Re: The Jefferson County Courthouse as Museum

In anticipation of the move of Jefferson County's operations to the buildings located at 330 North George Street and 393 North Lawrence Street, the Old Charles Town Library, Inc.¹ wants to express our interest in converting the Jefferson County Courthouse and the adjacent jail building into a space for our Jefferson County Museum, already a vibrant local history museum and tourist destination. It is a once in a generation opportunity to preserve a cherished National Historic Landmark and reimagine it as a repository for one of Jefferson County's most valuable assets: our history. This is a fitting use for the building that would benefit not just the local government and economy, but the citizenry as a whole.

The Jefferson County Museum, now in its 60th year, has a vast collection of objects, photographs, and archives pertaining to the history of Jefferson County. Many of the items currently on display are of national importance, including a letter written by George Washington, the wagon that carried John Brown to his execution, and the uniform of longtime Jefferson County resident Frank Buckles, the last surviving World War I veteran in the United States. The museum, located in the historic Courthouse, would not only continue to engage our local population, but would draw even more visitors and tourist dollars to Charles Town and Jefferson County than it does in its current quarters while showcasing this historic space.

Our goals for the Jefferson County Courthouse are:

1. **Preserve a National Historic Landmark and maintain its cultural and historical significance** by restoring and transforming the Courthouse into a museum in accordance with best practices in historic preservation. The Jefferson County Courthouse is a nationally significant location, where the West Virginia Miners' Trial took place in 1922. However, it also sits on the site of previous courthouses, one of which was used to try John Brown and his men in 1859 before it was destroyed in the Civil War.

The original courthouse was built in 1803 on land donated by Charles Washington with the stipulation that the corner lots of the town square, formed by George and Washington Streets, be used for public purposes. The Jefferson County Museum would keep the current iteration of this important building open to the public and interpret its rich history as well as the greater history of Jefferson County. The adjacent jail, which survives today because of the foresight of preservationists, is a natural extension of the courthouse building and would provide additional space for the museum.

2. **Educate and inspire** by cultivating a space where history is accessible to visitors of different age groups and backgrounds. The courthouse building and courtroom space would provide a superior venue for field trips and group visits to the Museum. This would allow us to better serve local schoolchildren in addition to making us a destination for bus trips from outside the county.
3. **Engage the community** by creating a volunteer and docent training program to build a corps of trained community members who would serve as interpreters for the space. Having an historic courtroom open to the public would allow us to expand our interpretation beyond exhibits by showcasing the historic building as an artifact in and of itself. Expanded space could allow increased capacity for our events and programs. Such a major transition provides a great opportunity for us to evaluate the Museum's design, exhibits, and programming, and to seek community input on what county residents would like to see more of from their local Museum.
4. **Build long-term sustainability** by establishing partnerships and funding streams to ensure long-term preservation of the space. Revenue could be generated from rentals of the second floor offices and current judges' chambers for business activities, which could go toward utilities and maintenance of the building (The Entler Museum in Shepherdstown runs on a model, whereby Shepherdstown owns the building and the Museum administers rentals). The courtroom space could be rented for weddings, lectures, and private and public events as well.

If entering into a partnership, the Old Charles Town Library, Inc., would offer its assistance in seeking out, applying to, and/or administering grants relating to the maintenance of the historic building. Possible funding sources include syndication of

federal and state historic tax credits, grants from HUD, NPS, NEH, (pending changes to federal funding structures), the West Virginia SHPO, and the National Trust, as well as private grants and foundations. The Courthouse's National Historic Landmark status, along with the specialized areas of history to which it connects, make it an excellent candidate for these opportunities.

OUR VISION FOR THE SPACE

Our preliminary vision for the courthouse space is to use much of the first floor of the Courthouse and the jail for museum displays, interpretation, artifact storage, and a gift shop. The courtroom upstairs would serve as a space interpreting the history of the building and would regularly be open to the public for tours and other events.

HOW TO MAKE THIS VISION A REALITY

The Old Charles Town Library, Inc. proposes to enter into a partnership with the Jefferson County Commission and/or other local entities to sustain this historic property. In whatever scenario, a group of local stakeholders would be established to create a coalition or partnership to support the custodial and preservation needs of the courthouse building as well as the activities of the Jefferson County Museum as they relate to the building. Possible options for the building include:

- a. The County retains ownership of the buildings, allowing the Old Charles Town Library, Inc., to "rent" the Courthouse and jail buildings for a nominal fee. [An example of this type of partnership is the [Courthouse Square Museum in Berrien Springs, MI](#), where Berrien County owns the courthouse building and the museum operates it under an agreement with them].
- b. Ownership of the Courthouse and jail is transferred to Old Charles Town Library, Inc. [An example of nonprofit ownership of a courthouse building is the [Shenandoah Valley Civil War Museum in Winchester, VA](#), owned by the Shenandoah Valley Battlefields Foundation (note that this courthouse building was not owned by the nonprofit until the last year or two, even though it has been in operation since the early 2000s)].

The Courthouse as it stands has great potential, but does not currently possess the capacity to house a Museum. Many changes would be required including adjustments to climate control systems, enhanced exhibit lighting, tinting for windows to protect historic artifacts from light damage, new restrooms, and a new security system.

If given the opportunity to relocate the Jefferson County Museum into the Courthouse and jail through one of the above scenarios, the Old Charles Town Library, Inc. would seek out architectural and design services to adapt the first floor of the buildings to its needs and make it a welcoming museum space for the public, allowing the development of a more concrete vision of

any changes needed and the funding required. We would then take steps to raise funds for the necessary renovations from public and private sources, using the time available to us to plan for the future and be ready to make these changes when Jefferson County moves its court to its new home.

We are happy to discuss this proposal and any of the possibilities mentioned here in more detail. In terms of next steps, we look forward to the following:

- a. Learning more about the space, including further exploring the jail building, gathering information about square footage and utility costs for both the Courthouse and jail, and gaining an understanding of the timeline for the renovation and move of the County offices and courtroom to their new facilities.
- b. Scheduling a time for the County Commissioners to visit the Museum, to take a look at our current displays, and meet our board members, who have unanimously approved the exploration of this exciting possibility.
- c. Meeting to discuss what type of arrangement for the ownership and maintenance of the property is most suitable for Jefferson County and other stakeholders.
- d. Receiving assurance that Jefferson County is indeed interested in pursuing this possibility, so that we can begin the process of planning and fundraising for the space.

More information about our organization and mission is available on [our website](#). Please contact Lori Wysong, Director of the Jefferson County Museum (director@jeffcomuseumwv.org) and Marcella Genz, the Executive Director of the Old Charles Town Library Inc. (octldirector@ctlibrary.org) with any questions.

Sincerely,

The image shows two handwritten signatures in blue ink. The top signature is for Lori Wysong, and the bottom signature is for Marcella Genz. Both signatures are written in a cursive, flowing style.

¹ The Charles Town Library (1927) and the Jefferson County Museum (1965) operate as one unified organization under the stewardship of the Old Charles Town Library, Inc., a non-profit entity established in 1927 and incorporated in 1958, which provided coordinated leadership, financial management, and strategic direction for both the Library and the Museum. The Library and Museum serve the community as a cohesive center for knowledge, history, and civic engagement.

Minutes
Special Session
Jefferson County Commission
Tuesday, July 8, 2025

A meeting of the Jefferson County Commission was held on Tuesday, July 8, 2025, during the third quarterly session at 9:30 a.m. The meeting was held via Zoom and in-person. Present were President Pasha Majdi, Vice President Mike Mood, Commissioner Steve Stolipher, Commissioner Cara Keys, and Commissioner Jack Hefestay. Also present were Edwina Benites-LM, County Administrator; Nathan Cochran, Assistant Prosecuting Attorney; Jacki Shadle, County Clerk; and Lynn Dillow, Administrative Clerk. The archived meeting of the Tuesday, July 8, 2025, meeting is available on the Jefferson County Commission website.

Pay to two decimals instead of four

Commissioner Keys motioned to change the pay method to two decimals from four decimals. The motion was seconded by Commissioner Stolipher. The motion was approved unanimously.

Day Report INC.

Commissioner Majdi motioned to approve payment of \$100,336.02 from contingency funds to Berkeley county Day Report for services rendered in FY 2025. The motion was seconded by Commissioner Mood. The motion was approved unanimously.

Commissioner Majdi motioned to invoice Jefferson County Day Report for \$22,836.02 reimbursement of funds awarded. The motion was seconded by Commissioner Mood. The motion was approved unanimously.

