Jefferson County Commission March 19, 2026 Meeting Public Comment

--Offered by Jacquelyn Milliron

Item 6.1

3. Rebuttal to Commissioner *"Points of Information" to my February 19, 2026 Public Comment

(1) *"Commissioner Majdi would like to note for the record that Ms. Milliron's public comment stating that the CTUB public utility is completely owned by Charles Town is incorrect."* [pg.10, March 5, 2026 Agenda packet]

*Points of Information are post meeting ad hoc commissioner comments which are attached to the permanent record and posted with the meeting minutes, whereas rebuttals by citizens to the representations of the commissioners are not posted or voted on as a legal part of the meeting minutes for reference. The public's comments are simply adjoined in a packet.

- Rebuttal:
 1. Commissioner Majdi is incorrect. I stated "City of Charles Town," not Charles Town.
 2. While there are **many** references indicating that the Charles Town Utility Board belongs to the City of Charles Town, the most direct citation comes from PSCWV Case No. 22-0265-LRR-WS-C. On April 21, 2022, the City of Charles Town, a West Virginia municipal corporation and municipal utility, filed a response in which it made a declaration of ownership in the following statement [Case no. 22-0265-LRR-WS-C, April 21, 2022, Response to Staff's Initial and Final Joint Staff memorandum; page 1], as follows:

"Defendant City owns and operates a combined waterworks and sewerage system (the "System") pursuant to Chapter 8, Article 20 of the West Virginia Code ("the "Code"). Pursuant to the authority and provisions of Section 8-20-18 of the Code, Defendant City's Council did..., create the City of Charles Town Utility Board ("CTUB") and invest it with authority for the supervision and control of the System."

It should be noted that the City of Charles Town singly purchased the former Jefferson County Public Service District.

Jefferson County Commission December 18, 2025 Meeting Public Comment

– offered by Jacquelyn Milliron

1. Rebuttal to Commissioners’ Points of Information to my November 6, 2025 Public Comment

(1) *Jacquelyn Milliron stated that ambulance service across the county has been downgraded. That is inaccurate. (Majdi)*

- Rebuttal: The ambulance fleet has been reduced and response times have increased according to expert EMS. Bakerton response times increased specifically from 4-6 minutes to 12–14 minutes (Bakerton Future of Fire Townhall meeting @ ~33 minutes).

A resident in Bolivar can expect much larger wait times when the HF ambulance is out on a call. Having one at Bakerton may be someday a matter of life or death for nearby towns. Chief DeMeritt in 2022, “explained that the American Heart Association says for every minute a person is under cardiac arrest, their chance of survival decreases by 10 percent.” [Resources at risk: concerns for Jefferson Co. EMS | DC News Now](#)

So, yes, the entire county is negatively affected when the number of ambulances is reduced and response time is increased. This is patently a downgrade. The definition of downgrade is: to reduce to a lower grade, rank, or level of importance. If you do not agree, then prove me wrong by completing my FOIA on response times or publicly publish the response times as evidence.

(6) *Jacquelyn Milliron stated that the Commission plans to close down Bakerton Fire Hall. This is false. The Commission does not have the authority to close down Bakerton Fire hall. It is a privately owned company. (Stolipher)*

- Rebuttal: My comment was as follows: “*However, at the Shepherdstown meeting you stated that there were ideas to move the Bakerton Fire station to Route 230.*” At approximately 1 hour 25 minutes time stamp of the Shepherdstown Future of Fire Townhall meeting, Chief Sine stated: “*I feel Bakerton Fire Station at some point needs to be moved out onto Route 230. I have looked at the response times to make it work.*” The JCC appointed Chief Sine to the JCESA and the JCC hosted this townhall meeting.

2. Rebuttal to Commissioners’ Points of Information to my November 20, 2025 Public Comment

Jacquelyn Milliron stated that the county commission is raising water rates. The county commission has no control over water rates. The Charles Town Utility board sets the water rates, and we have among the highest in the country. (Majdi)

- Rebuttal: In my statement, I used the word leveraging, not rate-making. Leveraging means use (something) to maximum advantage (Oxford). Furthermore, the statement by the commissioner that the Charles Town Utility Board sets rates is incorrect. Rate setting for CTUB customers is the responsibility of the City of Charles Town Council.

