall be 40,000 square feet for lots that will be served by individual wells and septic systems; 20,000 square feet for lots that will be served by a central water OR central sewerage system; and 10,000 square feet for lots that will be served by both a central water AND central sewerage system.^{17, 21}

(a) Setbacks shall be 25' front, 12' sides and 20' rear.

(b) All clusters of three (3) or more lots shall be served by an internal road.²³

(c) Clusters of three (3) or more lots shall not be along an existing public road.

(d) A property owner may transfer rights to adjacent parcels which are owned by the same entity.^{17, 21}

(e) ~~Maximum lot size shall be 3 acres.~~^{17, 21}

iii. Procedures²³

(a) Concept Plan. For the subdivision of tracts eligible for cluster lots, a Concept Plan must be submitted pursuant to the requirements of the Jefferson County Subdivision and Land Development Regulations. All cluster developments must be processed as a Major Subdivision.^{17, 21, 23}

~~(a)~~(b) The Concept Plan for a proposed Cluster Development can be combined with the required submittal and process requirements for a Concept Plan for a Major Subdivision as outlined in the Subdivision Regulations, provided that the Concept Plan includes all requirements of the Concept Plan in the Subdivision Regulations and includes the necessary soils and topographic data, together with a written narrative, required for the analysis listed below.

~~(b)~~(c) The Staff will have final approval shall review and make a recommendation to the Planning Commission regarding over the location the proposed design and layout of the proposed clustering of lots proposed Cluster Development. The Staff shall consider the following when reviewing the Cluster Concept Plans:

(1) Soils: The cluster plan should minimize the use of the higher quality soils (class I, II and III as designated in the soils classification study) and maximize the use of steeper sloped areas, areas of poorer soils and areas which are otherwise less productive for agricultural uses.

(2) Surrounding land use and zoning: The cluster plan shall consider the existing land uses and zoning in the vicinity. Generally, new lots which are adjacent to existing development or residential zoning are preferred to creating an isolated cluster of new houses.

~~(e)~~(d) If the Concept Plan is approved by the Planning Commission, the applicant may then proceed with platting of the clustered development in

accordance with the Jefferson County Subdivision and Land Development Regulations and the approved ~~C~~concept ~~P~~plan. The plat shall bear a statement indicating “The land lies within an approved rural cluster development and no further subdivision of the remaining land is permitted unless the property is placed in another zone or further subdivision is allowed by ordinance or regulation”.²³

3. ~~Not in addition to~~ If the development rights under Subsections 5.7D.1 and 5.7D.2 above have not been utilized, any property that was a lot of record as of October 5, 1988 may create 3 total lots (including the residue) during any five year period. Such application may process as a Minor Subdivision. Applications which exceed this number during any five year period shall process under Subsection 5.7D.1 or 5.7D.2 above. ~~be processed utilizing the Development Review System. Only the residue or parent parcel may qualify under this provision once the original subdivision takes place. All lots that qualify under this section must meet subdivision requirements.~~
- 3.4. Subdivisions involving transfers of land between parent and child shall not be subject to the density requirements of this section. All lots that qualify under this section must meet subdivision requirements. ~~Only the residue or parent parcel may qualify under this provision once the original subdivision takes place.~~ Parent to child or child to parent lots are not entitled to further subdivide except as another parent to child or child to parent transfer.
- 4.5. Once the maximum number of lots are created under 5.7D, the property cannot be further subdivided unless the Ordinance is amended to allow such.

Section 5.8 Residential-Light Industrial-Commercial (R-LI-C) District¹

The purpose of this district is to guide high intensity growth into the designated growth area. Light industrial uses are defined in Section 2.2. All other perceived light industrial uses shall be referred to the Jefferson County Development Authority for a recommendation on whether a use is a light industrial or heavy industrial use. The final decision on use classification shall be made by the Zoning Administrator.²³

- A. Principal Permitted and Conditional Uses^{23, 27}
1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted and Conditional Uses Table.²⁷
 2. Uses shown as conditional uses (CU) for this district in Appendix C, Principal Permitted and Conditional Uses Table shall be subject to review and approval by the Board of Zoning Appeals per the requirements of this Ordinance. ~~the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive.~~²⁷
- B. Standards²³
1. Industrial uses permitted in this district shall be of types that require daily water use of no more than 0.25 gallons per gross square feet of floor space.
 2. Light industrial and commercial uses are subject to the standards for such uses in Article 8 of this Ordinance.^{23, 27}
 3. Impervious surface coverage shall not exceed eighty (80) percent of the gross land area.²⁷
- C. Site Development Standards^{23, 27}

1. All sections of this Ordinance applying to the Residential Growth District with the exception of Section 5.4A will apply to residential uses in this District.²⁷
2. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance. All commercial or industrial uses must be in compliance the requirements for such use in Article 8. In addition, a site plan, if required, must demonstrate that traffic patterns created by Commercial or Light Industrial uses (1) will not use adjacent residential roads for through traffic and (2) will connect to principal and major arterial highways as directly as feasible considering access restrictions.^{5, 7, 23, 27}
3. Restaurants where the primary mode of food distribution is by pick-up counter or drive in window and convenience stores (~~food stores not in excess of 10,000 square feet gross floor area~~) shall be subject to the review and approval of the Board of Zoning Appeals as a Conditional Use per the requirements of this Ordinance~~Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive~~. This requirement shall not apply to a building located within a shopping center shown on an approved site plan.^{23, 26}
4. Proposed uses in this zone are exempt from the distance requirements in Sections 4.6A-B if part of a master planned community. This provision shall only apply to the internal use of land under the same ownership.^{7, 27}

Section 5.9 Reserved²³

Section 5.10 Village (V) District^{8, 23}

The purpose of this district is to allow recognized villages the ability to provide low level services within their boundaries.

A. Principal Permitted and Conditional Uses²³

1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted and Conditional Uses Table.²⁷

~~B. Conditional Uses~~^{23, 27}

2. Uses shown as conditional uses (CU) for this district in Appendix C, Principal Permitted and Conditional Uses Table shall be subject to review and approval by the Board of Zoning Appeals per the requirements of this Ordinance~~the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive~~.²⁷

B. Setbacks²⁷

1. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance. Setbacks may be reduced if approved as a Variance by the Board of Zoning Appeals as a result of a Compatibility Assessment Meeting~~based on other structures existing in the neighborhood~~.²³
2. Existing Structures²⁷
 - a. The side and rear yard setbacks are 6' for an existing structure to be used for a land use as provided in this Article.

- C. Commercial uses shall not cause any odor, dust, smoke, vibration, noise, or electromagnetic interference, which can be detected at or beyond the property line.

- D. Proposed uses in a recognized historic district shall obtain approval from the Historic Landmarks Commission and/or other appropriate state or federal agency prior to processing.²³
- E. There will be no outdoor storage of equipment, materials or other stock.
- F. Parking requirements may be modified as a result of [consideration of a variance of the Parking Standards by the Board of Zoning Appeals](#)~~compatibility meeting~~.²³
- G. Other Requirements²³
 - 1. With the exception of setback requirements as specified in this section, Commercial and Light Industrial uses are subject to the requirements of Section 5.6E and the requirements for such standards in Article 8.

Section 5.11 Neighborhood Commercial (NC) District²⁷

- A. Purpose. The purpose of this district is to permit the development of small scale commercial uses in locations where a commercial use of the intensity permitted in the GC District (and not otherwise permitted in the NC District) is not appropriate. Developments in the NC district should be appropriate in scale, designed, landscaped and buffered so as to be compatible with neighboring land uses.
- B. Location. This zoning category is intended for use on properties:
 - 1. In the Growth Area as shown in the most recently adopted Comprehensive Plan, if the plan does not include a future land use map; or
 - 2. In locations where the appropriate land use category is designated on the future land use map (and related text) in the most recently adopted Comprehensive Plan.
 - 3. In locations with safe vehicular access on roads that function as collector roads.
- C. Permitted Uses
 - 1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted [and Conditional](#) Uses Table.
 - 2. Uses shown as conditional uses [\(CU\)](#) for this district in Appendix C, Principal Permitted [and Conditional](#) Uses Table shall be subject to [review and approval by the Board of Zoning Appeals per the requirements of this Ordinance](#)~~the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive~~.
 - 3. A non-residential land use in this district may include residential uses on building levels located above the ground floor.
- D. Site Development Standards
 - 1. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance.
 - 2. For a non-residential use abutting a commercial or industrial use at a side lot line:
 - a. No side yard building setback is required, unless required by Building Code or other law or regulation.
 - b. Section 4.11A-B does not apply to the side property line that abuts a commercial or industrial use.
 - 3. For a non-residential use abutting a commercial or industrial use at a rear lot line:
 - a. A rear yard building setback may be reduced to 10 feet
 - b. Section 4.11A-B does not apply to the rear property line
 - 4. Section 4.11A-C does not apply to the front lot property line.

5. Vehicular parking requirements shall be 80% of the required number of parking spaces indicated in Article 11 of this Ordinance.
6. On-street vehicular parking spaces located within 100 feet of the property where the development is located may compose up to 50% of the number of required parking spaces indicated in Article 11 of this Ordinance.

E. Additional Requirements

1. Any off-street parking shall be located in the rear or on the side of a building and may not be located between a street and the front facade of a building.
2. Each building shall be limited to a maximum building footprint of 3,500 square feet.
3. For new development or the substantial redevelopment of an existing site, a fifteen-foot-wide pedestrian zone is required, consisting of a ten-foot-wide landscaped buffer yard measured from the edge of the right-of-way (or from the back of the adjacent street curb) and five-foot-wide sidewalks. The landscaped buffer yard may consist of shrubs, ornamental plants, and vegetative ground cover, and need not screen the view of buildings from the adjacent street(s). The landscaping requirements in this subsection are in addition to any other applicable landscaping requirements of this ordinance. If the Comprehensive Plan or the Subdivision and Land Development Regulations identify the property location as appropriate for a trail in lieu of a sidewalk, a trail meeting any applicable county requirements may be installed.
4. One bicycle parking space shall be provided for each ten vehicular parking spaces.
5. Buildings shall be oriented toward the street with one or more entrances facing the principal street adjacent to a building.
6. Commercial and Industrial uses are subject to the requirements for such uses in Article 8.

Section 5.12 General Commercial (GC) District²⁷

- A. Purpose. The purpose of this district is to provide for general destination business uses, which provide a broad range of commercial products and services necessary for large regions. The uses in this district may be characterized by medium-to-large buildings (including retail stores of up to 100,000 square feet of gross floor area for an individual building as per the definition of Retail Store, Large in this ordinance), more intensive commercial activity, and more vehicular traffic than would be permitted for uses in the NC district.
- B. Location. This zoning category is intended for use on properties:
 1. In the Growth Area as shown in the most recently adopted Comprehensive Plan, if the plan does not include a future land use map; or
 2. In locations where the appropriate land use category is designated on the future land use map (and related text) in the most recently adopted Comprehensive Plan.
- C. Permitted Uses
 1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted [and Conditional](#) Uses Table.
 2. Uses shown as conditional uses ([CU](#)) for this district in Appendix C, Principal Permitted [and Conditional](#) Uses Table shall be subject [review and approval by the Board of Zoning Appeals per the requirements of this Ordinance, to the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive.](#)
- D. Site Development Standards

1. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance.
 2. A development that complies with all requirements of Section 5.11E may be developed in accordance with the requirements of Section 5.11D(2-6) and the front setback requirements for the Neighborhood Commercial District as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards.
- E. Additional Requirements
1. Commercial and Industrial uses are subject to the requirements for such uses in Article 8.

Section 5.13 Highway Commercial (HC) District²⁷

- A. Purpose. The purpose of this district is to provide appropriate locations for high-intensity, motor-vehicle oriented commercial uses fronting on major roadways. The uses in this district may be characterized by a broad scale of building sizes, which may include very large buildings that exceed 100,000 square feet of gross floor area for an individual building and which may have a greater impact on surrounding areas as a result of significant truck traffic and other factors. This district may include land uses that are more intensive than other commercial districts and incompatible with nearby adjacent residential uses.
- B. Location. This zoning category is intended for use on properties:
1. In the Growth Area as shown in the most recently adopted Comprehensive Plan, if the plan does not include a future land use map; or
 2. In locations where the appropriate land use category is designated on the future land use map (and related text) in the most recently adopted Comprehensive Plan.
- C. Permitted Uses
1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted [and Conditional](#) Uses Table.
 2. Uses shown as conditional uses [\(CU\)](#) for this district in Appendix C, Principal Permitted [and Conditional](#) Uses Table shall be subject [review and approval by the Board of Zoning Appeals per the requirements of this Ordinance. to the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive.](#)
- D. Site Development Standards
1. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance.
- E. Additional Requirements
1. Commercial and Industrial uses are subject to the requirements for such uses in Article 8.

