Explanation of Terms

Base Charge - Charge for services necessary for the delivery of electric service, including generation, transmission and distribution.

Customer Distribution Charge - Fixed charge for meter reading, billing, service line maintenance and equipment.

Delinquent Bill - A bill becomes delinquent if not paid in full, within thirty (30) days of being rendered.

Distribution Charge - Variable charge for the cost of using local wires, transformers, substations and other equipment needed to deliver electricity to a premise.

Estimated Reading - On the months we do not read a meter, we calculate the bill based on past electrical usage.

Generation Charge - Charge for the production of electricity.

KWH (Kilowatt Hour) - A unit of measure for electricity usage equal to 1,000 watts used for one hour.

Late Payment Charge - A charge added to the bill on balances owed after the Due Date.

Non-Basic Charges - Charges for services not required for the delivery of electric service.

Prorated Reading - Reading calculated by multiplying the daily average electric usage between two recent readings by the number of days in the billing period.

Transmission Charge - Charges for moving high voltage electricity from a generation facility to our distribution lines.