It was also claimed that the commission is withholding information. The commission asserts that we are the most transparent county commission in history as partially evidenced by our town halls. (Majdi)

- Rebuttal: This commission claims to be the “most transparent county commission in history” but simultaneously withholds information by not fulfilling or completing my FOIAs. The definition of withholding is: “refusal to give something that is due or desired.” (Oxford).

Date Requested – 2nd Choice:

Subject (*Wording to be placed on agenda*):

- Approval of Hires – 2 FF/EMT I positions for the Jefferson County Emergency Services Agency
- Approval of Promotions, Post-Probationary Increases, and Correction of Clerical Errors
- Approval of Correction of Clerical Error

Please provide the County Commission with a description of your request or presentation, including any background information:

1. Staff is requesting the approval of two FF/EMT I hires for the Jefferson County Emergency Services Agency
2. Following a recent internal review, it was identified that post-probationary pay increases scheduled to take effect in September 2025 were not processed at that time due to administrative oversight.

These increases are part of the County’s established compensation structure and were intended to be applied upon successful completion of the probationary period. The affected employees have met all eligibility requirements, and the adjustment reflects compensation they would have received had the increases been processed as scheduled.

We are requesting Commission approval to implement these salary adjustments to the original effective date as a correction of a clerical error.

3. Staff is requesting correction of a clerical error in merit calculation and authorize the Clerk’s Payroll to provide additional compensation owed to employee Angel Poe.

- 5. Our office was notified on March 18, 2026, that the Order correcting the county boundary could not change the lines drawn by the legislature. Only the Legislature can move legislative district boundaries pursuant to the W. Va. Constitution at Article XI, Section 12. So, the House district borders must follow the original House borders passed by the Legislature, and they can't change until after the next census and subsequent redistricting in 2031.**

The magisterial district and voting precinct lines can be adjusted by the county, just the legislative boundaries cannot. Therefore, we had to create a small precinct that included the 97th Delegate District and Middleway Magisterial District. With the passage of SB481, two precincts can operate in the same location using the same equipment and poll workers. We created Precinct 27C for the 38 voters that this would affect. They will vote in the same precinct but will receive the correct ballot style.

**ORDER GRANTING PETITION FOR
SUBSTITUTION OF ESTATE ADMINISTRATOR**

On a previous day, cam Petitioner, Anne Gardner, by counsel, and Petitioned the County Commission of Jefferson County for Substitution of Estate Administrator. Mrs. Gardner, by counsel, moved the Commission to grant her Petition, to remove Gregory H. Wittkamper as the Administrator of the Estate of Stephen Michael Wittkamper, and to appoint Anne Gardner as the replacement Administratrix of the Estate of Stephen Michael Wittkamper. In support of her Petition, counsel for Mrs. Gardner represented as follows:

1. Stephen Michael Wittkamper died intestate on April 24, 2021. On April 20, 2023, Gregory H. Wittkamper was duly qualified as administrator of his estate.
2. Gregory H. Wittkamper was the father of Stephen Michael Wittkamper. Anne Gardner is the widow of Gregory H. Wittkamper and the stepmother of Stephen Michael Wittkamper.
3. Following his appointment on April 20, 2023, Gregory H. Wittkamper initiated a wrongful death civil action on behalf of the Estate that is pending in the United States District Court for the Northern District of West Virginia.
4. Subsequent to initiation of the aforementioned lawsuit, Gregory H. Wittkamper was diagnosed with cancer and relied on his wife, stepmother of Stephen Michael Wittkamper, Anne Gardner, to respond to counsel regarding the wrongful death case.
5. In June 2025, Gregory H. Wittkamper died.
6. Petitioner Anne Gardner is the stepmother of the decedent Stephen Michael

Wittkamper who helped raise him from a young age and is the natural mother of Stephen Michael Wittkamper's younger sister.

7. Petitioner Anne Gardner has assisted counsel in the wrongful death civil action due to the illness of administrator.

8. Petitioner Anne Gardner is willing and able to assume the duties of the administratrix of the estate of Stephen Michael Wittkamper.