Review of Priorities – Quarter 3 and 4

Informational only.

Consider matters involving or affecting the construction, planning, purchase, sale, or lease of property for county office space and/or courthouse space.

Commissioner Stolipher motioned to enter into executive session at 5:01 p.m. to receive legal advice. The motion was seconded by Commissioner Mood and approved unanimously.

Commissioner Mood motioned to reconvene in regular session at 5:40 p.m. The motion was seconded by Commissioner Stolipher and approved unanimously.

Adjourn

Having no further business, Commissioner Majdi motioned to adjourn the meeting. The motion was seconded and approved without objection. The Commission adjourned at 5:45 p.m.

Pasha Majdi, PRESIDENT

Respectfully submitted
Jacqueline C. Shadle
Jefferson County Clerk

DRAFT

Jefferson County Commission

SIGN-IN SHEET TO SPEAK DURING PUBLIC COMMENT

Tuesday, July 8, 2025

NAME (please print)	NAME OF GROUP REPRESENTED	JEFFERSON COUNTY RESIDENT?
✓ Jacquelyn Milliam	Self	Yes
XXXXXXXXXX	XXXXXXXXXX	XXXX
✓ David TABR	me	yes
Amanda Steward	Self	yes
Elizabeth Aicketts	JEDA member	yes

THE COMMISSION ALLOWS THREE (3) MINUTES FOR EACH PERSON WISHING TO MAKE PUBLIC COMMENT

1. **JCESA BOD/JCC Ambulance Fee:** I recently paid my ambulance fee definitively under protest.

On May 18, 2023, the Jefferson County Commission (JCC) voted favorably 3-2 to dissolve the JCESA Board of Directors (BOD) and approve a reorganizational Ordinance establishing a new Jefferson County Emergency Services Agency.

Sole and separate from this Agency Ordinance would have been a new Ambulance Fee Ordinance, but it failed in a 2-2 vote on June 15, 2023.

The old Ambulance Fee Ordinance is still enacted where the BOD is the beneficiary and stewards of the fee whereas, the JCC is just the collection agent.

Sections 2.1.g and 6.f of the new Agency Ordinance begins with “in the event an ambulance fee and/or fire fee is imposed by the county commission...” If the new Agency Ordinance suggests that the fee had not yet been imposed, why did I get an ambulance fee charge for FY2025?

If the JCC named themselves beneficiary of the BOD controlled funds, and the JCC has a current New Ordinance that says there is no ambulance or fire fee yet, then what ordinance gives the JCC permission to charge any ambulance fee under the old fee ordinance? The old fee ordinance clearly requires reporting and annual public hearings specifically from the BOD who was required to have public hearings justifying the need and amount of the fee. When did those take place? Has the JCC followed the required procedures under the current enacted old Ambulance Fee Ordinance? If so, where can I find records of public hearings justifying the need and amount of the fee? Additionally, where can the feepayer find the accounts of the independent, transitional, and final balances of all *individual accounts* held by the BOD at the time of dissolution? Accountability part 1.

2. **JCESA Ambulance Response Times:** Please provide the public with current EMS Ambulance response times from each of the 4 stations for the last two years applicable to all sectors of the county. I would like to inspect those records myself since you have decided to house two ambulances in Middleway, yet have left the feepayers underserved who were formerly served by the Blue Ridge and Bakerton stations which once had ambulances. Since the JCC is charging an Ambulance fee, the feepayers are entitled to see the use of that fee and data to prove its need. Accountability part 2.

3. A recent Facebook post from a public official suggested that we should believe none of what we hear and only half of what we see. Does that sum up what is going on in our local government?

Good Morning Commissioners.

I am happy to learn that the public can once again make comments via Zoom during the public comment period.

Regarding public comments (a hot topic at the moment), in the middle of the afternoon session of the June 5th commission meeting a commissioner inferred the “activists” (his term not mine) who spoke earlier in the day were slackers for not sticking around for the Jefferson County Government and Judicial Complex presentation and discussion. This confused me as Meriam Webster defines an “activist” as:

a person who uses or supports strong actions (such as public protests) in support of or opposition to one side of a controversial issue

To refresh my memory (I was online) went back to the tape as it were. Of the nine public commenters, eight of them mentioned the APU buildings or the bonds in some fashion. Those comments were very civil in nature – no name calling, shaming or sending commissioners to Hell. Also, there was no clapping, booing, sign holding, singing or other traditional activist behavior by members of the audience. So in this case, activists no, concerned civic minded residents yes. Which is what local governments say they want – citizens who care about what’s going on. And by the way, these “activists” took time out of their morning to speak but not everyone can attend either online or in person a meeting that started at 9:30 in the morning and ended at 5:33 in the evening.

Speaking of which, now that ~~is~~ official assume the commission has already had, or has scheduled formal meetings with Charles Town Now and the Charles Town City Council concerning what to do with 100 block of Washington Street. I sincerely hope so.

And last but not least, on a personal note I’d like to officially welcome y’all to the neighborhood. You’ve got some great neighbors with the Ranson Civic Center and the Ranson Community Gardens. Staff can walk the Veggie Trail or shoot some hoops. Am looking forward to the Open House on the 16th followed by the community meeting on the 17th.

**Public Comment for Jefferson County Commission meeting for
July 8, 2025 (regularly scheduled for July 3, 2025)**

I, **David Tabb**, a lifelong resident/taxpayer make the following comments:

PUBLIC COMMENT –

Earlier last week, a current County Commissioner and another elected official got into a conversation that other elected officials should also have access to the County Commission agenda and that a request has failed to be addressed. A particular phrase was used by the County Commissioner... *“guilty by association.* So, I think I will borrow this term to point out to the four recently elected County Commissioners that within their campaign pledge, they have not performed their pledge statements as follows: No increases or new taxes; transparency, additional indebtedness, address solar, and not allow uncontrolled growth. Primary example is the special session minutes (virtual only with no public comments of 6/24/25), closing transactions for 393 N. Lawrence and 330 N. George St, (APU buildings) in the amount of \$7,533,903.92. This amount is only a portion that has already been approved; giving a false impression of how much these buildings have cost. This does not include how much more this will cost for the build-out and maintaining the current county offices for the next two (2) years. The minutes for this transaction clearly state all 5 Commissioner – *“approved by the vote of 5-0”*. There are dozens of similar votes by the newly elected Commissioners; which brings to mind that the term *“guilty by association”* that Commissioner Stolipher has put into play over the last four years.

Where is the money for the new Jefferson County Fire Dept/employees-staff/equipment-turnout gear, air packs that times out and no fire trucks to include in their new complex?

Agenda– Jefferson Co. Government and Judicial Center -

#5 Overview - No public notice or documentation that one can act on.

#6 Committee retrofit Presentation - No public notice or documentation that one can act on.

Agenda #7 – Charles Town Utilities v. WV American Water

A hearing is scheduled for 7/30/25 @ 9:30am at the Jefferson County Meeting Room. Chief ALJ Keith A George. I encourage everyone to attend.

Agenda #12 – Parks & Rec Overview

No documents presented. No action can take place, when in fact, the JCDA took over the Sports Center. Should the JCDA takeover the whole thing?

Agenda #15.01 – Middleway Ambulance Space Lease

This is inappropriate since there is triple the residents in Blue Ridge Mountain VFD call area v. Middleway.

Agenda #15.02 – Ambulance Fee update.

Mr. Tabb has requested an audit, by the WV State Auditor, of the ambulance fee since the billing was a re-billing of the previous year.

The County Commission has become pretty bold to announce the ribbon cutting for the newly acquired buildings (APU). When in fact, all the i's have not been dotted nor the t's have not been crossed and the County Commission has not posted the Bond interest rate or the cost to pay back.

“The public reserves the right to call out the public officials to follow the required laws to ensure the constitutional rights of the public. The Government is to be “open for business” and not deprived the public of notice and comments that would violate ethic provisions.

It is hard to be safe, with the current County Commission.

Have a nice day!

MEMO

TO: County Commission of Jefferson County
FROM: Luke Seigfried, Chief County Planner
DATE: July 17, 2025
RE: Planning Commission Recommendation regarding the Zoning Map Amendment Petition for Hoxton Center (Residential Growth) (File #25-2-Z)

On Thursday, June 5, 2025, the petition for a Zoning Map Amendment for the proposed Hoxton Center Rezoning was presented to the Jefferson County Commission for a commercial parcel located south of Shepherdstown, along Shepherdstown Pike. The parcels, designated as Tax District: Shepherdstown (09), Tax Map: 8B, Parcels: 130, consist of approximately 1.07 acres. The property is currently zoned Rural (R) and the petition requests rezoning from Rural (R) to General Commercial (GC).