Section 5.14 Light Industrial (LI) District²⁷

- A. Purpose. The purpose of this district is to provide locations for lighter manufacturing processes which are not as extensive as those provided in the Major Industrial District and can be served with adequate public or community water and sewerage service. In this district, most manufacturing is composed of processing or assembly of previously processed materials.
- B. Location. This zoning category is intended for use on properties:

1. In the Growth Area as shown in the most recently adopted Comprehensive Plan, if the plan does not include a future land use map; or
2. In locations where the appropriate land use category is designated on the future land use map (and related text) in the most recently adopted Comprehensive Plan.

C. Permitted Uses

1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted [and Conditional](#) Uses Table.
2. Uses shown as conditional uses ([CU](#)) for this district in Appendix C, Principal Permitted [and Conditional](#) Uses Table shall be subject to [review and approval by the Board of Zoning Appeals per the requirements of this Ordinance](#)~~the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive.~~

D. Site Development Standards

1. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance.

E. Additional Requirements

1. Commercial and Industrial uses are subject to the requirements for such uses in Article 8.

Section 5.15 Major Industrial (MI) District²⁷

A. Purpose. This district is intended to provide sufficient space in appropriate locations for a wide variety of industrial activities. The uses in this district can be served with adequate public or community water and sewerage service, and may be characterized by extensive warehousing, frequent heavy trucking activity, and broader manufacturing activity than would be permitted in the Light Industrial District.

B. Location. This zoning category is intended for use on properties:

1. In the Growth Area as shown in the most recently adopted Comprehensive Plan, if the plan does not include a future land use map; or
2. In locations where the appropriate land use category is designated on the future land use map (and related text) in the most recently adopted Comprehensive Plan.

C. Permitted Uses

1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted [and Conditional](#) Uses Table.
2. Uses shown as conditional uses ([CU](#)) for this district in Appendix C, Principal Permitted [and Conditional](#) Uses Table shall be subject to [review and approval by the Board of Zoning Appeals per the requirements of this Ordinance](#)~~the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive.~~

D. Site Development Standards

1. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance.

E. Additional Requirements

1. Heavy industrial land uses shall not be located less than 1,000 feet from an adjacent property with a dwelling, school, church or institution for human care or a residential zoning district.
2. Commercial and Industrial uses are subject to the requirements for such uses in Article 8.

Section 5.16 Planned Neighborhood Development (PND) District²⁷

- A. Purpose. The purpose of the PND District is to:
1. Encourage flexibility in the development of land in order to promote its most appropriate use;
 2. Improve the design, character and quality of new developments;
 3. Provide and promote redevelopment and reuse opportunities;
 4. Encourage a harmonious and appropriate mixture of uses and/or housing types;
 5. Facilitate the adequate and economic provision of streets, utilities and services;
 6. Promote safe and convenient travel for pedestrians, bicyclists, transit users, and motorists;
 7. Promote connections to adjacent properties, developments, and transportation routes;
 8. Preserve critical natural environmental features of the site (including but not limited to wetlands, steep slopes, floodplains, woodlands, watercourses, and karst topography) and scenic features of the site (including but not limited to historic resources, mature trees, open spaces, and agricultural landscapes);
 9. Encourage and provide a mechanism for arranging improvements and sites so as to preserve desirable features and to provide transitions between land uses; and
 10. Mitigate the problems which may be presented by specific site conditions.
- B. Location. This zoning category is intended for use on properties:
1. In the Growth Area as shown in the most recently adopted Comprehensive Plan, if the plan does not include a future land use map; or
 2. In locations where the appropriate land use category is designated on the future land use map (and related text) in the most recently adopted Comprehensive Plan.
- C. Permitted Uses
1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted [and Conditional](#) Uses Table.
 2. The Planning Commission may restrict land uses shown as permitted or conditional uses in Appendix C, Principal Permitted [and Conditional](#) Uses Table, as part of the approval of a Preliminary PND Plan.
 3. Uses shown as conditional uses ([CU](#)) for this district in Appendix C, Principal Permitted [and Conditional](#) Uses Table shall be subject to [review and approval by the Board of Zoning Appeals per the requirements of this Ordinance](#)~~the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive.~~
- D. Site Development Standards
1. If not otherwise addressed in the Preliminary PND Plan, setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this ordinance. However, setbacks and other site development standards may be modified as part of the approval of a PND zoning map amendment request, as described in this article.
 2. Modification of Development Standards Allowed
 - a. The Planning Commission may approve modifications of the development standards of this Ordinance and the Jefferson County Subdivision and Land Development Regulations as part of the approval of a Preliminary PND Plan.
 - b. Modification of these standards pertains only to developments associated with the Preliminary PND Plan for which the modifications are approved.
- E. Additional Requirements

1. A PND development shall include the following mix of uses, measured as follows, after the Open Space requirement is met:
 - a. 10-30% of the land area shall be commercial
 - b. 10-30% of the residential units shall be multifamily (7+ dwelling units per acre)
 - c. 20-40% of the residential units shall be attached/detached (4-6 dwelling units per acre)
 - d. 0-60% of the residential units shall be detached (1-3 dwelling units per acre)
2. Open Space Requirements
 - a. A minimum of 20% of the total tract area of a PND development shall be composed of common and open space. Up to one-half of the common and open space may be used for active recreation. Acreage within the 100-year floodplain, as designated by the Federal Emergency Management Agency's (FEMA) Flood Insurance Rate Maps (FIRM) or acreage of critical natural environmental features (as defined in this article), may constitute up to 50% of the required common and open space area.
 - b. At least 20% of the total of the site's existing tree canopy area shall remain undisturbed and shall be so noted on any site plan or subdivision approval associated with the development.
3. Connectivity Requirements. The development shall provide pedestrian and vehicular connections to each adjacent undeveloped property and/or property containing a non-residential or multi-family use, or to one or more streets in an adjacent residential subdivision. If a connection to an adjacent property cannot be made at the time that the Preliminary PND Plan for the development is submitted, the plan shall include a cross-access easement in a logical location to allow for future connection when the conditions on the adjacent property will allow for connection. Such pedestrian easements shall be permanent.
4. Street Network. An interconnecting network of internal streets shall be designed to accommodate the various uses found within a PND development. Where possible, all access to sites shall be from these internal streets.
5. Commercial and Industrial uses are subject to the requirements for such uses in Article 8.
6. For a PND development proposed to be located on a lot where a trail is shown on a plan adopted by Jefferson County, establishment of a permanent trail easement shall be required prior to site plan approval.

F. Review and Approval Process

The review and approval of a development in the PND district includes the following steps:

1. Pre-Application Conference. Prior to filing a formal application for a Zoning Map Amendment for a PND district, the applicant shall schedule and attend a Pre-Application Conference with staff of the Planning, Zoning, and Engineering Departments. The purpose of the conference is for the applicant to present a general concept for the development, and for staff to inform the applicant of relevant policies, requirements, adopted plans, planning principles, and recommendations. This conference is informal and has no binding effect.
2. Preliminary PND Plan. Submittal of a Preliminary PND Plan is required prior to submittal of a petition for a map amendment to change the zoning designation of a property to the Planned Neighborhood Development district.
 - a. The format and content requirements for a Preliminary PND Plan shall be the same as the Submission and Completeness Review requirements for a Major Site Plan Concept Plan as described in the Jefferson County Subdivision and Land Development Regulations, with the exception of the public workshop and advertising requirements. Additionally, a Preliminary PND Plan shall include the following:
 - i. Graphic illustration of locations of proposed land uses; landscaping areas; pedestrian amenities; interconnectivity of roads, trails, sidewalks, and adjacent parcels; open space areas and areas of undisturbed tree canopy; passive or active

- recreational areas; setbacks for buildings, parking, drive aisles, and other features associated with the proposed development.
- ii. Proposed square footages of development by type and proposed residential densities.
- iii. Proposed building heights.
- iv. Any requested modifications to the standards of the Zoning Ordinance or the Subdivision and Land Development Regulations.
- b. Following a staff determination that the Preliminary PND Plan is sufficient, the applicant may present a petition for a zoning map amendment to the Planning Commission. The Preliminary PND Plan is a required component of the petition submission.
- 3. Zoning Map Amendment. The procedure for processing a map amendment petition shall be in accordance with the requirements of Article 12 and this Article.
 - a. Presentation of petition for map amendment. The applicant shall present the petition for map amendment to the Planning Commission. As part of the petition, the applicant shall provide a Preliminary PND Plan to the Planning Commission, as described in this article.
 - b. Planning Commission review and public hearing. The Planning Commission shall conduct a public hearing on the proposed zoning map amendment in accordance with Article 12 and this Article. In addition to the notification requirements of Article 12, public notice for a PND shall include any requested modifications of development requirements. The Preliminary PND Plan shall be considered during the public hearing. In addition to the review criteria for a Concept Plan as required by the Subdivision and Land Development Regulations, the Planning Commission shall utilize the following criteria in its consideration of a Preliminary PND Plan and any requested modifications to the Zoning Ordinance and/or the Subdivision and Land Development Regulations:
 - i. Consistency with the purpose of the PND district as described in this Article;
 - ii. General conformance with the Zoning Ordinance, with the exception of requested modifications of development standards;
 - iii. Consistency with the Comprehensive Plan.
 - c. As part of its recommendation to the County Commission regarding approval or disapproval of a zoning map amendment as described in Article 12, the Planning Commission shall make a recommendation to the County Commission regarding the Preliminary PND Plan, including any changes proposed by the Planning Commission.
 - d. County Commission review and public hearing. The County Commission shall conduct a public hearing on the proposed map amendment in accordance with Article 12 and this Article. In addition to the notification requirements of Article 12, public notice for a PND shall include any requested modifications of development requirements.
 - e. In its deliberation of a proposed map amendment to change a zoning designation to a PND district and any requested modifications to the Zoning Ordinance and/or the Subdivision and Land Development Regulations, the County Commission shall consider:
 - i. Consistency with the purpose of the PND district as described in this Article
 - ii. General conformance with the Zoning Ordinance, with the exception of requested modifications of development standards
 - iii. Consistency with the Comprehensive Plan
 - f. The County Commission shall approve, amend, or deny the Preliminary PND Plan and the zoning map amendment request; and may apply conditions to the approval of a zoning map amendment to a PND district.

- g. County Commission approval of a zoning map amendment to change the zoning designation of a property to a PND district shall have the following effect:
 - i. Approval of the change in zoning designation;
 - ii. Approval of the Preliminary PND Plan;
 - iii. Approval of any modifications to the Subdivision and Land Development Regulations and the Zoning Ordinance; such modifications being associated with the Preliminary PND Plan; and
 - iv. Establishment of any conditions of approval applied by the County Commission.
- 4. If a request to amend the zoning map designation of a tract to a PND district is approved, the applicant may submit applications for the development of the property as a PND development.
 - a. Compliance with Other Ordinances. With the exception of any modifications granted by the County Commission, all applicable requirements of the Zoning Ordinance, the Subdivision and Land Development Regulations, and all other County ordinances must be met, including but not limited to any applicable site plan and subdivision requirements.
 - b. Consistency with Preliminary PND Plan. All applications submitted for the site must be consistent with the requirements of the approved Preliminary PND Plan and shall clearly state any modifications granted.
 - c. Any modifications to the Zoning Ordinance or the Subdivision and Land Development Regulations approved by the County Commission are associated with and indivisible from the approved Preliminary PND Plan.
- 5. Amendment. Minor changes to a Preliminary PND Plan may be reviewed and approved administratively if the Planning and Zoning Department determines that such changes are consistent with the purpose and general character of the Preliminary PND Plan. An applicant's request for revisions determined substantive by the Planning and Zoning Department shall follow the approval process for a Preliminary PND Plan as described in this Article. Substantive changes include but not are limited to changes that would exceed one or more of the percentages noted in a-c below.
 - a. A change in total square footage of the development by $\pm 10\%$
 - b. A change in the area of any land use by $\pm 10\%$
 - c. A change in the residential density by $\pm 5\%$

Section 5.17 Office / Commercial (OC) Mixed-Use District²⁷

- A. Purpose. The purpose of the OC district is to allow for well-designed employment centers. Developments in the OC district contain a mix of land uses, primarily oriented to commercial and office uses but also allowing multi-family and attached single-family residential uses. Developments are oriented to principal streets, contain substantial public space and streetscaping, allow for pedestrian movement within the site and between adjacent sites, and meet the design standards provided for this district.
- B. Location. This zoning category is intended for use on properties:
 - 1. In the Growth Area as shown in the most recently adopted Comprehensive Plan, if the plan does not include a future land use map; or
 - 2. In locations where the appropriate land use category is designated on the future land use map (and related text) in the most recently adopted Comprehensive Plan.
- C. Permitted Uses
 - 1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted [and Conditional](#) Uses Table.

