

Ranson – 2018 Hazard Mitigation Action Review

This worksheet summarizes **Ranson’s** mitigation actions for hazards profiled in the 2018 Hazard Mitigation Plan. The status of these mitigation actions are marked **Completed**, **Canceled**, **Deferred**, or is **Ongoing** and notes provided on the status of that mitigation action over the last 5 years.

Project Number	Hazard(s) Addressed	Mitigation Action	Status				Status Notes
			Completed	Canceled	Deferred	Ongoing	
RS-01	Flood	Continue to educate homeowners on the benefit of and encourage them to participate in acquisition/demolition, elevation, relocation, and mitigation reconstruction of structures in the floodplain.					
RS-02	Drought	Strategy D2.1.2: Review the need for additional water towers.					
RS-03	Flood	Strategy D1.1.2: Work jointly with the City of Charles Town on a storm water management project for Evitts Run Park.