The County Commission scheduled a Public Hearing regarding this rezoning for Thursday, July 17, 2025. At the June 5th meeting, the County Commission, in accordance with WV Code 8A and the Jefferson County Zoning Ordinance Article 12, referred the petition to the Planning Commission for their review and recommendation as to whether the proposed amendment is consistent with the adopted *2045 Comprehensive Plan*.

On Tuesday, July 8, 2025, the Jefferson County Planning Commission heard an overview of the Hoxton Center Zoning Map Amendment (#25-2-Z) petition as well as the recommendations in the staff report identifying relevant portions of the *2045 Comprehensive Plan* for the Planning Commission's consideration and review. The staff report noted that the Future Land Use Guide designates the property as "Office or Commercial", which supports zoning districts that allow commercial developments of offices and businesses. The subject property is located within the Shepherdstown Growth Management Boundary, which does not support higher intensity development as a Preferred Growth Area does. The staff report is attached to this memo for the County Commission's information and consideration.

For this reason, after reviewing the application, the staff report, and further discussion, the Planning Commission found, with a unanimous vote, that the proposed Zoning Map Amendment to General Commercial (GC) is consistent with the *2045 Comprehensive Plan*.

Hoxton Center (General Commercial) Rezoning Request (25-2-Z)

Item # 8: Discussion and Action on the Hoxton Center (General Commercial) Zoning Map Amendment

Request: Planning Commission review and recommendation to the County Commission regarding whether the petition for a Zoning Map Amendment to rezone the 1.07 acre Hoxton Center, LLC Property from Rural(R) to General Commercial (GC) is consistent with the *2045 Comprehensive Plan*.

Property Owner:	Hoxton Center, LLC
Applicant:	Rob and Clay Hoxton
Consultant:	P.J. Raco Consulting, LLC / Attn: Paul Raco
Parcel Information:	<p style="text-align: center;">8516, 8524, and 8530 Shepherdstown Pike, Shepherdstown, WV Parcel ID: 09008B01300000 Acreage: 1.07 ac. Zoning District: Rural</p> 
Surrounding Properties:	<p><i>North, East, South: Rural</i> <i>West: Residential Growth</i></p>
Current Use:	Commercial offices
Proposed Request	To rezone the total 1.07 acres from Rural to General Commercial (GC)
Planning Commission Responsibility:	To advise the County Commission whether the requested Zoning Map Amendment is consistent with the <i>2045 Comprehensive Plan</i>
Staff Finding:	Staff finds that request is consistent with the <i>2045 Comprehensive Plan Future Land Use Guide</i>

Staff Report
Jefferson County Planning Commission Meeting
July 8, 2025

Hoxton Center (General Commercial) Rezoning Request (25-2-Z)

Applicant’s Request

The applicant is requesting to rezone approximately 1.07 acres from Rural (R) to General Commercial (GC).

Neighboring Uses

The properties under consideration for this Zoning Map Amendment are adjacent to institutional and residential uses.

- The Bon Aire subdivision is located to the south.
- Morgan Academy is located to the west.

Scope of this Assessment

This report focuses on whether or not the Zoning Map Amendment application is consistent with the *2045 Comprehensive Plan* and provides a staff recommendation for the Planning Commission’s consideration based on relevant sections and elements of the *Plan*.

Staff’s professional recommendation is that the request is **consistent** with the *2045 Plan* because it is designated “Office or Commercial” on the Future Land Use Guide. The subject property is located in the Shepherdstown Growth Management Boundary (GMB) but is not located in a Preferred Growth Area. The owner-initiated rezoning to General Commercial (GC) would allow for a single medium to large building to operate commercial uses such as, retail, food service, office space, or other commercial businesses that expect regular vehicular traffic.

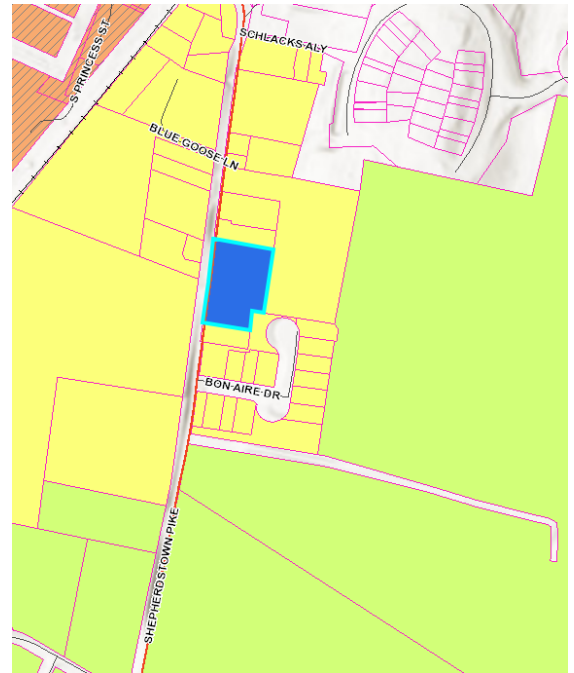

It should be noted that Staff has no statutory authority to make decisions in this regard. The Planning Commission is required to provide the County Commission with their advice as to whether the request is consistent with the *Comprehensive Plan* prior to the County Commission’s Public Hearing. The County Commission, with the recommendation of the Planning Commission, has the authority to approve or deny a zoning map amendment.

Zoning Map Amendment Public Hearing Process

Article 12 of the Zoning Ordinance requires that the “procedure for amendment [by petition] shall be as dictated in Section 8A-7-9 et seq of the West Virginia State Code as amended.” Regarding amendments by petition, State statute provides that, “Before amending the zoning ordinance, the governing body with the advice of the planning commission must find that the amendment is consistent with the adopted comprehensive plan.” [See WVC 8A-7-9(c)].

Relevant 2045 Comprehensive Plan Elements and Commentary

The *2045 Comprehensive Plan* consists of both goals and recommendations in text format, as well as a Future Land Use Guide, both of which are relevant to this analysis. Page number references throughout this report relate to the *2045 Comprehensive Plan*.

Hoxton Center (General Commercial) Rezoning Request (25-2-Z)

1. Land Use and Growth Management Element / Future Land Use Guide

One of the themes of the *2045 Comprehensive Plan* is Quality Land Use and Growth Management for Jefferson County. This theme identifies seven Preferred Growth Areas (PGA) and two Urban Growth Boundaries (UGB) in text and on the *Future Land Use Guide* as areas considered viable for higher intensity development. The theme also identifies the Growth Management Boundary (GMB) around Shepherdstown as separate from the PGAs and UGBs as not anticipating urban scale development. The Growth Management Boundary allows Shepherdstown to plan for growth and carry out annexations within the bounds of the

GMB. A Preferred Growth Areas was identified west of Shepherdstown as an exception within the Shepherdstown Growth Management Boundary to allow higher intensity development developing under County requirements. Preferred Growth Areas, Urban Growth Boundaries, and Growth Management Boundary were first identified in the *Envision Jefferson 2035 Plan* and are now part of the current *2045 Comprehensive Plan*.

The subject parcel is within the Shepherdstown GMB but not within a Preferred Growth Area that was identified for higher intensity development.

2. Land Use Map Classifications

The “Office or Commercial” classification is for commercial or mixed-use zoning districts to operate businesses or office spaces. Water and sewer are expected to be available at the location.

The subject parcel has access to water and sewer service.

3. Proposed Zoning District – Residential Growth (RG)

The purpose of the General Commercial (GC) District (Section 5.12 of the Zoning Ordinance) is “to provide for general destination business uses, which provide a broad range of commercial products and services necessary for large regions.” (complete description attached).

As noted previously, the subject parcel is designated as Office or Commercial on the Future Land Use Guide of the *2045 Comprehensive Plan*.

Staff Discussion and Recommendation

This property has been zoned Rural since zoning went into to effect in 1988. The applicant has stated that the subject parcel has hosted various businesses since the late 1940s. The parcel currently has an existing building and parking lot for office space. There are no historical sites, floodplains, or conservation easements located on the site.

