25-31-ZV Nichols Variance Request

Item #1: Variance from Section 5.7B of the Zoning Ordinance (amended 07/25/1993) to reduce the rear setback from 50' to 15' for a 40' x 30' accessory structure.

Owner:	Donald and Karen Nichols
Parcel Information & Zoning District:	<p style="text-align: center;">121 Breezy Acres Ct. Parcel ID: 06000900070005; Size: 2.70 acres; Zoning District: Rural</p> 
History:	01/25/1996: Karen Nichols Family Transfer, Lot B (recorded Deed Book 823, Page 227)
Waivers/Variations:	None
Approved Activity:	Residential
Site Visit Conducted:	No

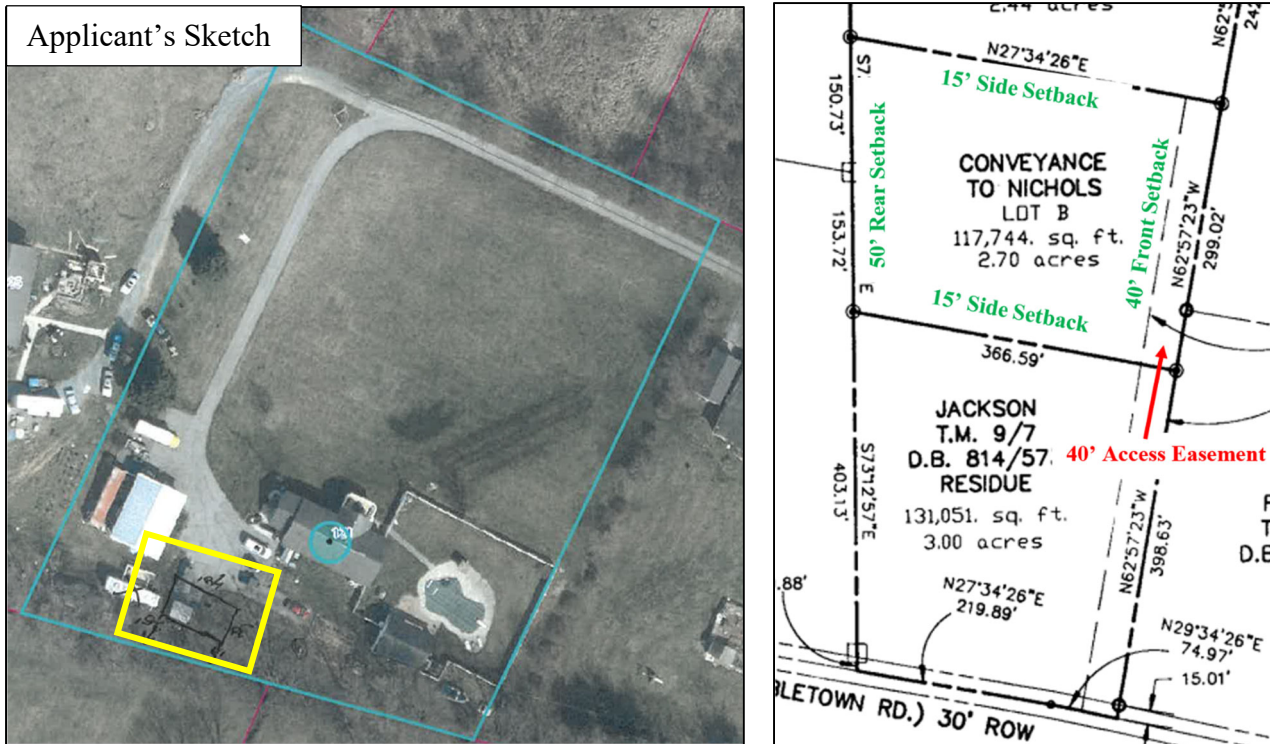

Staff Overview

The subject parcel is designated as Lot B of the Karen Nichols Family Transfer, which was recorded on January 25, 1996, in Deed Book 823, Page 227. The required setbacks for the subject lot are: 40' Front, 15' Side, and **50' Rear**.

The purpose of a rear setback requirement is to reduce the impact that a land use might have on an adjacent property; to allow adequate space between a structure and a property line so that maintenance of the structure is feasible; to maintain adequate separation between structures for fire prevention purposes; and to allow room for utility easements.

The applicant is requesting a variance from Section 5.7.B to reduce the rear setback from 50' to 15' for the construction of a 40' x 30' accessory structure. The configuration of the parcel is such that the primary structure is situated to the rear of the lot. The applicant represents in the application that the adjoining property owners to the West and South have signed a statement of consent.