2. Uses shown as conditional uses ([CU](#)) for this district in Appendix C, Principal Permitted [and Conditional](#) Uses Table shall be subject to [review and approval by the Board of Zoning Appeals per the requirements of this Ordinance](#)~~the Compatibility Assessment Meeting process pursuant to Article 7, Section 7.6 inclusive.~~

D. Site Development Standards

1. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance.
2. For a non-residential use abutting a commercial or industrial use at a side lot line:
 - a. No side yard building setback is required, unless required by the Building Code or other law or regulation.
 - b. Section 4.11A-B does not apply to the side property line that abuts a commercial or industrial use.
3. For a non-residential use abutting a commercial or industrial use at a rear lot line:
 - a. A rear yard building setback may be reduced to 10 feet.
 - b. Section 4.11.A-B does not apply to the rear property line.
4. Section 4.11.A-C does not apply to the front lot property line.
5. Vehicular parking requirements shall be 80% of the required number of parking spaces indicated in Article 11 of this Ordinance.
6. On-street vehicular parking spaces located within 100 feet of the property where the development is located may compose up to 50% of the number of required parking spaces indicated in Article 11 of this Ordinance.

E. Additional Requirements

1. Of the gross floor area of land uses in a development in this district, at least 75% shall be non-residential uses, and at least 50% shall be office uses.
2. Buildings fronting a principal street must be at least 2 stories in height.
3. A minimum of 75% of the total gross floor area located on the ground floor of buildings in a development in this district shall be composed of non-residential space
4. Any off-street parking shall be located in the rear or on the side of buildings and may not be located between a street and the front façade of a building.
5. For new development or the substantial redevelopment of an existing site, a fifteen-foot-wide pedestrian zone is required, consisting of a ten-foot-wide landscaped buffer yard measured from the edge of the right-of-way (or from the back of the adjacent street curb) and five-foot-wide sidewalks. If the Comprehensive Plan or the Subdivision and Land Development Regulations identify the property location as appropriate for a trail in lieu of a sidewalk, a trail may be installed.
6. One bicycle parking space shall be provided for each ten vehicular parking spaces. Said bicycle spaces shall not be located within the required sidewalk or in a manner that impedes pedestrian access to the building and may be located within the landscape buffer area provided that it occupies less than 10% of the length of the required buffer, or may be located at the side or rear of the building.
7. Buildings shall be oriented toward the street with one or more entrances facing the principal street adjacent to a building.
8. Commercial and Industrial uses are subject to the requirements for such uses in Article 8.

ARTICLE 6: RESERVED DEVELOPMENT REVIEW SYSTEM**Section 6.1—Development Review System (DRS)**

The purpose of the Development Review System (also referred to as DRS) is to assess a particular site's development potential based on criteria which determine the agricultural longevity of the parcel in combination with the presence of and compatibility with public services adjacent to and in close proximity to the site. The DRS is a numerical rating system designed to function within the framework of the traditional zoning districts referenced in this ordinance. All commercial uses and those uses which are not permitted in zoning districts shall be governed by the procedures set forth in Article 7 and all sections that reference requirements to obtain a conditional use permit. It shall be unlawful to commence construction of any commercial uses or uses which are not permitted uses in a zoning district without obtaining conditional use permit approval.

Section 6.2—Issuance of a Conditional Use Permit

Application for a conditional use permit shall be made before construction of any uses not listed as permitted uses within the appropriate zoning district. Upon receipt of an application, the site will be evaluated by the Departments of Planning and Zoning Staff using the Development Review System. The two major components of the System, the Soils Assessment and the Amenities Assessment, consist of criterion which each possess a numerical value that is weighted relative to its importance as an indicator of a parcel's agricultural significance or its development potential. The total numerical value of the combined criteria is 100 points: the Soil Assessment contributes 25 points and the Amenities Assessment contributes 75 points. The highest total numerical value of the combined criteria indicates that a parcel is more suitable for agriculture, whereas, the lowest numerical value indicates that development is more appropriate for the site. A score of 60 points or less advances the application to the Compatibility Assessment as provided in Section 7.6.^{14, 17, 21, 23}

Section 6.3—The Soils Assessment

- A. The Soils Assessment evaluates a particular parcel for development based on the soil types it possesses. The following soils types will be combined into soil groups:
- B. The Soils Assessment of a proposed development is not applicable when one or more of the following circumstances applies:²⁷
 - 1. The development proposal is located within the Residential Growth District or the Industrial Commercial District; or²⁷
 - 2. The proposed land use will be completely contained:²⁷
 - a. In an existing building, and/or
 - b. On an existing paved area installed prior to the effective date of this Ordinance, and/or
 - c. On an existing paved area installed at any time, for a non-residential purpose, in compliance with County regulations in existence at the time of the installation; or
 - 3. A land use that complies with Sec. 6.3B.2 with the exception of a one-time expansion of an existing paved area that meets the criteria described in Section 6.3B.2 and/or a one-time expansion of an existing building footprint by the lesser of either:²⁷
 - a. Up to 1,000 square feet total, or
 - b. Up to 50% of the building footprint of an existing building and/or an existing paved area that meets the criteria described in Sec. 6.3B.2
 - c. The following soils types will be combined into soil groups:

The points for the soils assessment are computed as follows:⁵

- A. Determine the area of each soil type on the property according to the map symbols.
- B. Multiply the soil type areas times the Relative Value for the soil type taken from the List of Soil Groups and Relative Values.
- C. Sum the products of the multiplication of Area times Relative Value to obtain a total for the property.
- D. Divide the total of the multiplication products by the Total Area of the property to obtain the Weighted Relative Value.
- E. Multiply the Weighted Relative Value times the 25 Soil Assessment Points. Then divide the product by 100 to obtain the allowable number of Soil Assessment Points.

Soil groups take into account a rating of best and worst individual soil types. The following 10 soil groups have been developed from the Jefferson County Soil Survey and have been assigned relative values based on their agricultural productivity (see note).⁵

The soil groups and their corresponding values will be incorporated into a work sheet to be used to evaluate the potential agricultural value of each site.

If 50% to 65% of the total soils are rated severe for home construction or street construction, by the Jefferson County Soil Survey, add 5 points to the Land Evaluation value of the work sheet.

If over 65%, add 10 points to the Land Evaluation value of the work sheet.

The soils assessment shall not exceed 25 points.

NOTE: The development of soil groups have been determined by the USDA Natural Resources Conservation Service using corn as the indicator crop.^{1, 17, 21, 23}

Section 6.4—Amenities Assessment^{17, 21}

The amenities assessment of the Development Review System provides indicators of a site’s agricultural viability or its development potential. The following criterion are weighted with a high numerical value assigned if the site is more agriculturally viable and a low numerical value assigned if development would be more appropriate for the parcel. The procedure for the compatibility assessment is contained in Article 7.

For nonresidential projects, there is no impact on Proximity to Schools or Parks and Recreation. Therefore, these points have been added to Size of Site, Highway Problem Areas, and Roadway Adequacy as shown.

A.—Size of Site⁴

This criterion reflects the importance of preserving large blocks of land as a primary goal of agricultural preservation; therefore, acreage shall be contiguous. For nonresidential projects, the points on the right will be applied:

<u>Acres</u>	<u>Residential Project Points</u>	<u>Nonresidential Project Points</u>
0 to 40 acres	0 points	0 points
40 to 80 acres	3 points	5 points
Over 80 acres	6 points	10 points

B.—Adjacent Development⁷

This criterion assesses percentage of adjacent land that which is developed or under development. Development and development pressure includes: a subdivision of more than 5 lots, lots of less than 5 acres and all commercial or industrial uses. This measurement shall be by a computation of linear feet around the boundary of the property in question. Agricultural related industry or uses shall be considered “no development pressure.” Adjacent property includes land separated by roads, rights-of-way, railroads, and other easements. After the percentage of land under development pressure is calculated the remaining percentage of adjacent property may be considered as property where there is no development pressure. The points shall be assessed as follows:

For the property not under development pressure or not developed:

<u>Percent</u>	<u>Points</u>
0 to 40 percent	0 points
40 to 65 percent	5 points
65 to 100 percent	10 points

C.—Distance to Growth Corridor

The distance to the growth corridor relates to the distance of the subject parcel to the boundaries of the Residential Growth District or the Residential Light Industrial Commercial District adopted within this Ordinance. Measuring shall be by the closest linear distance from the property to the closest point of either of the aforementioned growth districts.

<u>Distance</u>	<u>Points</u>
Less than .25 mile	0 points
.25 mile to .75 mile	6 points
Over .75 mile	12 points

D.—Comprehensive Plan Compatibility

This criterion shall determine whether site development is supportive of or has a negative impact on the following elements of the Comprehensive Plan: Highway Problem Areas, Compatibility of site development with designated parks or proposed parks and recreational areas and percentage of proposed affordable housing.

Highway Problem Areas

<u>Number of Areas</u>	<u>Residential Project Points</u>	<u>Nonresidential Project Points</u>
0 problem areas	0 points	0 points
1 problem area	3 points	6 points
2 problem areas	6 points	12 points

Highway Problem Area Points will be assessed as follows:

If the site is accessible to the closest ‘in county’ incorporated area (using the most direct vehicular route) and an ‘out of county’ market area (Frederick, MD; Winchester, VA; Inwood, WV; Martinsburg, WV) (using the most direct vehicular route) without traveling through a Highway Problem Area as shown on the Comprehensive Plan Highway Problem Area Map the project would score a 0 for this criterion.²³

If the site is accessible to either one or the other without traveling through a Highway Problem Area the project would score a 3 for this criterion.²³

If a Highway Problem Area intersects the most direct vehicular route to the closest in county incorporated area and the closest out of county market area, the project would score a 6 for this criterion.²³

Affordable Housing

<u>Percent</u>	<u>Points</u>
25% affordable housing is proposed	0 points
10% affordable housing is proposed	3 points
No affordable housing is proposed	6 points

Park/Recreational

<u>Proposal</u>	<u>Points</u>
Proposing a 5 acre park or 10% of gross acreage (whichever is greater) with amenities and land dedicated to and accepted by Jefferson County Parks and Recreation Commission	0 points
Located within 2 miles from an area marked on the Comprehensive Plan Parks and Recreation Map	3 points
Located farther than 2 miles from an area marked on the Comprehensive Plan Parks and Recreation Map	6 points

Distances for Parks and Recreation will be measured by vehicular miles from a subdivision entrance by the most direct route to the closest park or recreation area as shown on the Comprehensive Plan map of Parks and Recreation Areas.

For nonresidential projects, parks and recreation points will be reassigned to Highway Problem Areas: 0, 6, and 12.

