

Harpers Ferry – 2018 Hazard Mitigation Action Review

This worksheet summarizes **Harpers Ferry’s** mitigation actions for hazards profiled in the 2018 Hazard Mitigation Plan. The status of these mitigation actions are marked **Completed, Canceled, Deferred**, or is **Ongoing** and notes provided on the status of that mitigation action over the last 5 years.

Project Number	Hazard(s) Addressed	Mitigation Action	Status				Status Notes
			Completed	Canceled	Deferred	Ongoing	
HF-01	All hazards	Strategy 13.10.1: Establish a formal process for the Town of Harpers Ferry and the Park Service to coordinate disaster related efforts, which will include defining boundaries and establishing responsibilities.					Contact Greg Vaughn/Pat Morse HF Town Hall
HF-02	Flood	Continue to educate homeowners on the benefit of and encourage them to participate in acquisition/demolition, elevation, relocation, and mitigation reconstruction of structures in the floodplain.					Contact Greg Vaughn/Pat Morse HF Town Hall
HF-03	All hazards	Upgrade the Harpers Ferry and Bolivar areas water system infrastructure to provide clean drinking water and reliable service				X	
HF-04	Flood	Strategy C1.1.1: Reroute an eight inch (8") water main near Elk Run, as the line is currently exposed in two (2) locations where it crosses Elk Run. The line is in danger of being broken by large debris in Elk Run in a flooding situation.	X