9. Counsel for the Estate of Stephen Michael Wittkamper represented to the Commission that the civil action is set for trial in April 2026, and the Estate's position and claims will be negatively impacted if the Petition is not granted.

Based on the uncontested representations described above, the Commission hereby GRANTS the Petition and ORDERS as follows:

1. Gregory H. Wittkamper is removed from the position of Administrator of the Estate of Stephen Michael Wittkamper;
2. The Clerk of the Jefferson County Commission is authorized to appoint Anne Gardner as the Administratrix of the Estate of Stephen Michael Wittkamper upon Mrs. Gardner's satisfaction of the standard requirements for said appointment.

**BEFORE THE COUNTY COMMISSION
OF JEFFERSON COUNTY, WEST VIRGINIA**

IN RE: ESTATE OF STEPHEN MICHAEL WITTKAMPER

PETITION FOR SUBSTITUTION OF ESTATE ADMINISTRATOR

Now comes the Petitioner, Anne Gardner, by counsel, pursuant to West Virginia Code §44-1-4 *et seq.*, and hereby petitions the County Commission of Jefferson County to remove the currently appointed Administrator of the Estate of Stephen Michael Wittkamper, and to appoint the Petitioner, Anne Gardner, as the replacement Administratrix. In support of her petition, Anne Gardner states as follows:

1. Stephen Michael Wittkamper died intestate on April 24, 2021. On April 20, 2023, Gregory H. Wittkamper was duly qualified as Administrator of his Estate. The *Letter of Administration* is attached as **Exhibit A**.

2. Gregory H. Wittkamper was the father of Stephen Michael Wittkamper.

3. Following his appointment on April 20, 2023, Gregory H. Wittkamper initiated a wrongful death lawsuit on behalf of the estate against Jefferson County Sheriff's Department, Sheriff Thomas Hanson, Deputy K.J. Stipanovic, Deputy C. Ellis, Deputy R. Jenkins, and Deputy T. Steply. Said lawsuit is pending in the United States District Court for the Northern District of West Virginia, styled, *Gregory H. Wittkamper, Administrator of the Estate of StephenMichael Wittkamper v. Jefferson County Sheriff's Department, Sheriff Thomas Hanson, Deputy K.J. Stipanovic, Deputy C. Ellis, Deputy R. Jenkins, and Deputy T. Steply*, Civil Action No. 3:23-CV-00177. The relevant portion of the Complaint bearing the Clerk's stamp is attached hereto as **Exhibit B**.

4. Subsequent to initiation of the aforementioned lawsuit, Gregory H. Wittkamper was diagnosed with cancer and relied on his wife and stepmother of Stephen

Michael Wittkamper, Anne Gardner, to respond to counsel regarding the wrongful death civil action.

5. In June 2025, Gregory H. Wittkamper died.

6. Petitioner Anne Gardner is the stepmother of the decedent Stephen Michael Wittkamper, and also is the natural mother of Stephen Michael Wittkamper's sister.

7. Petitioner Anne Gardner has assisted counsel in the wrongful death civil action due to the illness of Administrator.

8. Petitioner Anne Gardner is willing and able to assume the duties of the Administratrix of the estate of Stephen Michael Wittkamper.

Wherefore, for the reasons stated above, Petitioner Anne Gardner respectfully requests that the County Commission of Harrison County issue a decree removing Gregory H. Wittkamper as the Administrator of the Estate of Stephen Michael Wittkamper and appointing the Petitioner as the successor administratrix of the Estate of Stephen Michael Wittkamper.

BEFORE THE COUNTY COMMISSION OF JEFFERSON COUNTY, WEST VIRGINIA

**RE: IN THE MATTER OF THE
ESTATE OF LOREEN H. POE**

**PETITION FOR APPOINTMENT OF PATRICIA PORTER HUBBARD
AS ADMINISTRATOR CUM TESTAMENTO ANNEXO (with Will attached)**

COMES NOW, Patricia Porter Hubbard, and being first duly sworn, petitions the County Commission of Jefferson County, West Virginia, to allow her to qualify as Administrator Cum Testament Annexo (CTA) of the Estate of Loreen H. Poe, pursuant to W.Va. Code § 44-1-2 and 4.