The *2045 Comprehensive Plan* includes a Future Land Use Guide, which is intended to be a tool to provide a visual definition of future growth and areas where potential owner initiated zoning map amendments (rezoning requests) might occur within the timeframe of the *Plan*. The *2045 Comprehensive Plan* states that “land use classifications, utilized on the Existing Land Use Map and Future Land Use Guide, are intended to provide guidance to the Planning and County Commission when considering owner-initiated zoning map amendments (rezoning requests).” (pp. 111). The *Plan* further states, “Use of the Future Land Use Guide is to be in combination with the recommendations of this Plan when considering owner initiated zoning map

Office or Commercial

Primary Uses: The Office or Commercial category is intended to support a mix of business and office uses. Developments can include mixed use projects, a mix of office or commercial buildings, or solely an office or commercial use.

Intensity: Commercial or office uses are served by public water and sewer system.

Mobility: Pedestrian, bicycle, and auto orientated access are prioritized along with interconnectivity to adjacent neighborhoods and commercial developments. Access to public transit is encouraged.

Hoxton Center (General Commercial) Rezoning Request (25-2-Z)

amendments.” (pp. 10). The *Plan* does not initiate any zoning map amendments and only provides recommendations to guide development including identifying Preferred Growth Areas.

Based on these recommendations of the *2045 Comprehensive Plan* related to the Future Land Use Guide and text, staff finds that the proposed General Commercial (GC) zoning category for the 1.07+/- acres included in this application is **consistent** with the *2045 Comprehensive Plan*.

Planning Commission Action Required

Article 12 of the Zoning Ordinance and the relevant sections of WV State Code requires the County Commission to refer rezoning petitions to the Planning Commission for their review and recommendation as to whether the amendment is consistent with the adopted Comprehensive Plan. Such recommendation is required to be sent to the County Commission prior to the County Commission’s public hearing which shall be held within 60 days of the date the petition is presented.

The petition was presented to the County Commission on June 5, 2025 and the required Public Hearing has been scheduled for July 17, 2025 at a time to be determined. Therefore, the Planning Commission is required to review this application and make a recommendation to the County Commission prior to this Hearing.

Jefferson County Zoning and Land Development Ordinance

Jefferson County,
West Virginia

Prepared By
The Jefferson County
Planning Commission

Adopted July 7, 1988, As Amended
Amendments adopted by the County Commission, June 16, 2022

5. Buildings shall be oriented toward the street with one or more entrances facing the principal street adjacent to a building.
6. Commercial and Industrial uses are subject to the requirements for such uses in Article 8.

Section 5.12 General Commercial (GC) District^{27, 32}

- A. Purpose. The purpose of this district is to provide for general destination business uses, which provide a broad range of commercial products and services necessary for large regions. The uses in this district may be characterized by medium-to-large buildings (including retail stores of up to 100,000 square feet of gross floor area for an individual building as per the definition of Retail Store, Large in this ordinance), more intensive commercial activity, and more vehicular traffic than would be permitted for uses in the NC district.
- B. Location. This zoning category is intended for use on properties:
 1. In the Growth Area as shown in the most recently adopted Comprehensive Plan, if the plan does not include a future land use map; or
 2. In locations where the appropriate land use category is designated on the future land use map (and related text) in the most recently adopted Comprehensive Plan.
- C. Permitted Uses
 1. Uses that are permitted, conditional, and not permitted in this district shall be as indicated in Appendix C, Principal Permitted and Conditional Uses Table.³²
 2. Uses shown as conditional uses (CU) for this district in Appendix C, Principal Permitted and Conditional Uses Table shall be subject to review and approval by the Board of Zoning Appeals in accordance with Section 6.3 of this Ordinance.³²
- D. Site Development Standards
 1. Setbacks, height, and other site development standards shall be as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards, except as provided elsewhere in this Ordinance.
 2. A development that complies with all requirements of Section 5.11E may be developed in accordance with the requirements of Section 5.11D(2-6) and the front setback requirements for the Neighborhood Commercial District as indicated in Appendix A, Residential Site Development Standards, and Appendix B, Non-Residential Site Development Standards.
- E. Additional Requirements
 1. Commercial and Industrial uses are subject to the requirements for such uses in Article 8.

Section 5.13 Highway Commercial (HC) District^{27, 32}

- A. Purpose. The purpose of this district is to provide appropriate locations for high-intensity, motor-vehicle oriented commercial uses fronting on major roadways. The uses in this district may be characterized by a broad scale of building sizes, which may include very large buildings that exceed 100,000 square feet of gross floor area for an individual building and which may have a greater impact on surrounding areas as a result of significant truck traffic and other factors. This district may include land uses that are more intensive than other commercial districts and incompatible with nearby adjacent residential uses.
- B. Location. This zoning category is intended for use on properties:

APPENDIX B: NON RESIDENTIAL SITE DEVELOPMENT STANDARDS TABLE^{27, 32, 35}

The requirements in this table are in addition to any other applicable requirements in the text of this Ordinance. In the event of a conflict with the text, this table shall prevail.

All dimensions are in feet unless otherwise indicated by “ac” (acres).

* Maximum building height is subject to Sec. 9.2.

** If land use(s) approved via the Conditional Use process in accordance with this Ordinance.

*** MLA for Industrial uses does not apply if the site is located in an approved Industrial Park [Source: Sec. 5.6E]

**** Schools in Rural district: Plus one (1) additional acre for every 100 pupils. Minimum lot size for Vocational Schools shall be based on State of West Virginia Code. If a sewer treatment plant and retention ponds are required, acreage shall be increased accordingly.

¥ Non-Residential Site Development in an existing structure in the Village District shall comply with Section 5.10A.2.

‡ Setback may be reduced if adjacent to industrial use.

⊕ For an industrial use, no structures, stored materials, or vehicular parking shall be permitted within the buffer yard. For a commercial use, no structures, materials, or vehicular parking shall be permitted within the side and rear yard buffers.

⊖ A rear yard setback may be reduced to 10' for a non-residential use abutting a commercial or industrial use at a rear lot line

⊖ Churches in any district: (1) are treated as a commercial use on a lot of greater than 1.5 acres in determining buffer requirements and parking/drive aisle setbacks; (2) building setbacks are 25' (front) and 50' (side/rear); and (3) distance requirements do not apply.

£ For a non-residential use abutting a commercial or industrial use, no side yard setback is required, unless required by Building Code or other law or regulation.

2045 Comprehensive Plan

Jefferson County, West Virginia

There are eight recognized unincorporated villages in Jefferson County. All of the villages develop under County regulations. Each municipality has defined boundaries. Within town limits, the municipalities have certain taxation powers, are given jurisdiction over land-uses, and may provide services such as policing. Areas located outside of the established town limits are considered unincorporated.

Villages of Jefferson County

- Bakerton
- Kearneysville
- Leetown
- Middleway
- Mannings
- Rippon
- Shenandoah Junction
- Summit Point

The Future Land Use Guide and the Zoning Map are different. The categories on each may bear some similarities, but the maps themselves are not the same. This Plan does not call for County initiated zoning map amendments, as it is anticipated that all zoning map amendments will be owner initiated. All property owners within Jefferson County have the right to request a zoning map amendment. The Planning Commission reviews all zoning map amendment requests and makes a recommendation to County Commission regarding whether if a given request is or is not consistent with the Future Land Use Guide and relevant text of this Plan. Following a public hearing regarding the request and with the advice of the Planning Commission, County Commission must act as the governing body and determine if the request is consistent or inconsistent with the Comprehensive Plan or otherwise meets the requirements of WV Code 8A.

Urban Growth Boundary (UGB)

According to §8-6-4a of the West Virginia Code, Urban Growth Boundaries (UGBs) are...“an area around and outside the corporate limits of a municipality within which there is a sufficient supply of developable land within the boundary for at least a prospective

twenty-year period of municipal growth based on demographic forecasts and the time reasonably required to effectively provide municipal services to the identified area.”

At present, only three of the five municipalities in Jefferson County have planning boundaries that meet the definition of §8-6-4a of the West Virginia Code. In 2009, Charles Town and Ranson had their UGBs formally approved by the County Commission. In 2014, Shepherdstown created a boundary called the Growth Management Boundary (GMB) which falls under the state definition of a UGB and was formally approved by the County Commission. If Bolivar or Harpers Ferry chooses to create a UGB in the future that is different than the Preferred Growth Areas (PGAs) depicted, the recommendations in this Plan related to UGBs may be extended to the newly created UGBs based on the town’s planning goals. The use of the term UGB throughout this document refers to the Charles Town and Ranson UGBs only.

