

## Bolivar – 2018 Hazard Mitigation Action Review

This worksheet summarizes **Bolivar’s** mitigation actions for hazards profiled in the 2018 Hazard Mitigation Plan. The status of these mitigation actions are marked **Completed**, **Canceled**, **Deferred**, or is **Ongoing** and notes provided on the status of that mitigation action over the last 5 years.

Project Number	Hazard(s) Addressed	Mitigation Action	Status				Status Notes
			Completed	Canceled	Deferred	Ongoing	
BV-01	Flood	Continue to educate homeowners on the benefit of and encourage them to participate in acquisition/demolition, elevation, relocation, and mitigation reconstruction of structures in the floodplain.					
BV-02	All hazards	Support Jefferson County's initiative in encouraging the use of laminated glass in windowpanes during all new construction.					
BV-03	Wild and Urban Fires	Support Jefferson County's initiative in encouraging residents and businesses to maintain their property in or near forested areas (including short grass; thinned trees and removal of low hanging branches, cleaning of dead or dry leaves, needles, twigs, etc.), and to create a buffer zone (defensible space) between structures and adjacent forests.
