Bark in the Park 2018

While this year's Bark in the Park was a hot one, over 65 dogs came to wag their tails, play, get treats, and learn in Jefferson Memorial Park. We just wanted to say thank you to everyone who came out to not only support the Jefferson County Animal Welfare Society but learn how to prepare your pets for disasters. A very special thanks to our volunteers, Mike Davis, Pat Davis, and their dogs Sansa and Thor for coming out to help us. Here are a few of many dogs who stopped by to say hi during the event.

Sign Up to Receive Nixle Alerts!

Jefferson County Homeland Security and Emergency Management uses NIXLE Alerts to send emergency alert notifications by text, e-mail, Facebook and Twitter. We send out weather watches and warnings, as well as Emergency Public Information during disasters. Examples include tornado, flood, severe snowstorm, and severe thunderstorm watches, warnings, advisories, and emergencies, as well as, where emergency shelters are located, where commodities can be obtained, etc. Signing up is easy and it's FREE! To sign up, go to <http://local.nixle.com/register> or text your zip code to 888777 and then text JCHSEM to the same number.

In addition to NIXLE, we still use traditional media, such as newspapers, TV, and radio, however, receiving NIXLE alerts on your phone is the fastest way to receive emergency public information. Make sure that everyone in your family that has a phone, receives our emergency alerts in case that you are not together when a disaster happens. Make receiving NIXLE Alerts a part of your family's communication plan. If you have questions about NIXLE Alerts, you can go to www.nixle.com and click on "resident". You can always call our office if you have local questions or need assistance with getting registered.

The 2018 Jefferson County Fair is coming!

The Jefferson County LEPC and JCHSEM will have a booth at the 2018 Jefferson County Fair! Fair dates for this year are August 19-25.

JCHSEM Staff, LEPC members and volunteers are excited to talk to residents of Jefferson County about getting their homes, families, and pets prepared to deal with emergencies. This year we will once again be surveying the public on their personal preparedness efforts and their perceptions about what our County's risks are. This survey will help us fine tune our emergency communications, planning, training, and community outreach efforts in the County.

We hope that members of the public will stop by our booth as part of their overall 2018 Jefferson County Fair Experience!

For more information about the Jefferson County Fair, direction to the fairgrounds, vendor applications, event catalog, and the Jefferson County Fair Association, please go to:

Jefferson County is a Class 6 CRS Community

With the recent river flooding and flash flooding events that impacted Jefferson County, now more than ever is it essential to protect yourself, your family, and your property with flood insurance. Homeowners insurance does not protect your property from flooding or subsidence from sink holes. Jefferson County is prone to both, due to its coarse topography. With the long term National Weather Service forecast calling for more substantial rainfall events in the Mid Atlantic Region with extreme heat this summer and fall, and the 30-day waiting period for new policies, getting signed up now is essential.

Residents of Jefferson County can receive a reduction in their flood insurance premiums through due to various floodplain management measures encouraged by the National Flood Insurance Program (NFIP). The Federal Emergency Management Agency (FEMA) oversees the NFIP, which administers a program called the Community Rating System (CRS). The CRS is a voluntary incentive program that recognizes and encourages community floodplain management activities that exceed minimum NFIP requirements.

As a member of the Community Rating System, Jefferson County is within an elite group of eight West Virginia communities and counties that have received this recognition. With the continued steps taken by Jefferson County to protect its citizens and increase its resiliency, it has moved from a Class 8 to a Class 6 Community Rating System participant. The Class 6 rating qualifies eligible National Flood Insurance Program policy holders in the City an average of over \$289.00 in savings on their annual premiums. In total, the upgrade in class rating level accounts for a total savings of over \$45,634 annually for citizens of Jefferson County; an increase of \$22,817.00 from Class 8.

For information about flood insurance, property owners should contact their insurance agent, visit: <https://www.fema.gov/national-flood-insurance-program>, or call the NFIP's toll-free information line at 800-427-4661. To learn more about the CRS, visit: <https://www.fema.gov/national-flood-insurance-program-community-rating-system>.

Need Training?