E. Proximity to Schools⁴

<u>Distance</u>	<u>Residential Project Points</u>	<u>Nonresidential Project Points</u>
Less than 2 miles	0 points	For Nonresidential projects points are reassigned to Roadway Adequacy and Size of Site.
2 to 4 miles	4 points	
Over 4 miles	8 points	

~~The purpose of assessing the proximity of schools to new development is to avoid excessive busing of students. Distances for schools will be measured by vehicular miles from a subdivision entrance by the most direct route to the entrance of the appropriate school.~~

~~For nonresidential projects the proximity to schools points will be reassigned to roadway adequacy: 0, 10, and 16 and size of site: 0, 5, and 10.~~

~~F. Roadway Adequacy⁴~~

<u>Road Type</u>	<u>Residential Project Points</u>	<u>Nonresidential Project Points</u>
Primary or Four Lane Road	0 points	0 points
Secondary	6 points	10 points
Local Service	12 points	16 points

~~Point values for this criterion are assigned based on the designation of the Comprehensive Plan Highway Classification map. Section 6.5D evaluates the operational proximity of the site to designated highway problem areas.~~

~~G. Emergency Service Availability~~

~~The purpose of this criterion is to assess the distance of potential site development to emergency services: fire department (4.5 points) and ambulance service (4.5 points).~~

~~Distance to Emergency Services~~

<u>Distance to Fire</u>	<u>Points</u>	<u>Distance to Ambulance</u>	<u>Points</u>
Less than 2 miles	0 points	Less than 2 miles	0 points
2 to 5 miles	2.5 points	2 to 5 miles	2.5 points
Over 5 miles	4.5 points	Over 5 miles	4.5 points

~~Distances for Fire and Ambulance will be measured by vehicular miles from a subdivision entrance by the most direct route to the closest entrance of the appropriate fire or ambulance station.~~

~~Section 6.5 — Computation of Soils/Amenities Assessment²⁷~~

~~A. At the completion of evaluation of a site with the Soils and Amenities Assessment Criteria, there should be a total number of points awarded to each Assessment. Since the Soils Assessment utilized was based on a 100 points relative point value in itself, a minor conversion must be made to the total relative value. The Development Review System allots a maximum of 25 points to the Soils Assessment therefore the conversion to be made is expressed as follows: $100 \times .25 = 25$ pts. (For example, if a parcel receives the maximum point value of 100 points, in actuality only 25 points will be awarded for the Soils Component of the Development Review System.)~~

~~B. The Amenities Assessment has a 75 point maximum point value.~~

~~C. The combined maximum total for both Assessments is 100 points. The most agriculturally significant parcel would rate 100; the most developable parcel would rate 0. A total of 60 points or less advances the application to the Compatibility Assessment Meeting.^{14, 17, 21}~~

~~D. Any land in the Rural District that is located on a primary or secondary road, as defined in the Comprehensive Plan, shall not have to process through the LESA points process for a commercial or industrial project and shall be advanced directly to the Compatibility Assessment Meeting.^{17, 21}~~

ARTICLE 7: RESERVED PROCEDURAL REQUIREMENTS FOR REVIEW

Section 7.1—Purpose

~~The Procedural Requirements section of the Ordinance details the procedures to review development utilizing the zoning district regulations and/or the Development Review System. All plans and development approved shall comply with the standards contained in this Article.²³~~

Section 7.2—Zoning District Principal Permitted Uses

~~All uses listed as principal permitted uses within a zoning district shall be developed subject to the Jefferson County Subdivision and Land Development Regulations.²³~~

Section 7.3—General Development Review System Requirements

- ~~A. If a proposed use is not listed as a principal permitted use in a zoning district, the applicant must submit a Development Review System application subject to the requirements of Section 7.4.²³~~
- ~~B. Filing an application with the Planning and Zoning Staff is the first of several stages within the Development Review System. Those stages are listed below.~~
 - ~~1. Filing the application~~
 - ~~2. Departments of Planning and Zoning Staff Evaluation of the Development Review System²³~~
 - ~~3. Compatibility Assessment Meeting~~
 - ~~4. Public hearings~~
 - ~~5. Board of Zoning Appeals decision on the issuance or denial of the Conditional Use Permit^{2, 23}~~

Section 7.4—Filing the Application

- ~~A. The owner or the owner's agent proposing to develop land that is not a principal permitted use in the district where it is located shall consult with the Departments of Planning and Zoning. Fifteen (15) copies of a sketch plan detailing the project shall be submitted with an application and fifteen (15) copies of the support data that will enable the project to be evaluated by the Development Review System, at least ten (10) days prior to the scheduling of a Compatibility Assessment Meeting. This meeting will occur within thirty (30) days from the date that the meeting is scheduled by the staff. Copies of the application, sketch plan, and development review data shall be available for public review in the Planning Office at such time as the proposed development is advertised in the newspaper.^{1, 2, 7, 17, 21, 23}~~
- ~~B. The sketch plan shall include the entire original parcel as it appeared on the date this Ordinance took effect. The property proposed for development shall be drawn to a reasonable scale (eg. 1" = 50', 1" = 100', or 1" = 200'). The sketch plan shall show, in simple form, the proposed layout of lots, parking areas, recreational areas, streets, building areas, and other features in relation to each other and to the tract boundaries. Contour lines, as shown on the appropriate U.S.G.S. Topographic Quadrangle Map or other data source approved by the Departments of Planning, Zoning, and Engineering, should be superimposed on the sketch plan. The source of all contour lines shall be noted on the plan. Natural features such as woods, watercourses, prominent rock outcroppings, sinkholes and quarries shall be delineated.²³~~

~~C. The sketch plan should be accompanied by a tract location map; a soils report indicating the soil types on the parcel and a map delineating the boundaries of each soil type; and the necessary support data, to evaluate the site by the Development Review System, listed below.~~

~~D. Support Data~~

- ~~1. Name and address of owner/developer.~~
- ~~2. Name and address of contact person.~~
- ~~3. Type of development proposed.~~
- ~~4. Acreage of original tract and property to be developed.~~
- ~~5. General description of surface conditions (topography).~~
- ~~6. Soil and drainage characteristics.~~
- ~~7. General location and description of existing structure.~~
- ~~8. General location and description of existing easements or rights of way.~~
- ~~9. Existing covenants and restrictions on the land.~~
- ~~10. Intended improvements and proposed building locations including locations of signs.~~
- ~~11. Intended land uses.~~
- ~~12. Earth work that would alter topography.~~
- ~~13. Tentative development schedule.~~
- ~~14. Extent of the conversion of farm land to urban uses.~~
- ~~15. Affected wildlife populations.~~
- ~~16. Ground water and surface water and sewer lines within 1320 feet.~~
- ~~17. Distance to fire and emergency services that would serve the site.~~
- ~~18. Distance to the appropriate elementary, middle, and high school.~~
- ~~19. Traffic characteristics—type and frequency of traffic; adequacy of existing transportation routes.~~
- ~~20. Demand for school services created by this development.~~
- ~~21. Proximity and relationship to historic structures or properties within two hundred (200) feet.~~
- ~~22. Proximity to recreational facilities.~~
- ~~23. Relationship of the project to the Comprehensive Plan.~~

~~E. The developer shall submit a list of all property owners, and their addresses, adjacent to and confronting the property which is to be developed.~~

~~F. Payment of fees—Within one week of the submittal of a Development Review System application, all required fees must be paid.²³~~

~~G. The Zoning Administrator shall determine if the sketch plan and support data are adequate.^{8, 17, 21, 23}~~

~~Section 7.5—Planning and Zoning Staff Evaluation of the Development Review System~~

- ~~A. The staff will evaluate all applications for the proposed land use in conjunction with Article 6 and all other applicable sections of the Zoning and Land Development Ordinance and other pertinent ordinances governing development in the County.²³~~
- ~~B. Staff will notify the adjacent and confronting property owners of the date, time, and place of the Compatibility Assessment Meeting by registered mail. Notification requirements of Section 3.4A.3(b) shall apply.^{1,23}~~
- ~~C. A North American Industrial Classification System (NAICS) code will be assigned to the proposed project. Once the classification is agreed upon, the NAICS code shall be binding. Any change of use shall require submittal of a new application in accordance with Article 7.²³~~

~~Section 7.6—Compatibility Assessment Meeting~~

- ~~A. The Compatibility Assessment Meeting allows the adjacent and confronting property owners and all other interested parties the opportunity to hear the Applicant's presentation and proposal. The presentation will address the compatibility of the project to the existing areas adjacent to the site. Following the Applicant's presentation, attendees may ask questions or provide comments. Any discussion shall be limited to the proposal's compatibility as presented rather than whether the site should be developed by any other use. At the end of the discussion, the staff shall summarize the positions presented by those in attendance. If the majority of those in attendance are in agreement that the staff record is accurate, the meeting will end. If there is need for clarification of a particular issue the staff will allow additional time for clarification before ending the meeting.²³~~
- ~~B. During the Compatibility Assessment Meeting, those who participate should address, but are not limited to, the following criteria to determine compatibility of the proposed project:
 - ~~1. Adopted Federal, State and local regulations;~~
 - ~~2. Similarity of proposed development type (residential, commercial, industrial, agricultural, etc.) to existing development types;~~
 - ~~3. In a residential project, similarity of the density of the proposed development to existing density in the neighborhood;~~
 - ~~4. Adequacy of roads and highways to accommodate traffic to be generated by the development, with particular attention to dangerous intersections designated by the State Roads Commission or the State Police;~~
 - ~~5. Present and future transportation patterns in the area;~~
 - ~~6. Consistency with land use plans and regulations of incorporated municipalities immediately adjacent to the proposed development;~~
 - ~~7. Any variance which is known to be required at the time of submittal;~~
 - ~~8. The relationship of the proposed change to the adopted Comprehensive Plan; and~~
 - ~~9. All items submitted with the application.^{17,21}~~~~
- ~~C. Staff shall monitor and record the meeting. A time limit, as referred to in Section 7.7C may be imposed if there are a large number of speakers. Staff may comment on the proposed development's conformance to applicable State, Federal and Local codes.^{17,21,23}~~

- ~~D. If not all issues raised at the Compatibility Assessment Meeting were resolved at that meeting, a public hearing of the Board of Zoning Appeals will be required. Staff shall prepare a report summarizing the developer's proposal, the agreed upon conditions, and any other pertinent data and will advertise for the public hearing. A public hearing in conformance with this article will be conducted no fewer than 30 days but no more than 60 days from the date of the Compatibility Assessment Meeting. At the public hearing, the Board shall take action as described in Section 7.6F.^{1, 17, 21, 23}~~
- ~~E. If all issues raised at the Compatibility Assessment Meeting were resolved at that meeting, no public hearing shall be required. At the next Board of Zoning Appeals meeting, the Board shall take action as described in Section 7.6F.^{2, 17, 21, 23}~~
- ~~F. The Board of Zoning Appeals shall issue, issue with conditions, or deny the conditional use permit. The standards governing the issuance of the Conditional Use Permits shall be: successful LESA Point application, Board of Zoning Appeals resolution of unresolved issues; and, evidence offered by testimony and findings by the Board of Zoning Appeals that the proposed development is compatible with the neighborhood where it is proposed.^{2, 17, 21, 23}~~
- ~~G. A Conditional Use Permit shall be valid for the time period identified in Section 3.2G of this Ordinance.²³~~

Section 7.7 — Public Hearings for Development Review System²³

- ~~A. Unless otherwise superseded by the Board of Zoning Appeals Rules of Procedure, a public hearing for a Development Review System application shall be conducted in accordance with this section.~~
- ~~B. The public hearing will be conducted by the Board of Zoning Appeals. The purpose of the meeting is to hear the staff's report of the issues and concerns raised at the Compatibility Meeting. Any comments relative to the validity of the staff's report should be presented at this meeting. Concerns that have been addressed and agreed upon as accurate by the majority of those present at the Compatibility Assessment Meeting should not be addressed at this hearing. Speakers shall be limited to resolution of issues which could not be resolved at the Compatibility Assessment Meeting and the compatibility of the project within the neighborhood.^{1, 17, 21}~~
- ~~C. All public hearings shall have time limits allotted to those who speak, as follows: the applicant or agent shall have 30 minutes for a presentation, each group who speaks may have 15 minutes, each individual who speaks is allotted 5 minutes, the applicant or agent is allowed 15 minutes for rebuttal. The time limit provision within this section may be modified by the Board of Zoning Appeals Chairperson in the event that there are a large number of persons to speak at a particular hearing. The Board shall announce any change to this section at the beginning of the hearing.^{17, 21}~~
- ~~D. Notification requirements of Section 3.4A.3(b) apply.~~
- ~~E. The Board of Zoning Appeals shall render a decision no more than 60 days after the public hearing.^{17, 21}~~

ARTICLE 8: SUPPLEMENTAL USE REGULATIONS²³

Section 8.1 Adult Use Requirements^{16, 23}

Adult arcades, adult bookstores, adult cabarets, adult mini motion picture theaters, adult saunas, adult theaters, sexual encounter establishments, sexual paraphernalia stores, massage parlors and any sign advertising the operation thereof, shall only be permitted in the Industrial-Commercial District under the following conditions:

- A. All elements of the use, including parking areas, shall be located at least 1,500 feet from any zoning district other than Industrial-Commercial not separated from the subject property by a public road or railroad right-of-way.²⁷
- B. A proposed adult arcade, adult bookstore, adult cabarets, adult mini motion picture theaters, adult saunas, adult theaters, sexual encounter establishments, sexual paraphernalia stores, massage parlors or any sign advertising the operation thereof, shall not be permitted within 2,500 feet of a lot with an existing adult use or a lot with a sign advertising an adult use.
- C. All elements of any use described in this section, including parking areas, shall be located at least 1,500 feet from any lot, regardless of its zoning classification, that contains a dwelling unit, a school, a church or house of worship or an institution for human care, regardless it is separated by a public road or railroad right-of-way.

