Job Description**

Position Title:	Auto Shop Helper	Grade Level:	4
Department	Fleet & Facilities Management	Date:	January 2022
Reports to:	Director of Fleet & Facilities Management	FLSA Status	NE

Statement of Duties: The employee is responsible for assisting the Auto Mechanic to ensure all assigned equipment, vehicles, operating supplies, tools and facilities are maintained. Employee is responsible for maintaining cleanliness and organization in auto shop. Employee is required to perform all similar or related duties.

Supervision Required: Under general supervision of the Director of Fleet & Facilities Management, the employee is familiar with the work routine and uses initiative in carrying out recurring assignments independently with specific instruction. The supervisor provides additional, specific instruction for new, difficult or unusual assignments, including suggested work methods. The employee is expected to recognize instances which are out of the ordinary and which do not fall within existing instructions; the employee is then expected to seek advice and further instructions. Reviews and checks of the employee's work are applied to an extent sufficient to keep the supervisor aware of progress, and to insure that completed work and methods used are technically accurate and that instructions are being followed.

Supervisory Responsibility: Employee, as a regular and continuing part of the job, does not supervise other employees.

Confidentiality: Employee does not have access to confidential information.

Accountability: Consequences of errors, missed deadlines or poor judgment may include adverse public relations, labor/material costs or danger to public health/safety.

Judgment: Numerous standardized practices, procedures, or general instructions govern the work and in some cases, may require additional interpretation. Judgment is needed to locate, select, and apply the most pertinent practice, procedure, regulation or guideline.

Complexity: The work consists of a variety of duties which generally follow standardized practices, procedures, regulations or guidelines. The sequence of work and/or the procedures followed vary according to the nature of the transaction and/or the information involved, or sought, in a particular situation.

Work Environment: Working conditions involve occasional exposure to intermittent machine or related noise or a combination of unpleasant elements such as odors, chemical fumes, dust, smoke, heat, cold, oil, dirt or grease. Includes work under typical shop conditions or outdoor work which is suspended when weather conditions are poor. Work may involve general cleaning, occasional work at heights or in confined or cramped quarters, or work around machinery and its moving parts. Work may also involve occasional mental stress, such as completing several unrelated tasks within a relatively short period of time.