Emergency Management is a constantly-changing field. While we all strive to keep up with the latest technology, the best ways to work with stakeholders to develop plans, how to conduct successful floodplain management, performing damage assessments, how to handle the debris after a disaster, help our communities to recover, or just learning the fundamentals, there are plenty of options available to you. Here are some great opportunities for training that you may or may not know about:

West Virginia Military Affairs and Public Safety's Training Center, CourseMill. If you are involved in emergency management in West Virginia, you can set up your free account at <http://www.onlinelearning.wv.gov/dmapscm6/home.html>

Once you set up your account, you can log on and look at the list of available courses being taught in West Virginia. Current courses include the Basics of Floodplain Management, HazMat Highway Containers in a Tunnel Specialist, Search and Rescue in Community Disasters, Disaster Preparedness for Hospitals and HealthCare Organizations within the Community Infrastructure; National Emergency Management Basic Academy Train the Trainer; Advanced Floodplain Management Concepts, and Rail Care Incident Response for Crude, Ethanol and Other Flammable Liquids-Rail Car Response. The courses are always changing, so check back often.

FEMA's Emergency Management Institute's URL is <https://training.fema.gov/emi.aspx>. From this training portal, anyone can take their online independent study courses for free. There are over 100 courses to choose from. You can also browse the schedules and information about their on-campus resident courses for those who are involved in emergency management at the federal, state, local or tribal governments.

Jefferson County Homeland Security and Emergency Management-Committees

Steering Committee, John Sherwood, Chair

The Steering Committee works with the JCHSEM Director to guide the activities of JCHSEM. A fourteen-member Steering Committee is made up of public and private representation. JCHSEM is a Department within the Jefferson County Commission, who has overall responsibility for the department and its employees. The Jefferson County Commission appoints all members to the steering committee. This committee meets following the Quarterly Partnership Luncheons held in January, April, July, and October and meetings are scheduled as needed. Please call the office for exact dates, locations, and times.

Public Awareness, Education and Training Committee, Paula Marrone-Reese, Chair

Any interested person can serve on this committee. The Public Awareness, Education and Training Committee is responsible to communicate the organization's activities to the public and to build support for JCHSEM's programs. They work with the Director and other staff to keep the entire community focused on the objectives of JCHSEM, the opportunities for additional involvement and support by updating citizens and businesses about what the partners are doing and how the community will and is benefiting from these efforts. Additionally, they are responsible to assist the program manager in setting up speaking engagements and public awareness events. This committee meets monthly on the 2nd Wednesday of the at 0830 in the EOC at 28 Industrial Blvd., Kearneysville, unless otherwise announced.

All Hazards Mitigation Planning Committee, Mason Carter, Chair

Any interested person may serve on this committee. The All Hazards Mitigation Planning Committee examine the community's risks and vulnerability to all hazards and assess the community's vulnerability to those risks. An All Hazards Mitigation Plan was completed and adopted by the Jefferson County Commission, all Jefferson County municipalities, WVHSEM, and Federal Emergency Management Agency in July, 2003. The plan was updated in 2008 and 2013. The 2013 Plan was approved by WVDHSEM and FEMA in June, 2013. This committee meets has begun work on the 2018 Plan and will meet as needed until the plan's completion in June 2018. Please call the office for exact dates and times.

Counter Terrorism Committee, Stephen Allen, Director, Chair

Membership to this sub-committee of the Risk Assessment and Mitigation Planning Committee is limited to members of law enforcement, emergency management, homeland security, emergency communications, Red Cross, schools, health care, fire companies, ambulance authority/EMS, and government, due to sensitive homeland security issues. The committee works on issues of planning and training for counter terrorism or human-caused disasters. Meetings are held on the 2nd Tuesday of the month at the EOC at 28 Industrial Blvd., Kearneysville, unless otherwise announced.

If you are interested in joining any of our committees, contact Stephen Allen at sallen@jeffersoncountywv.org or Brandon Vallee at bvallee@jeffersoncountywv.org

Times, dates, places may need to be changed due to inclement weather, scheduling conflicts or EOC activation. If you have questions, call the JCHSEM office.