This provision does not apply to any specific existing use that legally qualifies as a nonconforming use; provided, however, that an existing nonconforming use cannot add any of the uses described in this section to their operations as existing on May 1, 2003.

Section 8.2 Barns and Feeding Pens²³

Barns and feeding pens must be set back a minimum of 75' from a residential district, a lot with a residential use, a church, a school, or an institution for human care.

Section 8.3 Bed and Breakfast²³

A bed and breakfast may contain up to 7 bedrooms, and may conduct up to 4 receptions per year, with 1 tent per reception. Breakfast is the only meal served, and is served only to overnight tenants and their guests. An owner or designated caretaker must reside on the premises while the bed and breakfast is occupied. Up to 2 bedrooms may be located in an accessory dwelling unit, provided that the total number of bedrooms associated with the land use does not exceed 7.

Section 8.4 Kennels²³

All portions of a Kennel land use must be buffered pursuant to Article 4 and set back at least 500 feet from any property that contains a residence. Kennels cannot be located within a [Planning Commission approved major](#) residential subdivision.¹⁵

Section 8.5 Farm Brewery, Farm Winery, or Farm Distillery^{23, 26}

- A. All structures associated with the operation of a farm brewery, farm winery, or farm distillery may not exceed 20,000 square feet.²⁶
- B. No sale of alcohol for onsite consumption is permitted.²⁶
- C. The use may include facilities for fermenting, processing, bottling, packaging, and storage of products produced on-premises²⁶
- D. Permitted accessory uses include the following:²⁶
 1. Incidental tastings of products produced on-premises.
 2. Incidental food sales associated with tastings, not including a restaurant.
 3. Sales of packaged products produced on-premises.
 4. Sales of novelty and gift items associated with products produced on-premises.
- E. Twenty-five percent of the raw products for a product containing alcohol that is produced by a farm brewery, farm winery, or farm distillery must be produced (i.e. grown and harvested) on the premises of the farm brewery, farm winery, or farm distillery. No more than twenty-five percent of any produce utilized for farm wineries and farm distilleries shall originate from any source outside of West Virginia.²⁶
- F. Production limits are as follows:²⁶
 1. A farm brewery may produce annually up to 5,000 barrels of beer (155,000 gallons).
 2. A farm winery may produce annually up to 50,000 gallons of wine and similar products.
 3. A farm distillery may produce annually up to 20,000 gallons of alcoholic liquor.
- G. Buildings located on the premises may exceed the square footage limit of Section 8.5A provided that the total building area dedicated to the use does not exceed to total permitted square footage. This limit applies to the use of space for distilling, bottling, sales, administrative offices, and customer area, and does not apply to a barn, greenhouse or similar structure that is directly related to agricultural production.²⁶

Section 8.6 Farm Market²³

The floor area of a farm market may not exceed 1,500 square feet, a front yard setback of fifty feet (50) from the street right-of-way must be maintained, and off street parking must be provided.

Section 8.7 Jails and Prisons²³

Due to the special conditions surrounding a jail, prison, or penal institution, all such projects shall only be allowed in the Industrial-Commercial Zone and shall be subject to the [review and approval of the Board of Zoning Appeals as a Conditional Use as provided for in this Ordinance](#) ~~Development Review System as outlined in Article 6 of this Ordinance.~~⁵

Design Standards for Jails, Prisons and/or Penal Institutions are as follows:⁵

- A. All jails shall have direct access to a primary road as defined by the Jefferson County Comprehensive Plan. Such road shall have a level of service no worse than Level C.
- B. No residential subdivisions, schools, churches or institution for human care shall be within 2000' of the subject property. However, this does not prevent such use from locating within 2000' of a jail, prison or penal institution.
- C. Setbacks:
 1. Front 1,000 Feet
 2. Sides 1,500 Feet

- 3. Rear 1,500 Feet

Section 8.8 Hunting, Shooting and Fishing Clubs²³

- A. Hunting, Shooting and Fishing Clubs may include the following accessory uses:
 - 1. Private restaurant that seats no more than 80 patrons that are members and guests of members.
 - 2. Conference and banquet facilities to serve no more than 250 people in which a member rents the facility. Events which are accessory uses other than hunting, shooting, archery and fishing, cannot exceed more than 16 per year.
 - 3. Private lodge facilities of up to 50 units that serve members and guests.²⁰
 - 4. Shooting ranges for use of members and guests of members.
- B. Standards for Hunting, Shooting and Fishing Clubs²⁰
 - 1. 75 foot setback for all structures and parking.
 - 2. 150 yard setback for all shooting facilities.
 - 3. Height
 - a. As is for conversion or reconstruction that does not exceed 135 percent of the original footprint of existing structures
 - b. 35 feet for new structures
 - 4. Landscaping requirements of this Ordinance apply, with the following exception:
 - a. Perimeter landscaping shall be as approved by staff in order to preserve existing vegetation.
 - 5. Minimum of 150 acres under common ownership.
- C. Special Exceptions for Hunting, Shooting and Fishing Clubs²⁰
 - 1. Limits exceeding requirements outlined above can be increased with Board of Zoning Appeals approval provided that the Board of Zoning Appeals find that the increase is compatible with the neighborhood after taking into consideration neighborhood character, traffic, and buffering. Such decision shall be rendered after a public hearing as outlined in the Board of Zoning Appeals Rules of Procedure.

Section 8.9 Industrial and Commercial Uses²³

- A. Industrial and commercial uses in all districts shall comply with the following standards:
 - 1. Noise

All noise shall be muffled so as not to be objectionable due to intermitting, beat frequency, or shrillness. Noise levels shall not exceed the following sound levels dB(A). The sound-pressure level shall be measured at the property line with a sound level meter.

<u>Sound Measured In</u>	<u>DAY</u>	<u>NIGHT</u>
	<u>7 AM - 6 PM</u>	<u>6 PM - 7 AM</u>
Adjoining Agricultural or Residential Growth District	60 dB(A)	50 dB(A)
Residential Uses in R-LI-C District	65 dB(A)	55 dB(A)
Commercial Uses	70 dB(A)	60 dB(A)
Light Industrial Uses adjacent to noise source	85 dB(A)	80 dB(A)

The following sources of noise are exempt:

- a. Transportation vehicles not under the control of the industrial use.
- b. Occasionally used safety signals, warning devices and emergency pressure relief valves.

- c. Temporary construction activity between 7:00 a.m. and 7:00 p.m.
- 2. Odor

No operation shall result in the creation of odors of such intensity and character as to be detrimental to the health and welfare or the public or which interferes with the comfort of the public. Odor thresholds shall be in accordance with ASTM d139-57 “Standard Method for Measurement of Odor in Atmospheres (Dilution Method)” or its equivalent. Odorous material released from any operation or activity shall not exceed the odor threshold concentration beyond the state line, measured either at ground level or habitable elevation.
- 3. Smoke

No smoke, dust, fumes, or particulate matter shall be perceptible at any lot line. Further, the regulations and standards governing the control of air pollution shall be the same as those adopted by the State of West Virginia.

For the purpose of grading the density or equivalent capacity of smoke, the Ringelman Chart as published by the United States Bureau of Mines shall be used.

The emission of smoke darker than Ringelmann No. 1 from any chimney, stack, vent, opening, or combustion process is prohibited.

The total emission rate of dust and particulate matter from all vents, stacks, chimneys, flues or other opening or any process, operation, or activity except solid waste incinerators within the boundaries of any lot, will not exceed the levels set forth below.

Particulate matter emission from materials or products subject to becoming wind borne will be kept to a minimum by paving, sodding, oiling, wetting, covering or other means, such as to render the surface wind resistant. Such sources include vacant lots, unpaved roads, yards and storage piles or bulk material such as coal, sand, cinders, slag, sulfur, etc.
- 4. Ambient Air Quality Standard

Particulate Matter	
Suspended	
Annual Arithmetic Mean ug/m	65
24-hour Maximum b, ug/m	140
Settleable	
Annual Arithmetic Average, mg/cm/	/month 0.35
Monthly Maximum	0.7
- 5. Vibration

No vibration shall be produced which is transmitted through the ground and is discernible without the aid of instruments at any point beyond the lot line nor shall any vibration produced exceed 0.002g peak measured at or beyond the lot line using either seismic or electronic vibration-measuring equipment.
- 6. Glare and Heat

No direct or sky-reflected glare, whether from floodlights or from high temperature processes, such as combustion or welding or otherwise, so as to be visible at the lot line, shall be permitted. There shall be no emission or transmission of heat or heated air so as to be discernable at the lot line.
- 7. Toxic Matter

The ambient air quality standards for the State of West Virginia shall be the guide to the release of airborne toxic materials across lot lines. Where toxic materials are not listed in the ambient air quality standards of the State, the release of such materials shall be in accordance with the

fractional quantities permitted below, of those toxic materials currently listed in the threshold limit values adopted by the American Conference of Governmental Industrial Hygienists.

Unless otherwise stated, the measurement of toxic matter shall be at ground level or habitable elevation, and shall be the average of any twenty-four (24) hours sampling period.

The release of airborne toxic matter will not exceed one-thirteenth of the threshold limit value across lot lines.

Such materials shall include but are not limited to: all primary explosives such as lead azide, lead styphnate, fulminates and tetracene; all high explosives such as TNT, RDX, HMX, PETN, and picric acid; propellants and components thereof, such as dry derivatives; pyrotechnics and fireworks such as acetylates, tetrazoles, and ozonides; unstable oxidizing agents such as perchloric acid, perchlorates, and hydrogen peroxide in concentration greater than thirty-five (35) per cent; and nuclear fuels, fissionable materials and products, and reactor elements such as Uranium 235 and Plutonium 239.

The storage, utilization or manufacture of materials or products which decompose by detonation is prohibited.

8. Fire Hazards

The storage, utilization or manufacture of solid materials which are active to intense burning shall be conducted within spaces having fire resistive construction of no less than two (2) hours and protected with an automatic fire extinguishing system.

The total capacity of flammable liquids and gasses shall not exceed those quantities permitted in the following Table for each of the industrial districts:

<u>CAPACITY</u>	<u>STORAGE</u>
Liquids	60,000 gallons
Gasses	
- Above ground	150,000 SCF
- Below ground	300,000 SCF

SCF - Standard Cubic Feet at sixty (60) degrees Fahrenheit and 29.92 inches Mercury.¹

The following setback requirements will apply to the location of any container which holds flammable liquids or gasses:

Container Setback from Lot Lines

Water Capacity per Container (Gallons)	Containers		Between Above Ground Containers (Feet)
	Underground (Feet)	Above Ground Containers (Feet)	
0 to 2,000	25	25	3
2,000 to 30,000	50	50	5
30,000 to 60,000	50	75	
In excess of 60,000	75	100	¼ the sum of diameters of adjacent containers

9. Frontage Road

Easements or fee simple dedications will be provided along all limited access highways at the site plan or subdivision phases. Said easement/dedication shall not exceed 60 feet in width. The width may vary but must be adequate for extension, continuation or establishment of a minimum 20' wide paved frontage road.

10. Landscape Buffer

All commercial and industrial developments shall comply with Section 4.11 unless otherwise specified in this Ordinance.²⁷

A fifty (50) foot wide landscape buffer strip will be provided along all limited access highways. Said buffer shall be adjacent to the frontage road. In the case where existing roads not adjacent to controlled access highway serve as frontage road the landscape buffer may be placed against the highway right-of-way.