1. Patricia Porter Hubbard is and has for many years been a citizen and resident of Jefferson County, West Virginia. Her home is at 18 Brookline Drive, Charles Town, West Virginia, 25414.

2. Patricia Porter Hubbard was a friend of Loreen H. Poe, a resident of Jefferson County, West Virginia.

3. Loreen H. Poe died on January 12, 2026.

4. Patricia Porter Hubbard searched in the home of Loreen H. Poe for a Will and found none.

5. Patricia Porter Hubbard on February 12, 2026, appeared and qualified as Administratrix of the Estate of Loreen H. Poe.

6. Thereafter, Patricia Porter Hubbard located a document dated October 3, 1996, which appeared to be the Last Will and Testament of Loreen H. Poe (hereafter referred to as "Will").

7. Patricia Porter Hubbard then presented the Will to the Jefferson County Probate Clerk's Office.

8. The Will names Loreen H. Poe's sister, Gail M. Brown, to serve as Executrix, and Elizabeth Anne Fazenbaker, as substitute or successor Executrix if Gail M. Brown "fails or declines to act."

9. Gail M. Brown resides in California and declined to serve. She signed the attached Nomination and Waiver for Appointment of Administrator C.T.A., declining to serve as Executrix and requesting the appointment of Patricia Porter Hubbard.

10. Patricia Porter Hubbard and her counsel have spoken with the husband of Elizabeth Ann Fazenbaker and sent her a similar Nomination and Waiver form.

11. Patricia Porter Hubbard understands that Mrs. Fazenbaker has some severe health problems. She has not qualified to administer the estate of Loreen H. Poe. Nor has she returned or executed the Nomination and Waiver form.

12. More than sixty days have passed since Loreen H. Poe's death.

13. Pursuant to W.Va. Code § 44-1-2 and 4, under these circumstances Patricia Porter Hubbard should be appointed for administer the Estate of Loreen H. Poe.

14. A copy of this Petition is being mailed to Elizabeth Anne Fazenbaker by Priority Mail via U.S. postal service, and to Gail M. Brown via regular U.S. Mail.

WHEREFORE, Patricia Porter Hubbard prays that the County Commission grant her petition and appoint her as Administratrix CTA of the Estate of Loreen H. Poe, and for such further relief as may be just.

I wish to serve on the zoning commission. I have served on the Farmland Protection Board and the Water Advisory Commission. I am a farmer and the farmer's perspective is important in zoning decisions. The Ranson City Council votes on rezoning Cranes Lanes exemplifies the problem of not having input from farmers. The first vote was 4 to 2 in favor of rezoning. After the second hearing at which many farmers made their comments. The vote was 4 to 1 against rezoning.

Farming is the most dangerous business in the US. Children in residential areas must be protected from the hazards of farming. Farmers set rules for their families to protect their children from farm hazards. These basic rules should be considered in zoning decisions. They will not be included without the input of at least one farmer on the commission. I volunteer to be that farmer.

RE: Jefferson County Board of Zoning Appeals Opening Position January 2026

Dear Commission:

Please find attached, my signed application for Boards, Committees or Commissions.

I currently am a member of the Jefferson County BZA and am applying to continue to serve. I have lived in Jefferson County for over 32 years.

I retire in 2 weeks. I have worked in the Engineering & Environmental Consulting business for about 40 years. I have a degree in Geology and have been a Professional Geologist for over 30 years. During my career, I have been involved in thousands of development projects. My primary role was to investigate and provide recommendations for subsurface conditions, in addition to numerous environmental conditions related to soil and groundwater. I have worked with contaminated soil and groundwater sites, storm water management and building construction inspection and testing. I have extensive knowledge in understanding engineering plans and specifications, as well as how they comply with government ordinances, regulations and policy. I am very familiar with construction plans, permitting and the sequence of construction. I have been accepted in the Maryland and Virginia courts as an expert in the field of geotechnical engineering and environmental consulting.

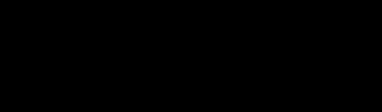

While on the BZA from 2023-2026 I have always been prepared for each case. I take time to review the material submitted and review the applicable sections of the Jefferson County Zoning and Land Development Ordinance, as well as West Virginia Code Chapter 8A. I am very familiar with the Ordinance, Codes and Rules of Conduct applied to the BZA. I review each case independently and listen to all citizen testimony in detail.