This Plan expects that properties

within the UGB may be annexed into the adjoining municipality which has created the UGB. However, an entity with property located within the UGB could choose not to annex their land into a municipality and could then develop the land under the County’s

land development standards instead. In such circumstances, the UGB acts as a Preferred Growth Area for the County and urban level development is still anticipated in these areas.

A. Shepherdstown Growth Management Boundary (GMB)

The Shepherdstown Growth Management Boundary was adopted in 2014 and is reflected on the County Zoning Map. Shepherdstown’s adopted GMB allows the Corporation to plan for future growth and annexations, but is not anticipated to have urban scale development if it remains in the unincorporated area. A smaller Preferred Growth Area that would be conducive to urban scale development has been identified to the west of the Shepherdstown.

B. Ranson Urban Growth Boundary (UGB)

In 2009, Ranson formally requested that the County Commission approve a prior Townscape Boundary as their Urban Growth Boundary. This boundary was approved in 2010 and is reflected on the County Zoning Map.

C. Charles Town Urban Growth Boundary (UGB)

In 2009, Charles Town formally requested that the County Commission approve a prior Townscape Boundary as their Urban Growth Boundary. This boundary was approved in 2010 and is reflected on the County Zoning Map.

Preferred Growth Areas (PGA)

In addition to the defined UGBs, a series of additional Preferred Growth Areas (PGAs) were identified in the Envision Jefferson 2035 plan and have been incorporated into the *2045 Comprehensive Plan*. These areas are outside the UGBs where water and sewer services are either currently available or could be made available, and are generally intended to develop using the County's development standards. Individual PGAs may also have other community services and facilities that are currently available or could be made available in the next two decades. The PGAs are not intended to be promoted in favor of the UGB for the municipalities. Both areas are expected to be viable areas for development and no policy decision is being made to favor one area over another.

The proposed PGAs are (in no particular order):

A. Shepherdstown PGA

This PGA is located south and west of Shepherdstown and defined predominately by existing zoning, residential and commercial development, and access to water and sewer services. It encompasses an area on either side of WV 45 past the west end of Old Martinsburg Road to Venice Way and to the south along the west side of WV 480. This area is included within Shepherdstown's Growth Management Boundary (GMB) and is the primary area outside of Shepherdstown that this Plan anticipates developing at an urban level even if it remains in the unincorporated area.

B. US 340 East PGA

Much of this area between Charles Town, Ranson, Harpers Ferry and Bolivar is already zoned for a wide range of commercial and residential uses. Water and sewer facilities exist along several segments of this corridor, particularly within the nodes where development is proposed to take place. The easternmost segment of the PGA could eventually be included as part of a Bolivar UGB.

and the utilization of alternative energy sources, notably some projects incorporated into the expansion of the American Public University System (APUS) in Charles Town and Ranson. These projects include the use of solar collectors that serve as cover for parked cars, electric car charging stations, and building improvements and materials that limit the use of energy needed for heating, cooling, and lighting. The improvements undertaken by APUS can serve as a role model to new development in Jefferson County and to the redevelopment of existing structures and sites. Another option for energy sourcing is natural gas, which an increasing number of businesses are using in their manufacturing process due to the lower costs and cleaner emissions. The expansion of natural gas into Jefferson County would aid economic development efforts while providing an alternative to electricity for residential and commercial purposes.

The Jefferson County Development Authority (JCDA) works to encourage and assist the development and growth of businesses and industry in the County.

Small businesses, which can range from restaurants and artisan cottage industries to small technology and service firms, are an integral part of the local economy and will need opportunities to grow stronger. Building on these assets will give the County a strong identity in its core business strengths.

Land Use Guide Classifications

Office or Commercial

Primary Uses: The Office or Commercial category is intended to support a mix of business and office uses. Developments can include mixed use projects, a mix of office or commercial buildings, or solely an office or commercial use.

Intensity: Commercial or office uses are served by public water and sewer system.

Mobility: Pedestrian, bicycle, and auto orientated access are prioritized along with interconnectivity to adjacent neighborhoods and commercial developments. Access to public transit is encouraged.

Courtesy: JC Office of Planning and Zoning

Neighborhood Commercial

Primary Uses: The Neighborhood Commercial classification is for small scale commercial uses that are compatible with residential uses. Developments in this classification should serve the convenience needs of residential neighborhoods and commercial developments within walking distance and should connect to the pedestrian and auto transportation networks of adjacent properties.

Intensity: Neighborhood commercial uses may be served by on-site well and septic systems or public water and/or sewer system.

Mobility: Pedestrian, bicycle, and auto orientated access are prioritized along with interconnectivity to adjacent neighborhoods and commercial developments.

Courtesy: JC Office of Planning and Zoning

Residential or Commercial

Primary Uses: This land use classification is for Suburban Residential and Neighborhood Commercial level development. Developments can include mixed use projects, a mix of residences and convenience businesses, or solely office, commercial, and residential uses that should connect to the pedestrian and auto transportation networks of adjacent properties. It includes gyms, convenience stores, townhomes, commercial and residential uses on adjoining lots, and mixed use projects with commercial ventures on ground level and residences on additional floors.