All front setbacks (building and parking lot) are to be measured from the landscape buffer. (See diagram)

- ★ Maximum 60' easement or dedication for frontage road
- ★★ 50' landscaped buffer strip
- ★★★ Setbacks

This provision shall also apply to any ramps or access roads connecting to a controlled access highway within ½ mile of a controlled access highway.⁵

Section 8.10 Model Homes/Sales Offices²³

Model homes with a staffed sales office for sales exclusively within the residential subdivision in which they are located are permitted provided that they are contained on the first lot on either or both sides of any road/right-of-way that enters the subdivision; provided also that they are so designated on the preliminary and final plats during the subdivision process.

Model homes with a staffed sales office in any other location within the subdivision must be approved or denied by the Board of Zoning Appeals after a public hearing advertised for 15 days.^{17, 21}

Model homes without staffed sales offices are permitted internally within the subdivision.¹²

Section 8.11 Petroleum Products Refining or Storage²³

Petroleum refining or storage (above ground in tanks) requires adherence to all state and federal laws, as well as National Fire Underwriters Codes.

Section 8.12 West Virginia Legal Fireworks²³

Sales of fireworks are permitted in the Industrial-Commercial, Residential-Light Industrial-Commercial, General Commercial, Highway Commercial, Highway Commercial, Light Industrial, and Major Industrial zoning districts provided all other restrictions such as setbacks and the requirements of the Jefferson County Subdivision and Land Development Regulations are met.^{8, 27}

Section 8.13 Dormitory²³

A dormitory shall be located on the same property or campus as the use it is intended to serve. A dormitory shall not offer accommodations to the general public or to persons who are visiting the property or campus primarily for the purpose of being a spectator at a sporting event or other gathering held at the facility. A dormitory may include one common kitchen or dining facility and common gathering rooms for social purposes for use only by its temporary occupants.

Section 8.14 Rural Reception/Event Facility²⁶

A Rural Reception/Event Facility is a facility within an existing structure and/or outdoor area for the hosting of events such as weddings and similar events. Such events proposed in the Rural, Village, Residential Growth, and Residential-Light Industrial-Commercial Districts are allowed by Special Exception in accordance with Section 10.5B of this Ordinance, approved by the Board of Zoning Appeals following a public hearing. Such public hearing shall be conducted according to the requirements of Section 3.4A.3(c); may be continued according to the requirements of Section 3.4A.3(d); and is subject to the notification requirements of Section 3.4A.3(b).

Such a land use may be approved based on the Board's evaluation of the proposed frequency and size of the proposed events, adequacy of parking area, size of the subject property, adequacy of vehicular access to the property, impact on adjacent properties, and compatibility with the neighborhood. For events exceeding 300 persons, applicants shall provide a traffic control plan.

A Rural Reception/Event Facility, Small, is a Rural Reception/Event Facility in the Rural District only, for the hosting of events such as weddings with attendance not to exceed 75 cars, at a frequency of no more than one event per month. Such events are permitted administratively provided that if the facility would utilize a private, shared right-of-way, driveway or easement for vehicular access, a public hearing before the BZA is required, in accordance with the requirements of a Cottage Industry found in Section 4A.5 of this Ordinance; provided, however, that the maximum square footage for a Cottage Industry shall not apply to a proposed Rural Reception/Event Facility, Small. If these requirements are not complied with, the Cottage Industry permit can be revoked.

Approvals of all Rural Reception/Event Facility and Rural Reception/Event Facility, Small shall include a provision that noise at the property line shall conform with Section 8.9A.1 of this Ordinance and shall apply the Residential Growth District Standard to all adjacent lots containing a residence as well adjacent lots in the Rural District.

Note that any suppliers and/or production staff are not counted in the trip generation for this Section.

Section 8.15 Accessory Agricultural Dwelling Unit²⁶

Detached "Accessory Agricultural Dwelling Units" for agricultural purposes are defined as a dwelling unit that is incidental and subordinate to the principal dwelling unit, which is located on the same lot as the principal building and meets all of the following criteria: (a) is limited in size to a maximum of 1,700 heated square feet, gross floor area; (b) is located on a property for which the primary use is an agricultural use as defined by this ordinance; (c) is located on a property of at least 10 acres in area; and (d) is limited to use by a person (and family) who performs agricultural work on the property or acts as a caretaker for the property.

One unit meeting the definition of “Accessory Agricultural Dwelling Unit” may be permitted administratively for each property meeting the criteria of Section 8.15 on the effective date of this Amendment. Additional units may be permitted by Special Exception, which may be approved by the Board of Zoning Appeals following a public hearing. Such public hearing shall be conducted according to the requirements of Section 3.4A.3(c); may be continued according to the requirements of Section 3.4A.3(d); and is subject to the notification requirements of Section 3.4A.3(b). These additional units designed for occupancy by farmworkers or caretakers, may be approved based on the Board’s evaluation of the size of the subject property, adequacy of vehicular access to the property, impact on adjacent properties, and compatibility with the neighborhood.

ARTICLE 9: EXCEPTIONS

Section 9.1 General

The regulations specified in this ordinance shall be subject to the following exceptions, modifications and interpretations.

Section 9.2 Building Height Limitations

Building height limitations shall not apply for public utilities, agricultural uses, communication poles and towers, chimneys, steeples, water tanks, electric generating plants, electric transforming or switching equipment, flagpoles, fire or observation towers, monuments, or to tanks, ventilating fans, air conditioning equipment or similar equipment required to operate and maintain the building, hospitals, schools, colleges and public buildings. Commercial wireless communications facilities shall comply with Article 4B.^{7, 10, 22}

Section 9.3 Lot Area Modification

In any district where a single-family dwelling is permitted, a dwelling may be erected on any lot or parcel of record, despite the fact that the lot or parcel does not meet the minimum area requirements of this Ordinance, provided:

- A. The lot or parcel was lawfully created in compliance with the applicable subdivision regulations in effect at the time the lot was created; and²³
- B. Health Department regulations can be met.

Section 9.4 Setback Modifications

- A. Where the average setback line of at least two (2) existing buildings on lots which are on the same side of the street or road within two hundred (200) feet of the lot in question is less than the minimum setback prescribed by this ordinance, the minimum setback line shall be the average setback line of all buildings within two hundred (200) feet of the proposed building. However, in no case shall the setback line be less than thirty-five (35) feet from the centerline of any abutting road or street.
- B. A structure may be located on a common side or rear lot line of contiguous property owned by the same entity. Provided, however, that the structure shall only be a single family dwelling or an accessory structure. Also provided, however, that the contiguous lots shall be treated as one lot for all purposes by the Zoning and Land Development Ordinance and the Subdivision and Land Development Regulations.^{5, 23}
- C. Subdivision signs, school bus shelters and/or mailboxes do not have to comply with setback restrictions provided they are shown and approved on the preliminary or final plat in the subdivision process. In subdivisions approved prior to this amendment, subdivision signs, school bus shelters and/or mailboxes can be built as shown on the plat or be replaced in the same general location.^{12, 23}

Section 9.5 Projections Into Yards⁸

- A. Projections such as bay windows, chimneys, entrances, uncovered porches, balconies, and eaves may extend into any required yard not more than four (4) feet; provided that such projections are not over ten (10) feet in width. All roof overhangs may extend into any required yard not more than two (2) feet; provided that the primary structure is located entirely within the appropriate setback.²³
- B. Fences and walls over six (6) feet in height shall meet building lines and yard requirements. A building permit is required before construction. Fences and walls six (6) feet and under in height shall be exempt from building lines and yard requirements unless obstructions to vision at an intersection as referenced in Section 4.9.²³
- C. In the Residential - Light Industrial - Commercial District and Residential Growth District, on townhouse lots with a lot depth of 110 linear feet or less and/or a lot area of 3,500 square feet or less, the rear setback of a deck for a townhouse (in addition to associated stairs or concrete slabs located beneath the deck) may be reduced to 10' if the adjacent property located to the rear of the subject lot is a dedicated easement or common area and is not a lot that includes a residence.

Section 9.6 Accessory Structures

Accessory structures, defined by Section 2.2, shall be permitted in all districts where single-family and two-family dwelling units are permitted. The provisions for accessory structures are as follows.

- A. The minimum distance to a lot line in any District from a single-story utility or storage shed, not exceeding one hundred fifty (150) square feet, shall be five (5) feet.
- B. In any District wherein single-family and two-family dwellings are permitted, the minimum distance from any accessory structure, not attached to the principal permitted use, to the side or rear lot line shall be not less than the longest horizontal dimension of the accessory structure or the minimum distance specified for that District, whichever is the lesser of the two.
- C. No accessory building shall be erected within the required front yard.

Section 9.7 Other Exceptions³

For all lots that were approved with setbacks by the Planning Commission as part of the subdivision process prior to September 1, 1989, the setbacks and sizes shall be as established as a part of that process.

Setbacks are as follows in subdivisions for which no setback was stipulated previously by the Jefferson County Planning Commission as a part of the subdivision process:²³

Residential Growth District²³

Single Family Residences

Over 40,000 square feet --	25' front,	12' side	and	12' rear
30,000 sq. ft. to 40,000 sq. ft.--	20' front,	10' side	and	12' rear
Under 30,000 square feet --	20' front,	8' side	and	12' rear

Rural Agricultural and Industrial Commercial

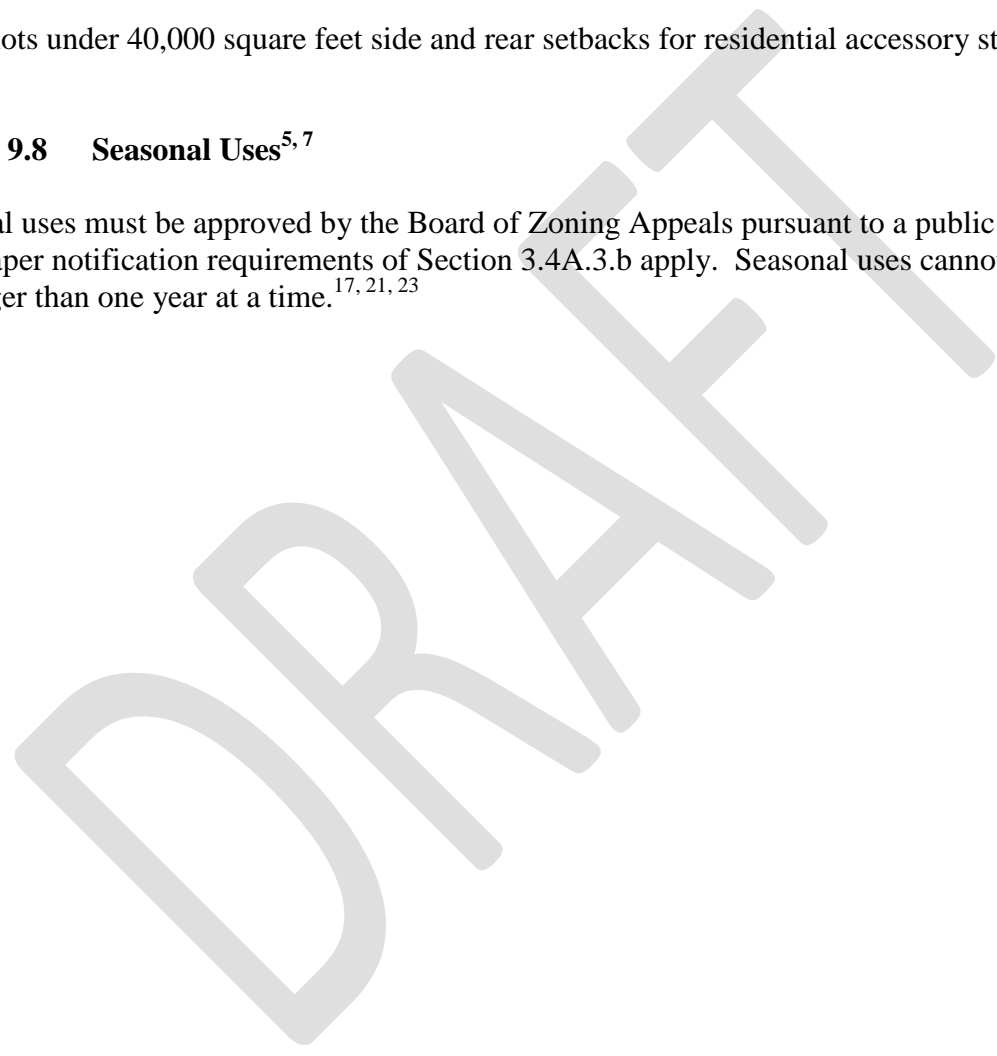

Single Family Residences

Over 2 acres --	40' front,	15' side	and	50' rear
40,000 sq. ft. to 2 acres --	25' front,	12' side	and	12' rear
30,000 sq. ft. to 39,999 sq. ft. --	20' front,	10' side	and	12' rear
under 30,000 sq. ft. --	20' front,	8' side	and	12' rear

For all lots under 40,000 square feet side and rear setbacks for residential accessory structures shall be 6'.