I have been involved in numerous community boards and charities, and look forward to getting more involved during my retirement. While many people move down South to retire, my wife and I will not leave West Virginia, and will stay in Jefferson County.

Sincerely,

David Wiegand, P.G.

Re: Letter of Interest – Planning Commission

Dear President Majdi and Commissioners:

I write to express interest in a voluntary position on the Jefferson County Planning Commission.

As outlined in my enclosed resume, I spent most of my professional career as a lawyer in private practice, representing railroads and other corporate clients in litigation and regulatory matters. In 2006 I was appointed Chief Counsel of the newly-established Pipeline and Hazardous Materials Safety Administration (PHMSA) within the U.S. Department of Transportation. PHMSA is the federal agency charged with establishing and enforcing standards for the safe movement of oil, natural gas, and all other hazardous materials by all modes of transportation. In 2007 I was named Deputy Administrator of PHMSA. I served in that role (and for six months as Acting Administrator) until the end of the Bush Administration (January 2009) and have since devoted my time and energy to family, home, and garden/ecological restoration.

I believe my background and experience are well-suited to the Planning Commission role. As a lawyer and government official, I spent most of my career addressing complex and often technical matters requiring the interpretation and application of laws and regulations. In law practice, I regularly participated in contested matters before various tribunals, including courts and regulatory agencies. Although I do not

have direct professional experience in land use or zoning law, I'm confident that my general legal training, years of private practice, and experience as a regulatory official would serve me well in understanding and applying applicable standards, evaluating land use proposals and policies, and working with other Commissioners and staff to promote the highest standards in transparency and public service. Moreover, I have no conflicts of interest that would interfere with my service. My husband and I have owned our home in Jefferson County for more than twenty years, but we have no business or other financial interests in matters that may come before the Planning Commission.

If appointed, I'll commit the time and effort necessary to serve effectively and conscientiously. I've paid enough attention to recent proceedings to appreciate the challenges facing the Planning Commission and that the role of Commissioner is not an easy one. In a community undergoing such rapid and widespread growth, there necessarily will be growing pains, some development will be controversial, and decisions constrained by legal standards will not always be the most popular.

Ultimately, I'm applying for the position because I love Jefferson County, care about its future, and believe that I could make a positive difference in the work of the Planning Commission. I am committed to the rule of law, to transparency, integrity, and common sense. I respect the role of the County Commission as the governing authority, and I would be honored to serve.

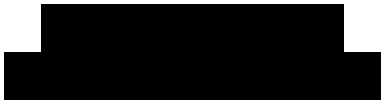

I am happy to share more about my background and perspective in an interview or otherwise.

Respectfully,

Krista L. Edwards

ENC.

RE: Letter of Interest for Reappointment to the Jefferson County Planning Commission

To the Honorable Members of the Jefferson County Commission,

Please accept this letter and the accompanying statement of interest as a formal request for my reappointment to the Jefferson County Planning Commission. Having served on the Commission, I am eager to continue contributing my professional expertise and deep-rooted personal commitment to the responsible stewardship of our county's land and resources.

As a lifelong resident, full-time farmer, and professional auctioneer, I possess a distinct "boots-on-the-ground" perspective regarding property values and land use. My career as an auctioneer has given me a comprehensive understanding of the real estate market and the economic drivers behind property transitions, while my life as a farmer keeps me tethered to the practical realities of our agricultural community. I believe this balance is essential for a Planning Commission member—understanding the necessity of economic growth while remaining fiercely protective of the rural character that defines Jefferson County.

My commitment to this county is not just professional; it is permanent. I have placed two of my own farms into farmland preservation, ensuring they remain agricultural assets for future generations. This action reflects my core philosophy: that we must plan for today with a fifty-year vision for tomorrow.

In addition to my current tenure on the Planning Commission, my service on the Jefferson County Fair Board and my past involvement with the Farm Bureau have allowed me to build strong relationships with stakeholders across the county. I pride myself on being a fair, consistent, and approachable representative who listens to the concerns of our citizens while adhering to the long-term planning goals established by this Commission.