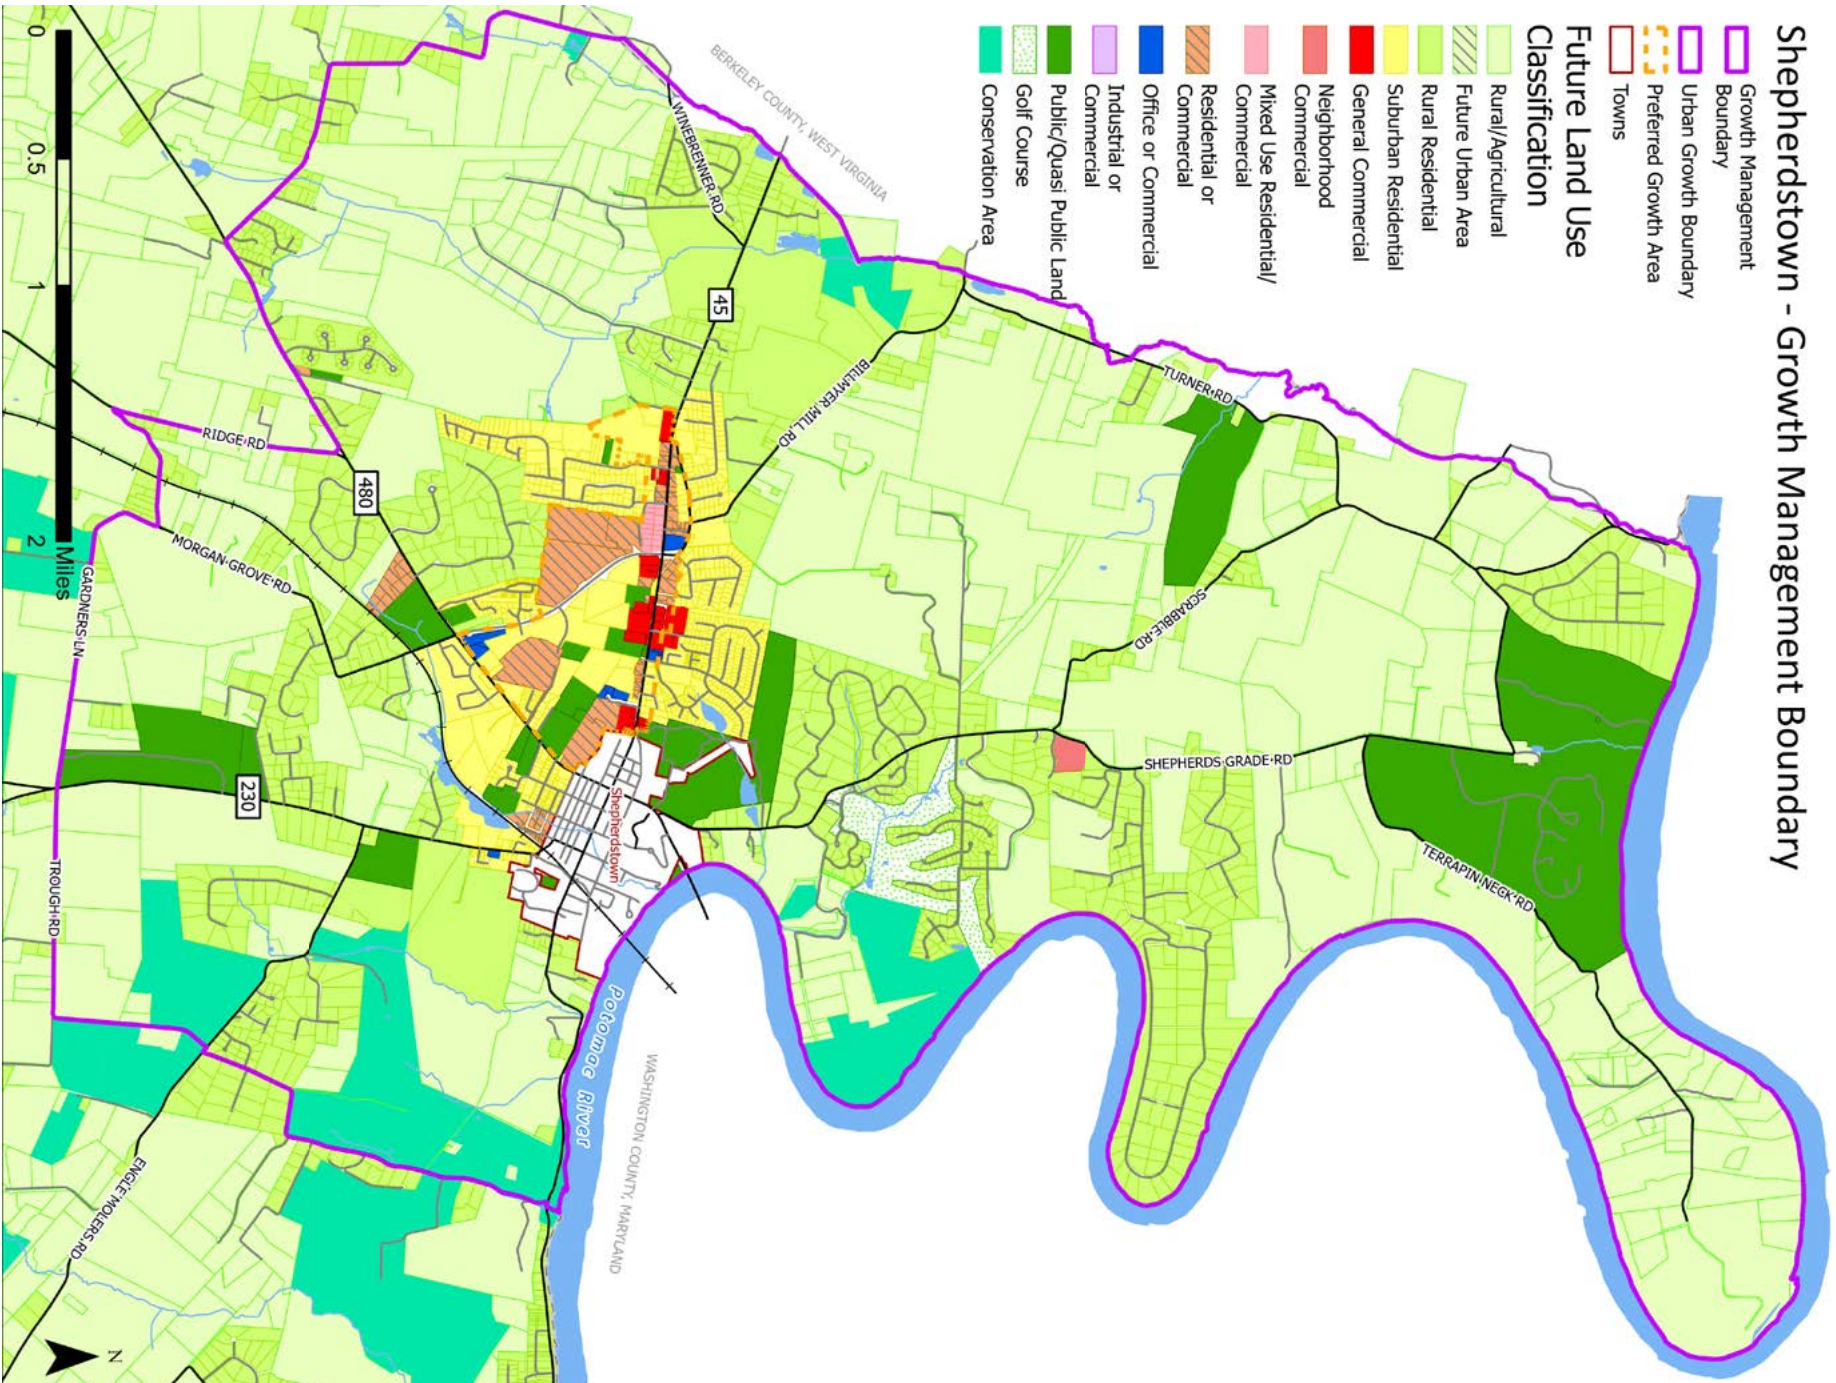

Intensity: Residences and commercial uses are served by public water and sewer system.

Mobility: Pedestrian, bicycle, and auto orientated access are prioritized along with interconnectivity to adjacent neighborhoods and commercial developments.

**NOTICE OF PUBLIC HEARING
Thursday, July 17, 2024 at 6:00 pm**

The County Commission of Jefferson County will hold a Public Hearing regarding a Zoning Map Amendment (rezoning) for the Hoxton Center property designated as Tax District: Shepherdstown (09), Map: 8B, Parcel: 130. The property is located at 8516, 8524, and 8530 Shepherdstown Pike, located on the eastern side of Shepherdstown Pike. The property owner of the lot is Hoxton Center, LLC. The Parcel Size is approximately 1.07 acres. The property is currently zoned Rural (R) and a petition has been made to the County Commission by the property owner to change the zoning classification from Rural to General Commercial (GC) (Planning Commission File #25-2-Z).

The hearing will be held on **Thursday, July 17, 2025 at 6:00 pm** in the County Commission Meeting Room located in the Charles Town Library, 200 E. Washington St, Charles Town. This meeting will also be available live through ZOOM. Invites will be posted on Facebook and sent through email alerts.

Oral or written comments can be provided at the hearing. Written comments may also be submitted to info@jeffersoncountywv.org or to PO Box 250, Charles Town, WV 25414.

Please contact the Office of Planning and Zoning for additional information on the proposed request: 304-728-3228/planningdepartment@jeffersoncountywv.org or visit the County's website: www.jeffersoncountywv.org.

Zoning Map Amendment (Rezoning) Request

(Tax Map #5, Parcel #s 10.3, 10.4, 10.7, 12.14 & 12.15)

June 24, 2025

Existing Zoning District: Rural (R)

Proposed Zoning District: Residential-Light Industrial-Commercial (RLIC)

This report has been prepared on behalf of Four Seas of WV LLC as a formal request for a Zoning Map Amendment (rezoning) for the subject parcels identified as Tax Map 5, Parcels 10.3, 10.4, 10.7, 12.14, and 12.15. (Parcels 12.14 & 12.15 were acquired in May by the owner / applicant Four Seas however the JC WV Parcel Map - Assessor's Office Interactive Map still shows the ownership as Christina Kardos and Linda Gibson respectively.) Prior to ownership of the five referenced parcels the applicant had met with the County back in March of this year and back in 2024 seeking to get an understanding of the development options.

The following summation is in response to Substantiation for the Request per the County's Zoning Map Amendment Application and supporting justification for the change in zoning.

Substantiation for the Request:

A. Describe your proposed use/project and describe why this Zoning Map Amendment is necessary for the proposed use (and/or project) described.

The subject properties are situated between Leetown Road to the east and Charles Town Road to the west, and are bounded to the north by the eastbound ramp and Route 9. Collectively, the parcels encompass approximately ±51.57 acres. This location's proximity to the surrounding road network lends itself to being highly desirable with proper supporting zoning.

Currently zoned Rural (R), the applicant seeks to rezone the properties to Residential-Light Industrial-Commercial (RLIC). This request is grounded in the property's inclusion within the Route 9 Preferred Growth Area (PGA) and its adjacency to the Ranson Urban Growth Boundary (UGB), as designated in the Jefferson County 2045 Comprehensive Plan (adopted February 25, 2025). The RLIC zoning district provides the greatest flexibility to attract a range of commercial, office, and residential users, aligning with the 2045 Plan's vision for growth in this strategic location.