Section 9.8 Seasonal Uses^{5,7}

Seasonal uses must be approved by the Board of Zoning Appeals pursuant to a public hearing. Newspaper notification requirements of Section 3.4A.3.b apply. Seasonal uses cannot be approved for longer than one year at a time.^{17, 21, 23}

ARTICLE 10: PROVISIONS FOR SIGNS

Section 10.1 Purpose of Sign Provisions

The purpose of this section is to regulate all exterior signs and interior signs placed for exterior observance so as to protect property values and the character of the County. Any sign placed on land or on a building for the purposes of identification or for advertising a use conducted therein or thereon shall be deemed to be accessory and incidental to such land, building or use.

It is intended that the placement of a particular sign will be appropriate to the land, building, or use to which they are appurtenant and be adequate, but not excessive, for the intended purpose of identification or advertisement. It is also intended that in areas proposed for new development, that signs placed will be harmonious in color, form and proportions to its surroundings.

Section 10.2 General Provisions

- A. No sign shall be erected, hung, or placed in any district except as provided in this Ordinance. No sign erected before the enactment of this Ordinance shall be structurally altered or moved except in accordance with this Ordinance.
- B. No zoning permit shall be required for the repainting or repairing of a sign.
- C. No signs, other than subdivision signs approved by the Planning Commission, shall be located in the right-of-way of any road or on any slope or drainage easement for such road.^{2, 17, 21, 23}
- D. No sign shall be permitted which is an imitation of or which resembles an official traffic control device, railroad sign or signal, or which hides from view or interferes with the effectiveness of an official traffic control device or any railroad sign, signal, or traffic sight lines. Illuminated signs shall be so constructed as to avoid glare or reflection of any portion of an adjacent highway or residential building.
- E. No sign which implies the need or requirement of stopping or this existence of danger shall be displayed.
- F. No sign shall be placed on rocks, trees, or on poles maintained by public utilities.
- G. No sign shall be permitted which becomes unsafe or endangers the safety of the building, premises, or persons and unless maintained in a good general condition.
- H. No sign shall be permitted which contains statements, words or pictures of an obscene, indecent, or immoral character.
- I. No animated signs, as defined by Section 2.2 are allowed.

Section 10.3 Permitted Signs Without Zoning Permit

- A. Signs posted upon property relating to private parking or warning the public against trespassing or against dangers of animals.
- B. Municipal, County, State and Federal signs, including necessary traffic signs.
- C. Historical markers, monuments, or signs erected by a public authority.
- D. Plates on residential structures or premises giving the name or address of the occupant, mailboxes, papertubes, and similar uses customarily associated with residential uses.
- E. A sign indicating the name and/or premises or accessory use of a home for a home occupation or professional purpose, not exceeding the maximum size for such a sign as permitted in Article 4A of this Ordinance.

- F. A sign not exceeding twenty-five (25) square feet on a farm, advertising farm products primarily grown on the premises.
- G. Directional or informational signs of a public or quasi-public nature, such as those containing the meeting date of a community or civic club, or the advertising of a public event.
- H. A temporary real estate sign designating the zoning classification of the parcel, not exceeding twenty (20) square feet and being located on the subject property for sale or lease.
- I. Building contractors', subdivision and/or professional person' temporary signs on buildings or land under construction but not to exceed one hundred (100) square feet.
- J. Election signs, provided that unsuccessful candidate shall remove signs within 15 days after a primary or special election. All signs shall be removed within 15 days after the general election. Signs shall not interfere with traffic visibility.
- K. All temporary signs shall be removed thirty (30) days after the event, unless otherwise specified in Article 10.

Section 10.4 Signs Requiring a Zoning Permit

- A. Business and outdoor advertising signs in all zoning districts shall require a Zoning Certificate before placement on any property or building.²
- B. Any exterior sign or signs pertaining to the use conducted on the premises, and which is either integral with or attached to the principal building, shall have a sum total area of no more than two square feet for each foot in length of the frontage of the building. No sign shall be attached to the side of the building that faces an adjoining residence. All signs placed on a property whose use is [permitted through the approval of a Conditional Use Permit governed by the Development Review System](#) are subject to Section 10.4E.
- C. Individual business or industrial establishments may erect a freestanding business sign, provided the lot frontage is at least forty (40) feet. The freestanding sign shall be located in such a manner that no part of the supporting structure is less than twenty-five (25) feet from the street right-of-way, and that no part of the sign is closer than five (5) feet to the right-of-way. The total area for any sign or signs on one supporting structure shall not exceed 300 square feet and the total height of the sign structure shall not exceed thirty-five (35) feet. Businesses or industries having a frontage on more than one street may have an additional freestanding sign for each street frontage, provided that the total area for all freestanding signs does not exceed 600 square feet. Where the lot adjoins a residence and a freestanding sign is on the side of the business lot adjoining the residential lot, the sign shall not face the adjoining residence. Signs [whose use is permitted through the approval of a Conditional Use Permit governed by the Development Review System](#) are subject to Section 10.4E. Structures which have more than one use shall be required to use a pylon sign. One is permitted on each street frontage.⁸
- D. All outdoor advertising signs shall be spaced in such a manner that in an Industrial District there shall be a minimum of three hundred (300) feet between signs, and in the Rural District, where permitted, such signs shall be located in such a manner that there shall be one thousand (1,000) feet between signs. This shall be subject to Section 10.4E.
- E. All signs accessory to land use that must be [permitted through the approval of a Conditional Use Permit](#) ~~evaluated by the Development Review System (DRS)~~ shall be proposed within the [Conditional Use Permit](#) ~~DRS~~ application and assessed [by the Board of Zoning Appeals](#) at the [required Public Hearing](#) ~~Compatibility Assessment Meeting~~. Such signs shall be maintained at least one thousand (1,000) feet between signs. Consideration of the placement of such signs with less than one thousand (1,000) foot intervals shall be determined by the Commercial or

Residential Uses adjacent to the subject site. Commercial uses adjacent to the subject site may allow spacing intervals of three hundred (300) feet. Any variance from this standard shall require consideration and approval of a variance by the Board of Zoning Appeals. The Planning Commission shall make this determination if the location cannot be agreed upon at the Compatibility Assessment Meeting.^{2, 17, 21, 23}

- F. No outdoor advertising sign shall be placed closer than three hundred (300) feet to an intersection on a dual or proposed dual highway or within one hundred feet of any other intersection; provided, however, that such signs may be affixed to or located adjacent to a building at such intersections in such a manner as not to materially cause any greater obstruction of vision than caused by the building itself. No business sign shall be so located to obstruct the vision of traffic using entrance ways, driveways, or any public road intersection.
- G. All outdoor advertising, excluding billboards subject to Section 10.4H, shall comply with front yard setback provisions in the districts in which they are permitted.
- H. Billboards
 - 1. No billboard shall be closer to any public highway right-of-way than three (300) feet.
 - 2. Placement of a billboard must be in a location that is within eight hundred (800) feet of an existing business.
 - 3. There shall be a minimum of one thousand (1000) feet between billboards.
 - 4. A billboard shall be no closer than five hundred (500) feet from a church, school, or cemetery.

Section 10.5 Special Exception Uses²⁶

- A. Special Exception uses listed in this section may be approved by the Board of Zoning Appeals following a public hearing.
 - 1. The public hearing shall be conducted according to the requirements of Section 3.4A.3(c).
 - 2. Such hearing may be continued according to the requirements of Section 3.4A.3(d).
 - 3. The public hearing is subject to the notification requirements of Section 3.4A.3(b).
- B. The following uses may be approved as a Special Exception:
 - 1. Outdoor advertising signs including billboards. The Board of Zoning Appeals shall determine if such a sign conforms to existing State law and does not have a negative effect on the neighborhood or intent of this Ordinance.^{17, 21}
 - ~~2. Detached “Accessory Agricultural Dwelling Units” for agricultural purposes, such as units for occupancy by farmworkers or caretakers, may be approved based on the Board’s evaluation of the size of the subject property, adequacy of vehicular access to the property, impact on adjacent properties, and compatibility with the neighborhood. One unit meeting the definition of “Accessory Agricultural Dwelling Unit” may be permitted administratively for each property meeting the criteria of Section 8.15 on the effective date of this Amendment. Additional units may be permitted by Special Exemption in accordance with this Section.~~
 - ~~3. Use of existing structures and outdoor areas as “Rural Reception/Event Facilities” for weddings and similar events in the Rural, Village, Residential Growth, and Residential-Light Industrial Commercial Districts. Such a land use may be approved based on the Board’s evaluation of the proposed frequency and size of the proposed events, adequacy of parking area, size of the subject property, adequacy of vehicular access to the property, impact on adjacent properties, and compatibility with the neighborhood. For events exceeding 300 persons, applicants shall provide a traffic control plan.~~

Section 10.6 Zoning Certificate²

All Zoning Certificate applications for signs may be approved by the Departments of Planning and Zoning if in conformance with the regulations.^{17, 21, 23}

ARTICLE 11: OFF-STREET PARKING STANDARDS²³**Section 11.1 Non-Residential Parking Standards**

- A. To decrease congestion, permanent off-street automobile parking space and truck loading space shall be provided for all new structures and uses, and for existing structures or uses that are increased in size by 20 percent or more after adoption of these regulations.²³

Spaces shall be required per use and are as follows:⁵

Ambulance Facility	2 spaces per ambulance
Auto Sales and Service	1 space per 300 square feet of gross floor space
Auto Service Station	2 spaces per service bay; plus, 1 space per employee
Bank, Financial Institution ²³	1 space per 200 square feet of floor space; plus, 5 queuing spaces for each drive-up teller
Bowling Lanes	5 spaces per bowling lane
Church	1 space for each 5 persons for which seating is provided in the sanctuary
Commercial Retail Sales Less than 2,000 square foot floor space	1 space per 150 square feet retail floor space
Commercial Retail Low customer turn over, large indoor display, e.g. carpet, furniture or appliance sales	1 space per 500 square feet retail floor space
Community Center, Cultural Facility ²³	1 space per 400 square feet floor space
Private Club, Lodge	1 space for each 2 persons for which seating or lodging is provided
Educational (Schools)	1 space per employee; ample student and visitor parking
Fire Station	10 spaces minimum
Hospital ²³	1.5 spaces for each bed; plus, 1 space for every employee
Hotel, Resort	1 space per guest room; plus, 1 space per 5 employees

Manufacturing Plant	1 space per employee on maximum working shift
Medical or Dental Offices/Clinic	5 spaces per 1000 square feet of gross floor space

Transportation Terminal	1 space per main shift employee
Warehouse or Wholesale Establishment	1 space per main shift employee; plus, 2 spaces per wholesale establishment

- B. Parking requirements for uses not listed in 11.1A may be either approved or established by the Departments of Planning and Zoning on a case-by-case basis. Justification for said requirements must be documented.^{8, 17, 21, 23}
- C. Upon request, on a case by case basis, the Zoning Administrator may administratively waive permanent off-street automobile parking and loading requirements for seasonal or temporary uses, agricultural uses, events, or other types of uses that do not require parking on a regular basis, and require less than 30 spaces. The applicant must provide an exhibit that demonstrates that the parking will occur on usable ground, shows the location of the parking, and identifies how handicapped accessibility (if applicable) will be addressed.²⁶

Section 11.2 Residential Parking Standards²

To decrease congestion, permanent off-street automobile parking space and truck loading space shall be provided for all new structures and uses, and for existing structures or uses that are increased in size by 20 percent or more after adoption of these regulations.²³

Spaces shall be required per residential uses as follows:

<u>Type of Residences</u>	<u>Parking Requirements</u>

ARTICLE 12: MAP AND TEXT AMENDMENTS

Section 12.1 Purpose

- A. These regulations, restrictions, provisions, and the boundaries of districts provided herein may from time to time be amended, modified, or repealed by the County Commission. Any person, individual, board, commission or bureau of the County may petition the County Commission for such change.
- B. The County Commission shall refer any amendment or alteration of this Ordinance to the Planning Commission for analysis, study, report, and recommendations regarding compatibility with the Comprehensive Plan as well as consideration as to whether a Conditional Use Permit (CUP) or other process may be a more appropriate process.^{17, 21, 23, 25}

