The amounts set forth above as "Bond Funds" for the Project include estimated Costs of Issuance for the Bonds and are to be funded from the proceeds of the Bonds that would be issued in the aggregate principal amount of Forty-Three Million Seven Hundred Thirty-Five Thousand Dollars (\$43,735,000), which amount also constitutes the Total Proposed Bond Call. The Board shall be authorized to pay such Costs of Issuance from its general funds and/or the proceeds of the Bonds, as the Board deems appropriate at the time such Costs of Issuance are required to be paid.

If the bond issue is approved by the voters of the School District, the Board receives an award of West Virginia School Building Authority funds sufficient, in the Board's reasonable discretion, to undertake and complete the Projects and the Bonds proposed hereby are issued, then (a) upon the completion of new Shepherdstown Elementary School, existing Shepherdstown Elementary School would be closed as an elementary school, and students in grades K-5 would be assigned to and attend the new Shepherdstown Elementary School; and (b) upon the completion of the new Ranson Elementary School, existing Ranson Elementary School would be closed as an elementary school, and students in grades K-5 would be assigned to and attend the new Ranson Elementary School.

All Handicapped and E.S.S.I.A. Title 1 expenditures are subject to written approval by the West Virginia Department of Education.

The issuance of the Bonds may be subject to (i) the West Virginia School Building Authority's timely award of funds to the Board in amounts sufficient, in the Board's reasonable discretion, to undertake and complete the Projects and (ii) any and all other necessary actions, approvals and consents required by applicable law; provided, however, such award of funds by the West Virginia School Building Authority shall not be a condition precedent to the issuance of the Bonds.

To the extent permitted by applicable law and in accordance with that certain Reimbursement Resolution adopted by the Board on August 3, 2020 the Board shall be permitted to reimburse itself from the proceeds of the Bonds for Project costs and expenses incurred prior to the issuance of the Bonds.

If for any reason, any sums remain unused upon completion of the Projects, such unused sums may be allocated by the Board in its discretion, (i) for capital expenditures for the enrichment, supplementation, and advancement of all education programs in Jefferson County, and other purposes pertinent to the operation of the schools within the School District and/or (ii) for use in the acquisition, construction, design, renovation, improvement, furnishing, and/or equipping of the Projects. If the proceeds of the Bonds and/or amounts allocated for the above-stated purposes are insufficient to complete the Projects, then the Board, in its discretion, shall allocate such shortfall to one or more of the above-stated purposes. In the event the Board shall obtain additional money by grant or otherwise from the state or federal government, or from any agency of either, or from any other source, for use in the acquisition, construction, renovation, improvement, furnishing, and/or equipping of the Projects, such additional money may be used either in substitution for or in addition to the proceeds of the sale of the Bonds proposed hereby, as may be determined by the Board and the granting body or agency, unless otherwise set forth herein.
