Honorable Commissioners
Jefferson County, West Virginia

I present to you the Fiscal Year 2021 operating and capital improvements program (CIP) budget requests from department heads, elected officials, and community organizations for Jefferson County. The budget document for FY21 represents the dedicated work of the County's senior leadership and support staff over the past several months. Adoption of the budget is one of the most important actions taken each year. The County's annual budget applies resources in an effective and responsible manner consistent with the policy direction set forth by the Jefferson County Commission. In the next few months, difficult decisions will be made to develop a balanced budget while allocating the county's scarce resources and maintaining sound financial management practices. The FY21 budget and outlook for future years comes with financial challenges that must be taken into consideration during the balancing process.

The County continues to face reduced availability of financial resources, the growing needs of the business and residential community, and the rising cost of providing services. The County's ability to meet the demands of continuing current service levels and workforce support are negatively impacted by continued revenue shortfalls. The County has experienced multiple years of lean operations and repeated deferment of capital projects and operating expenditures. As a result, areas for substantial cost reduction were not easily identified and are not able to be achieved without the elimination of full or partial services.

FY2021 Budget Focus

The FY21 budget includes recognition of the service provided by County employees through the proposed merit increases and a cost of living adjustment for employees, numerous requests for position additions and reclassifications to enhance and maintain needed levels of services provided, and planning for future capital outlay needs.

The FY21 requests for operating expenditure allocations for the General Fund totals \$29.0 million, an increase of 14.86% over last year's total operating budget of \$25.3 million. Total estimated revenue for FY21 is estimated at \$25.9 million. This is a 1.9% increase (\$480,000) over FY20's budgeted revenue of \$25.4 million. The increase is primarily a result of projected assessable base growth for real and personal property tax (\$335,000), projected increases in wine liquor tax (\$119,000). Revenue assumptions for FY21 include a 2.3% decrease in Video Lottery Revenue (-\$33,400) over FY20 and an increase of \$85,000 in table games revenue (\$564,400) over the FY20 budget of \$479,400.

Assessable Base & Tax Levy Rate

Assessable Base. The assessable base decreased to a low of \$3.0 billion in FY14; however, the assessable base has been increasing in recent years. New construction accounted for \$55 million of the \$170 million increase in FY20. In FY21 it is projected that the existing property assessable base will increase by \$129 million or 2.0% (from 3,723 million to 3,852 million). This is a good economic indicator and shows that market values for existing property are on the rise. In FY21, new construction is estimated to be \$41 million and is consistent with prior year figures for new construction. Because existing property values are expected to increase by

2.0% in FY21, the County is expected to remain at the max levy rate. The max levy rate was reached in FY19. The total assessable base projected for FY21 is \$3,893 million which is a 3.0% overall increase when compared to FY20's total assessable base of \$3,778 million. The County normally realizes a tax revenue increase of approximately \$500,000; and, the FY21 budget includes a tax revenue increase of \$335,000.

Tax Levy Rate. According to WV Code 11-8-6e, the County is permitted to increase the Levy Rate each year without a public hearing as long as the levy rate increase doesn't result in an increase of more than 1% of the prior year projected property tax revenue. Due to a slow recovery of the market values for existing properties, the County reached the max levy rate in FY19. It is anticipated that in FY21, the levy rate for the County will remain at the State's max levy rate of \$28.60 cents per \$100 of assessed value for Class II properties (see table below). The Levy Rate and Max Levy Rate by Class in cents per \$100 of assessed value for FY20 and the previous four (4) fiscal years is as follows:

_	L	evy Rate	by Class		%	Max	x Levy Ra	ite by Cla	SS
Fiscal Year	<u> </u>		III	IV	Inc/(Dec)	<u> </u>		III	IV
2021 Projected	14.30	28.60	57.20	57.20	0.00%	14.30	28.60	57.20	57.20

2018	14.25	28.50	56.99	56.99	2.21%	14.30	28.60	57.20	57.20

Even though the FY21 levy rate is not projected to increase, some property owners may still see an increase in their annual tax bill. Owners with property value increases due to market and economic growth may experience an increase in their annual tax bills.

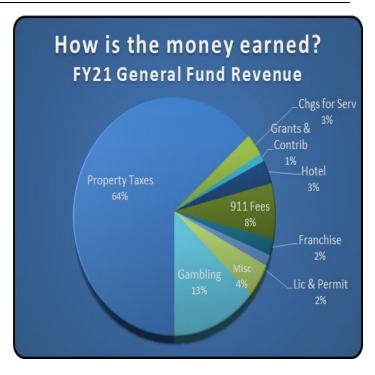

As other major events occur, **future increases to other revenue sources may be needed to generate sufficient revenues to support current services**. As an alternative, expenditure cuts that would result in reductions in operations, reduced service levels, or shifting services to other service providers may need to be considered. Other major events that could impact the County could include another economic or construction downturn causing loss of revenue, or a major weather event creating unexpected expenditures. Based on revenue projections and department requests for FY21, and Capital Outlay needs for FY21 and future years, the Commission must make approximately \$4.0 million in expenditure cuts or revenue additions to balance the budget for FY21.
