3. **Discussion and Possible Action:** Proposed text amendment to the Jefferson County Zoning and Land Development Ordinance, File #ZTA19-03. The text amendment, in accordance with WV Code 8A and Article 12 of the Zoning Ordinance, proposes revisions to allow Solar Energy Facilities to process as a Principal Permitted Use in the following Zoning Districts: General Commercial, Highway Commercial, Light Industrial, Major Industrial, Rural, Residential-Light Industrial-Commercial, and Industrial Commercial. The text amendment includes proposed revisions to Article 2 Definitions; Article 8 Supplemental Use Regulations (creation of Section 8.20 Solar Energy Facilities); and Appendix C Principal Permitted and Conditional Uses Table.
4. **Public Workshop:** Regarding the ongoing reorganization and revisions to the Jefferson County Subdivision and Land Development Regulations (to be renamed the Jefferson County Subdivision and Land Development Ordinance) being prepared under contract with Greenway Engineering. The purpose of the Workshop is to provide an overview of the status of Phase 1 of the reorganization of this document. Phase 1 involved reorganization only with no edits or revisions to the text, other than the incorporation of the Improvement Location Permit Ordinance into Article V as required by State Code. The text has been reorganized to better reflect the current review process of both subdivisions (Article III) and site development (Article IV) with all review standards and plan requirements incorporated into the corresponding sections of the ordinance.