This rezoning is necessary to enable development consistent with the Comprehensive Plan and Future Land Use Guide, as Rural (R) zoning is no longer appropriate for land within a PGA. The

205 E. Hirst Road, Suite 106, Purcellville, VA 20132 (703) 994-4047 www.mragta.com

proposed zoning change would allow for the highest and best use of the site, with approximately 14 acres in the northwest corner targeted for Office/Commercial development, and the remaining 38 acres intended for Residential/Commercial uses as envisioned in the Future Land Use Guide.

Office or Commercial

Primary Uses: The Office or Commercial category is intended to support a mix of business and office uses. Developments can include mixed use projects, a mix of office or commercial buildings, or solely office or commercial use.

Residential or Commercial

Primary Uses: This land use classification is for Suburban Residential and Neighborhood Commercial level development. Developments can include mixed use projects, a mix of residences and convenience businesses, or solely office, commercial, and residential uses that should connect to the pedestrian and auto transportation networks of adjacent properties. It includes gyms, convenience stores, townhomes, commercial and residential uses on adjoining lots, and mixed use projects with commercial ventures on ground level and residences on additional floors.

The subject parcel has maintained its original Rural (R) zoning designation since the adoption of the Jefferson County Zoning Ordinance in 1988. However, the surrounding area has experienced significant changes over the past several decades. These include the extension of public water and sewer infrastructure, the establishment of Preferred Growth Areas (PGAs) and Urban Growth Boundaries (UGBs) by the County Commission, and evolving transportation patterns. This rezoning request is also supported by the increasing availability of public utilities in close proximity to the site, further justifying the transition to a zoning district better suited for future growth.

B. Describe how this Zoning Map Amendment will be consistent with the objectives and policies of the Comprehensive Plan.

The subject parcel is located within the Route 9 Preferred Growth Area (PGA) and lies just outside the City of Ranson's Urban Growth Boundary (UGB). (See attached images and reference documents at the end of this report.) The Jefferson County 2045 Comprehensive Plan anticipates that urban-level residential and non-residential development will be concentrated within UGBs and PGAs over the 20-year planning horizon.

The 2045 Plan defines PGAs as: "areas... outside the UGBs where water and sewer services are either currently available or could be made available, and are generally intended to develop using the County's development standards. Individual PGAs may also have other community services and facilities that are currently available or could be made available in the next two decades. The PGAs are not intended to be promoted in favor of the UGB for the municipalities. Both areas are expected to be viable areas for development and no policy decision is being made to favor one area over another."

The location of the subject parcels within the Route 9 PGA and adjacent to a UGB directly supports a mix of residential and commercial development. The 2045 Plan also includes an updated Future

Land Use Guide and a restructured set of Land Use Classifications intended to better align with county zoning districts.

While the Plan recommends avoiding future use of the Residential-Light Industrial-Commercial (RLIC) zoning district in favor of three new proposed districts, those new districts and supporting ordinance amendments have not yet been adopted. In the meantime, the range of uses permitted within the RLIC district largely aligns with the intended land use classifications—specifically office, commercial, and residential—outlined in the Future Land Use Guide.

According to the 2045 Plan (p.16), “The land use classifications on the Future Land Use Guide were developed throughout the planning process and may not relate precisely to a single zoning classification. These land use classifications are intended to provide guidance to the County and Planning Commissions when considering owner-initiated zoning map amendments (rezoning requests).” In accordance with West Virginia State Code Chapter 8A, the County Commission may approve a rezoning request if it finds the request to be consistent with the Comprehensive Plan.

Given the current absence of newly defined zoning categories and the need to maintain flexibility in attracting future end users, the RLIC district remains the most appropriate and adaptable designation. The requested rezoning will support development that is complementary to the community and consistent with the 2045 Plan’s goals and policies.

C. Discuss any change(s) of transportation characteristics (i.e. type and frequency of traffic, adequacy of existing transportation routes), and neighborhood characteristics from when the original Ordinance was adopted.

Since the Zoning Ordinance was adopted Route 9 was expanded to a 4-lane divided highway, providing a high-capacity road corridor between Jefferson County and Interstate 81. This expansion allowed easier access to Martinsburg and Hagerstown to this area. This property has exceptional access to Route 9 and supporting road network. As indicated in the High Problem Area Map, this proposed rezoning is not subject to any of the problem corridor and/or intersection areas.

The changes and improvements to the transportation network have taken place since 1988, when the Zoning Ordinance was adopted. Since the Comprehensive Plan was adopted in 2025, most of these road improvements have already been taken into consideration in the 2045 Comprehensive Plan. These changes strongly support the rezoning of the subject property.

The Original Zoning Ordinance was adopted on July 7, 1988. Changes in the immediate area of the subject properties include the following: Urban Growth Boundaries were proposed for Charles Town and Ranson in 2009 and subsequently adopted by the Jefferson County Commission. As such, the Utility Providers have concentrated their expansion efforts in these areas.

The Capacity of Wastewater Treatment facilities and Water Services has been greatly expanded, in anticipation of the development in the Ranson UGB, and the Route 9 PGAs based on the current Comprehensive Plan.

Route 9 PGA

This area between Kearneysville and the Berkeley County line has the potential to access water, sewer, and natural gas services from Berkeley County, allowing more intense business park/commercial uses to develop along the County line. ***The intersection of Route 9 and Leetown Pike is characteristic of a commercially oriented highway interchange***, and Kearneysville could develop small businesses and residential uses compatible with the village district. As part of the 2045 Comprehensive Plan, the Route 9 PGA has been extended to include properties south of Route 9 down to Border Rd.

The Future Land Use Guide and the Zoning Map are different. The categories on each may bear some similarities, but the maps themselves are not the same. This Plan does not call for County initiated zoning map amendments, as it is anticipated that all zoning map amendments will be owner initiated. All property owners within Jefferson County have the right to request a zoning map amendment. The Planning Commission reviews all zoning map amendment requests and makes a recommendation to County Commission regarding whether if a given request is or is not consistent with the Future Land Use Guide and relevant text of the Plan.

In addition to the defined UGBs, a series of additional Preferred Growth Areas (PGAs) were identified in the Envision Jefferson 2035 plan and have been incorporated into the 2045 Comprehensive Plan. These areas are outside the UGBs where water and sewer services are either currently available or could be made available, and are generally intended to develop using the County's development standards. Individual PGAs may also have other community services and facilities that are currently available or could be made available in the next two decades. The PGAs are not intended to be promoted in favor of the UGB for the municipalities. Both areas are expected to be viable areas for development and no policy decision is being made to favor one area over another.

The following Goals of the 2045 Comprehensive Plan would be supported by this application:

Goal 1 - Ensure that future land use regulations and policies support and balance the land rights of all landowners of all property types.

Goal 2 - Concentrate high density development in the County's Preferred Growth Areas (PGA), Villages, and municipal Growth Boundaries (UGB&GMB) where infrastructure exists or is made available.

Goal 12 - Foster job development in Jefferson County by promoting diverse businesses; employment opportunities; local business entrepreneurship; and professional service jobs.

Goal 13 - Develop an environment that promotes existing and new businesses by expanding necessary infrastructure within the Preferred Growth Areas (PGA), Villages, and municipal Growth Boundaries (UGB&GMB).

This proposed rezoning would help directly realize the 4 goals referenced by attracting users to a location that has great access with minimal impacts to the surroundings. Offers higher density potential that will facilitate the extension of utility infrastructure. Create opportunities for diverse employment and business by having a prime location that is ready to respond to the market demands

by having the flexibility in potential uses while taking advantage of the proximity to Ranson UGB.

Conclusion

Consistency and compatibility with the Jefferson County 2045 Comprehensive Plan and the Future Land Use Guide are the two primary criteria for evaluating a Zoning Map Amendment request. The 2045 Plan promotes growth within the Preferred Growth Areas (PGAs), Urban Growth Boundaries (UGBs), and locations where infrastructure and public services currently exist or are planned for future development.

The subject property meets these criteria. It lies within an area designated by the Comprehensive Plan for future growth and will ultimately have access to both public water and sewer services. These attributes make the property well-suited for rezoning.

The site is appropriate for a mix of residential and non-residential uses, is supported by both existing and planned infrastructure, and does not create adverse impacts on low-income communities. The proposed map amendment aligns with the goals and policies of the 2045 Comprehensive Plan.