Section 12.2 Procedure for Amendment by County Commission^{1,25}

- A. After the enactment of the Zoning Ordinance, the governing body of the County may amend the Zoning Ordinance without holding an election.^{17, 21}
- B. Before amending the Zoning Ordinance text or map, the governing body, with the advice of the Planning Commission, must find that the amendment is consistent with the adopted Comprehensive Plan, or if it is inconsistent, must make findings in accordance with the requirements of §8A-7-8 et seq of the West Virginia State Code, as amended.^{17, 21, 25}
- C. All amendments to the Zoning Ordinance Map require a Public Hearing to be held by the Planning Commission for the purpose of making a recommendation to the County Commission. Subsequently, all recommended map amendments require a Public Hearing before the County Commission prior to a final determination.
 - 1. Public Notice of the Public Hearing for a Zoning Map amendment before the Planning Commission requires the following:
 - a. A legal advertisement describing the location and identification of the subject parcel for which the zoning is proposed to be changes, including the current tax district, map and parcel number, and the date, time and place of hearing regarding the amendment at least 15 days prior to the date set for such hearing in a newspaper with local circulation;
 - b. Any property affected by the proposed zoning map amendment shall be posted not less than 20 and not more than 28 days prior to the Public Hearing. The posting shall state the time, date, and location of such hearing, as well as, what new zone is being requested on the property; and²⁶
 - c. All property owners adjoining the property proposed to be rezoned shall be noticed by first class mail not less than 20 and not more than 28 days prior to the Public Hearing. The adjoining letters shall be mailed by the Department staff and shall state the time, date, and location of such hearing, as well as, what new zone is being requested on this particular property. The letter shall also describe the location and identification of the subject parcel proposed to be rezoned, including the current tax district, map and parcel number.²⁶
 - 2. Public Notice of the Public Hearing before the County Commission requires compliance with the appropriate State Code for amending Ordinances.
- D. All amendments to the Zoning Ordinance Text require a Public Hearing to be held by the Planning Commission for the purpose of making a recommendation to the County

Commission. Subsequently, all recommended text amendments require a Public Hearing before the County Commission prior to a final determination.

1. Public Notice of the Public Hearing for a Zoning Text Amendment before the Planning Commission requires the following:
 - a. A legal advertisement describing the Sections of the Ordinance proposed to be revised, with a summary of the revision(s), and the date, time and place of hearing regarding the amendment at least 15 days prior to the date set for such hearing in a newspaper with local circulation.
2. Public Notice of the Public Hearing before the County Commission requires compliance with the appropriate State Code for amending Ordinances.

Section 12.3 Procedure for Map Amendment by Petition²⁵

A. Map Amendments by Landowners

The procedure for processing a map amendment petition initiated by the owners of fifty percent or more of the real property to which the petition relates shall be as dictated in §8A-7-9 et seq of the West Virginia State Code, as amended.

The procedure for processing a map amendment petition to change the zoning map designation of a property to the Planned Neighborhood Development district shall also include the applicable requirements of Article 5.²⁷

Petitions for a map amendment initiated by landowners shall be submitted to the Planning Commission and shall contain the following information:

1. Substantiation for the request
2. Tax District, Map and Parcel number
3. Deed Book reference
4. Plat or sketch pursuant to Section 7.4B
5. Tract size
6. Discussion on:
 - a. Comprehensive Plan compatibility of the proposed change.
 - b. Any change of transportation characteristics and neighborhood from when the original ordinance was adopted.^{17, 21, 27}
7. A petition for a map amendment to change the zoning designation for a property to the Planned Neighborhood Development (PND) district shall include a Preliminary PND Plan for the subject property. The submittal review process for a Preliminary PND Plan is described in Article 5 of this Ordinance.²⁷

Planning Commission is required to set a public hearing on the proposed Zoning Map amendment within 60 days of the date upon which a complete petition is presented to the Planning Commission at a Planning Commission meeting. A complete petition, and related fees, shall be submitted to the office of the Departments of Planning and Zoning for placement on a Planning Commission agenda at least two (2) weeks prior to the meeting date at which the petition will be presented. Upon request, the Departments of Planning and Zoning staff can present the petition to the Planning Commission on behalf of the applicant for the purpose of setting the public hearing date.

Notice of the Planning's Public Hearing shall be in accordance with Section 12.2 of this Ordinance. At the conclusion of the Planning Commission's Public Hearing, or at the next regular Planning Commission meeting, the Planning Commission shall make a recommendation to the County Commission regarding approval or disapproval of the

requested Map Amendment. This recommendation shall be forward to the County Commission within four weeks of final Planning Commission action.

B. Map Amendments by the Planning Commission

The procedure for processing a formal map amendment petition initiated by the Planning Commission shall be as dictated in §8A-7-9 et seq of the West Virginia State Code, as amended.

Petitions for a map amendment initiated by the Planning Commission shall be presented to the County Commission and submitted to the County Clerk for filing on the same date. On such petitions a map amendment shall be clearly labeled as “§8A-7-9 Petition” in the heading and contain the following information:

1. Substantiation for the request
2. Tax District, Map and Parcel number
3. Deed Book reference
4. Plat or sketch pursuant to Section 7.4B
5. Tract size
6. Discussion on:
 - a. Comprehensive Plan compatibility of the proposed change.
 - b. Any change of transportation characteristics and neighborhood from when the original ordinance was adopted.^{17, 21}

The County Commission is required to set a public hearing on the proposed Zoning Map amendment within 60 days of the date of the meeting at which the petition is presented to the County Commission. The petition and related agenda request form must be submitted to the County Commission office for placement on a County Commission agenda at least one (1) week prior to the meeting date or in accordance with the agenda request procedure of the County Commission.

The Planning Commission may opt to proceed on a proposed map amendment by informal written request for action to the County Commission by submitting the same information required above styled as a “Request for Action” rather than as a “Petition.”

Section 12.4 Procedure for Initiating a Zoning Ordinance Text Amendment²⁵

A. Text Amendments by Those Other Than County or Planning Commission

As WV Code §8A allows only the Planning Commission to file a formal petition for a Zoning Ordinance text amendment, the procedure for processing a Zoning Ordinance text amendment initiated by any person, board, commission or bureau of Jefferson County shall be by a written request to the County Commission at a regular meeting. The request and related agenda request form must be submitted to the County Commission office for placement on a County Commission agenda at least one (1) week prior to the meeting date or in accordance with the agenda request procedure of the County Commission.

Any request for a text amendment shall include the proposed text in context with the adopted Zoning Ordinance text and shall include a statement as to why such proposal is consistent with the adopted Comprehensive Plan.

The County Commission may refer the proposed amendment to the Historical Landmarks Commission or other appropriate body for comment and shall refer the proposed amendment to the Planning Commission in accordance with §8A-7-8(b) et seq of the West Virginia State Code, as amended, to provide advice on the consistency with the Comprehensive Plan. If the County Commission decides to consider the request, a Public Hearing would be required in order to

amend the Zoning Ordinance. The Planning Commission may hold a hearing regarding the request as well in order to make an informed recommendation to the County Commission.

B. Text Amendments by Those Other Than County or Planning Commission (Alternate Process)

Any person or any board, commission or bureau of Jefferson County may submit a proposed Zoning Ordinance text amendment to the Planning Commission for consideration within its work plan at a regular Planning Commission meeting. Such a request must be submitted in writing to the office of the Departments of Planning and Zoning for placement on a Planning Commission agenda at least two (2) weeks prior to the meeting date at which the request will be presented. Any request for a text amendment shall include the proposed text in context with the adopted Zoning Ordinance text and shall include a statement as to why such proposal is consistent with the adopted Comprehensive Plan.

The Planning Commission, with the advice of staff, can determine if and when to under-take such a request in light of other work plan tasks and development review activities are currently under consideration. If the Planning Commission decides to consider the request, a Public Hearing would be required and the Planning Commission would need to determine if the request is consistent with the Comprehensive Plan in accordance with §8A-7-8(b) et seq of the West Virginia State Code, as amended. The Planning Commission would then make a recommendation regarding the potential text amendment to the County Commission who would also be required to hold a Public Hearing.

C. Text Amendments by the Planning Commission

If the Planning Commission determines that a text amendment to the Zoning Ordinance is required in accordance with its work plan, for the purpose of improving or clarifying the ordinance, or for consistency with adopted policies, the Planning Commission will develop a draft of the proposed amendment, receive public input, conduct a Public Hearing in accordance with Section 12.2D, and make a recommendation for action to the County Commission through a regular agenda request process. Any such amendment proposal will include the background and reasoning of the proposed amendment as well as a discussion of consistency with the adopted Comprehensive Plan. With its recommendation, the Planning Commission will request that the County Commission schedule a workshop, if necessary, and a Public Hearing at dates to be determined by the County Commission to receive comment and take action on the proposed amendment.

D. Text Amendments by the Planning Commission by Petition

The Planning Commission may alternatively submit a text amendment by petition to the County Commission. The procedure for processing a formal text amendment petition initiated by the Planning Commission shall be as dictated in §8A-7-9 et seq of the West Virginia State Code, as amended.

Petitions for a text amendment initiated by the Planning Commission shall be presented to the County Commission and submitted to the County Clerk for filing on the same date. Such petitions for a text amendment shall be clearly labeled as “§8A-7-9 Petition” in the heading and contain the following information:

1. Substantiation for the request;
2. Notation that said text amendment applies county-wide;
3. Discussion on why such proposal is consistent with the adopted Comprehensive Plan.

The County Commission is required to set a public hearing on the proposed Zoning Text amendment within 60 days of the date upon which the petition is presented to the County Commission at a County Commission meeting. The petition and related agenda request form must be submitted to the County Commission office for placement on a County Commission agenda at

least one (1) week prior to the meeting date or in accordance with the agenda request procedure of the County Commission.

DRAFT

02-10-16 Roundtable Stakeholders Discussion Meeting Discussion Summary

**This meeting was rescheduled from 01-27-16 due to inclement weather.*

Staff: Jennifer Brockman, Planning and Zoning; David Simon, Planning and Zoning; Alexandra Beaulieu, Planning and Zoning; Joe Kent, Engineering Department; and Lydia Lehman, Assistant Prosecuting Attorney.

Planning Commission: Steve Stolipher; Peter Fricke; and Gary Phalen.

Public: Janis and Ted Schiltz; Martin Burke, Historic Landmarks Commission; Rob Aitcheson, Historic Landmarks Commission; Kristin Stolipher, Gordon; Mark Dyck, Gordon; Carla Coffey, Arcadia Development; Emma Cask; and Mike Wiley, Bellaire Homes.

Jennie Brockman provided an update on the current text amendments, noting that one of the text amendments, related to Major/Minor Site Plan and Subdivision processes, initiated as a result of a previous roundtable discussion, was recently approved by the County Commission on December 17, 2015. (See attached memo for complete summary.)

Jennie also addressed SB 595. Joe Kent stated that the tolling of the bond policy is not going to change and will not expire; however, each tolled plat can only remain tolled 4 years without further approval of the County Commission. The policy was adopted and put into effect on September 2, 2010. Joe stated that there were 2-3 projects left eligible to toll.

During the roundtable meeting, the following priorities were identified for the Planning Commission to consider:

- Department Staff should consider sending out a letter to all developments with sunset clause regarding SB 595. Also consider notifying developers regarding sunset clause on tolling and bonding.
- The setbacks for non-residential developments should be 25' for every zoning district. The new zoning categories reflect 25' front, side, and rear setbacks; however, Industrial-Commercial setbacks are 25' front; 50' side and rear.
- Regarding the LESA/Cluster amendments. Run concurrently, but draft as two separate amendments and hold two independent public hearings.
- Appendix B of the Zoning Ordinance – unscreened buffer provision was taken out, perhaps inadvertently. Should be put back in.
- HLC would like to work more closely with the Property Safety Board and plans to draft an amendment to the Zoning Ordinance based on Comp Plan recommendations
- The Shepherdstown Historic District extends into the unincorporated area of the County – an effort needs to be made to resolve the conflict created by this situation
- Consider developing design criteria for historic districts.

Jennie stated that staff will work on drafting a letter requesting feedback from developers on the status of their projects. She stated that responses would be submitted to the Planning Commission for consideration.