I would welcome the opportunity to discuss how my continued service can benefit the residents of Jefferson County. Thank you for your time, your leadership, and your consideration of my reappointment.

Sincerely,

JEFFERSON COUNTY COMMISSION

Jefferson County Board Member General Expectations Agreement

The Jefferson County Commission is committed to maintaining the highest standards of professionalism, accountability, and service to the community. As an appointed board member, you play a critical role in advancing the County's mission and ensuring responsible governance.

By initialing below, you affirm your understanding and commitment to the following expectations:

1. Professionalism (Initial:)

Board members are expected to conduct themselves with integrity, honesty, and accountability at all times. Professionalism includes, but is not limited to:

- Attending meetings consistently, arriving on time, and being prepared to engage in discussions and decision-making.
- Reviewing materials in advance to make informed contributions.
- Maintaining confidentiality when required, particularly regarding sensitive or legally protected information.
- Adhering to legal and ethical standards and avoiding conflicts of interest.
- Working collaboratively with fellow board members, County staff, and the public, fostering an environment of mutual respect.

Failure to meet these standards may result in removal from the board, as determined by the County Commission.

2. Constituent Relations (Initial:)

Board members serve as representatives of the community and must engage with constituents in a respectful and responsive manner. This includes:

- Listening to public concerns, being accessible, and engaging in constructive dialogue.
- Communicating clearly, factually, and in a manner that reflects positively on the County.
- Refraining from using a board position for personal or political gain.

- Treating all individuals—regardless of background, opinion, or affiliation—with courtesy and professionalism.
- Acknowledging that while board members may express individual viewpoints, decisions should be based on the best interests of the County as a whole.

3. Pride in Yourself, the Commission, and the County

(Initial: TS)

Board members are ambassadors of Jefferson County and should take pride in their role and responsibilities by:

- Promoting a positive image of the County and its initiatives.
- Demonstrating dedication to the County's mission, goals, and long-term success.
- Taking personal responsibility for contributing to the effectiveness and credibility of the board.
- Ensuring that personal conduct—both during and outside of meetings—reflects well on the board and County government.
- Committing to continuous learning and staying informed on issues relevant to the board's work.

By signing below, I acknowledge that I have read, understand, and agree to abide by the expectations outlined in this agreement while serving as a board member for Jefferson County.

Re: Fiscal Note: JC Commission Ambulance Bill Exonerations

JC Commission staff has provided a list of exonerations totaling \$3,105.60

The items listed as unlivable, or owner occupied have been confirmed with the Assessor's office records, duplicated billings have been confirmed and corrected by staff, and line items noted as sold will be billed to the owner as of July 1 of the current and future years.

AGENDA REQUEST FORM
www.jeffersoncountywv.org

Name: **Jessica James, Chief Human Resource Officer**

Department or Organization: **Jefferson County Commission**

Estimation of amount of time needed for appointment: 10 minutes

Date Requested – 1st Choice: **April 2, 2026 – Regular Agenda**

If a specific date is needed, please provide reason for specific date:

Date Requested – 2nd Choice:

Subject (*Wording to be placed on agenda*):

- 1. Approval of Amendments to the Leave Donation Policy and associated documents**
- 2. Approval of Amendment to the Performance Appraisal Policy**
- 3. Approval of ESA Assistant Chief Position Description**

Please provide the County Commission with a description of your request or presentation, including any background information:

- Staff is requesting two clarifications to the recently approved Leave Donation Policy to improve alignment with FMLA and overall workforce stability:
 - **Increase in Leave Cap:** The maximum donated leave will be increased from 320 hours to 480 hours to align with a standard 12-week FMLA period for full-time employees.
 - **Accrual During Donated Leave:** The policy will be updated to allow employees to continue accruing leave while in a paid status, including when utilizing donated leave. Accruals will pause only during unpaid leave (LWOP).

Allowing accrual during paid leave prevents employees from returning with no available leave balance, which can otherwise create ongoing attendance and administrative challenges. The approach is consistent with how leave accrual is handled during other forms of paid leave and maintains fairness by limiting accrual during unpaid status.