For these reasons, we respectfully request approval of the proposed Zoning Map Amendment by the Jefferson County Commission.

Notes:

1. Current zoning classifications still remain in effect. This map does not alter or replace current zoning classification or rights. See the official zoning map for determination of zoning districts.
2. Use of this map is to be in combination with the text and land use recommendations of the 2045 Comprehensive Plan when considering Zoning Map Amendments and future land use decisions.
3. Areas within the Urban Growth Boundary or Growth Management Boundary are considered a growth area. For property shown within the Urban Growth Boundary or Growth Management Boundary of this map, particularly those shown as Rural/Agriculturally zoned, it is expected that upzoning or Zoning Map Amendments will occur when there are adequate public services to those locations. The plan recommendations and goals of the 2045 Comprehensive Plan emphasize that properties within the Urban Growth Boundary or Growth Management Boundary should be annexed into the municipalities with jurisdiction over the Urban Growth Boundary or Growth Management Boundary. The plan does not prevent a property owner within an Urban Growth Boundary or Growth Management Boundary, but not annexed into a municipality, from developing using Jefferson County's land development guidelines.

To Set a Vision for the Jefferson County Development Authority

Approved: July 17, 2025

WHEREAS, the Jefferson County Development Authority's mission is to attract, retain, and grow businesses in Jefferson County; and

WHEREAS, Jefferson County is growing and will continue to grow. Without intentional and focused recruitment of new businesses, growth in Jefferson County will be imbalanced toward residential. Jefferson County needs balanced growth so that we are a community where people want to live, work, and play. We do not want to be a bedroom community where people merely reside while commuting elsewhere for work and spending their hard-earned dollars outside the county; and

WHEREAS, Jefferson County leads West Virginia in tourism, bringing \$876 million in tourism-related spending for our economy. Tourism-related industries are a natural strength for business development and a cornerstone for a diversified commercial tax base; and

WHEREAS, the Jefferson County Commission is reconstituting the board of the Jefferson County Development Authority under the new state law that took effect July 11, 2025.

THEREFORE, BE IT RESOLVED by the Jefferson County Commission that:

1. Jefferson County hereby expresses its support for recruiting large commercial enterprises to the county to achieve balanced growth and to diversify our tax base; and
2. Tourism is our strength and should be the focus of business recruitment efforts, in particular:
 - a. A sports complex and convention center should be the top priority for the Jefferson County Development Authority,
 - b. Agritourism should be a second priority, collaborating with the Agritourism Task Force; and
3. Tax Increment Financing (TIF) and Payment in Lieu of Taxes (PILOT) agreements are powerful economic development tools for attracting investment and new businesses in Jefferson County and should be applied by the Jefferson County Development Authority; and
4. The Jefferson County Development Authority should focus on its mission to attract, retain, and grow businesses in Jefferson County. Development authorities are limited in scope: they do not engage in planning, zoning, natural resource protection, public health, historic preservation, or delivery of public utilities. Jefferson County and the State of West Virginia have other agencies that govern these and other essential activities. The Jefferson County Development Authority should liaise with those agencies as needed while focusing on its

mission to attract, retain, and grow a diversified commercial tax base for Jefferson County.

Pasha Majdi
Jefferson County Commission President

Jacqueline C. Shadle
Jefferson County Clerk

To Establish a *Jefferson County First* Economic Development Partnership with Governor Morrisey and the State of West Virginia

Approved: July 17, 2025

WHEREAS, on February 12, 2025, Governor Patrick Morrisey delivered the State of the State address to a joint session of the West Virginia Legislature; and

WHEREAS, in the State of the State address Governor Morrisey identified economic development priorities for the State of West Virginia; and

WHEREAS, Jefferson County is a rapidly growing county situated in close proximity to both Virginia and Maryland as well as the District of Columbia; and

WHEREAS, Jefferson County is acutely aware of the need for competitiveness with other governments and out-of-state markets due to its close proximity to other states; and

WHEREAS, Jefferson County leads West Virginia in tourism, bringing \$876 million in tourism-related spending for our economy; and

WHEREAS, the Jefferson County Commission has resolved to establish a Jefferson County First economic development strategy.

THEREFORE, BE IT RESOLVED by the Jefferson County Commission that:

1. Jefferson County hereby expresses its support for the economic development priorities and initiatives of Governor Morrisey and the State of West Virginia; and
2. Jefferson County expresses its desire and intent to enter a collaborative partnership with Governor Morrisey's Administration, including the West Virginia Economic Development Authority, to advance the shared economic development goals of Jefferson County and the State of West Virginia; and
3. The State of West Virginia leads many interstate economic development initiatives and negotiates agreements on behalf of our citizens; and
4. The partnership between Jefferson County and the State of West Virginia should prioritize the economic development of Jefferson County first, including benefits to county residents and businesses.

Pasha Majdi
Jefferson County Commission President

Jacqueline C. Shadle
Jefferson County Clerk

Jefferson County Goes Purple

Approved: July 17, 2025

WHEREAS, National Recovery Month is observed every September to promote awareness of substance use disorders, encourage treatment and recovery, and celebrate the resilience of individuals and families affected by addiction; and

WHEREAS, Jefferson County remains committed to supporting community members struggling with substance use through effective, accessible services and evidence-based programs; and

WHEREAS, the County recognizes the long-standing importance of day report centers in offering non-incarceration alternatives, supporting individuals in recovery, and promoting accountability through supervised treatment and case management; and

WHEREAS, following the closure of a nonprofit provider, the Jefferson County Commission is moving forward with establishing a County-operated Day Report program to ensure uninterrupted service to justice-involved individuals struggling with substance use; and

WHEREAS, the Commission's dedication reflects a belief that every resident facing addiction deserves the opportunity to recover, rebuild, and contribute positively to our community; and

WHEREAS, this effort builds on the County's broader commitment to justice reform, public health, and compassionate, locally driven solutions that strengthen individuals and families;

NOW, THEREFORE, we, the Jefferson County Commission, do hereby designate **September 2025** as Jefferson County Goes Purple month. We call on residents, businesses, and organizations to join us in supporting these efforts and helping those in recovery thrive.

Pasha Majdi
Jefferson County Commission President

Jacqueline C. Shadle
Jefferson County Clerk

AGENDA REQUEST FORM
www.jeffersoncountywv.org

Name: **Jessica James, Chief Human Resource Officer**

Department or Organization: **Jefferson County Commission**

Estimation of amount of time needed for appointment: **5 minutes**

Date Requested – 1st Choice: **July 17, 2025**

If a specific date is needed, please provide reason for specific date:

Date Requested – 2nd Choice:

Subject (*Wording to be placed on agenda*):

- 1. Approval of Promotion – Lead Permit Technician – Department of Engineering, Planning, and Zoning**
- 2. Approval of Employee Changes in Title — Part-Time Instructors - Emergency Services Agency**

Please provide the County Commission with a description of your request or presentation, including any background information:

1. Staff is requesting the approval of the promotion of Michael Lee from Facilities Helper to Facilities Mechanic for the Department of Fleet and Facilities Management.
2. Staff is requesting the transition of two former part-time ESA staff members from part-time FF/EMTs (as the Commission approved the RIF of PT staffing, effective July 1, 2025, in February 2025) to part-time instructors.

Is this a funding request? Y/N - **NO**

If so, how much? \$

Provide exact financial impact/request:

Recommended motion (*Please type out the wording of the motion that you would like the Commission to approve*):

Department of Fleet and Facilities Management Request

- I move to approve the promotion of Michael Lee for the Grade 5, full-time, 80-hour position of Facilities Mechanic within the Department of Fleet and Facilities Management, at a salary of \$57,500, effective Monday, July 21, 2025.**

Emergency Services Agency Request

 I move to approve the changes in title for employees Monte Conner and David Swain, from part-time FF/EMTs to part-time instructors for the Jefferson County Emergency Services Agency, effective July 1, 2025.

Attach supporting documents for request, or request may be denied.

Subject: Public comment should not be limited

To whom it may concern,

Please do not limit public comment.

Too often, the folks that may want to give public comment are traveling home from work. They make not make the first '30 cut.' (90 minutes)

Also, folks that adjoin or confront the property in question should be given priority. They should not be counted in the 'first 30.'

Lastly, Jefferson county has become a short term residence for many of the folks working in VA and MD. The 'short term residence ' should not take priority over those folks that have lived here for generations. The generational families should be heard as they are the families that shaped Jefferson county.

Respectfully,

Margaret Liskey