- Staff is requesting approval of an amendment to Policy 217 (Performance Appraisal) to clarify that merit increases are calculated based on an employee's salary as of October 1 of the year in which the review period ends, ensuring consistency in application and preventing overlap with promotional or other compensation adjustments occurring after that date. Staff has also incorporated scoring language on the merit rubric into the Performance Appraisal Policy.

3. Staff is seeking approval of the updated position description for Assistant Chief/Deputy Director of the Jefferson County Emergency Services Agency. Updates include: a change from 2nd to 3rd degree under “Education and Basic Knowledge” category of the Jacob’s study; because the original position description predates the ESA’s transition to a county department, the duties and responsibilities have been reassessed and refined.

Is this a funding request? Y/N - **NO**

If so, how much? \$

Provide exact financial impact/request:

Recommended motion (*Please type out the wording of the motion that you would like the Commission to approve*):

-  1. *I move to approve the amendments to the Jefferson County Leave Donation Policy, as presented.*

-  2. *I move to approve the amendment to the Jefferson County Performance Appraisal Policy, as presented.*

-  3. *I move to approve the updated position description for Assistant Chief of the Jefferson County Emergency Services Agency, as presented.*

JEFFERSON COUNTY COMMISSION

Leave Donation Policy

I. Purpose

The Jefferson County Commission recognizes that employees may experience serious medical hardships resulting in extended absences from work. This policy permits eligible employees to voluntarily donate accrued annual or sick leave to a fellow County employee who:

- Is experiencing a qualifying medical hardship;
- Has exhausted all available accrued leave balances; and
- Remains under an approved Family and Medical Leave Act (FMLA) designation.

This policy ensures consistency across all County departments.

II. Scope

This policy applies to all regular full-time employees of the Jefferson County Commission. Elected officials and component departments may adopt this policy at their discretion.

III. Definitions

Medical Hardship: A serious health condition as defined under FMLA affecting the employee or the employee's immediate family member.

Donor Employee: An eligible employee who voluntarily transfers accrued leave to an approved recipient.

Recipient Employee: An eligible employee approved to receive donated leave under this policy.

Immediate Family Member: As defined under the Family and Medical Leave Act (FMLA).

Good Standing:

For purposes of this policy, an employee is considered in good standing if the employee:

1. Is actively employed by Jefferson County;
2. Is not currently under suspension without pay;
3. Is not subject to a pending termination recommendation that has been formally issued in writing; and
4. Is not separated from employment.

Participation in a performance improvement plan (PIP) or receipt of prior corrective action, standing alone, shall not automatically disqualify an employee from eligibility under this policy.

IV. Eligibility to Receive Donated Leave

To be eligible to receive donated leave from another employee, the recipient must:

1. Be actively employed by Jefferson County for a minimum of one calendar year.
2. Have an approved FMLA designation.
3. Have exhausted all accrued annual leave, sick leave, and compensatory time.
4. Be in good standing
5. Submit a Leave Donation Request Form to HR.

Donated leave will run concurrently with approved FMLA leave and does not extend FMLA entitlement beyond the statutory 12-week limit.

Eligibility to receive donated leave does not alter performance expectations. Employees remain subject to all applicable performance standards, policies, and disciplinary procedures while utilizing donated leave.

A recipient's use of donate leave ceases when, for any reason, the recipient returns to work; the recipient ceases employment with Jefferson County; the recipient voluntarily requests termination of the use of donated leave; the circumstances requiring the recipient's absence cease to exist; or the leave donated to the recipient is exhausted.

V. Eligibility to Donate Leave

An employee may donate leave if:

1. The donation is voluntary and the donor employee understands the donated leave will not be returned.
2. Donor employee retains a minimum combined leave balance of eighty (80) hours following donation, including no fewer than forty (40) hours of sick leave.
3. The donation is made in increments of no less than four (4) hours.

Donations must be designated for an approved recipient and may not be pooled or redistributed.

VI. Limitations and Administrative Controls

- Donated leave may only be used for the approved FMLA qualifying reason.
- The maximum amount of donated leave a recipient may receive shall not exceed 480 hours per rolling 12-month period, unless otherwise approved by the County Administrator in consultation with HR.
- Donated leave will be converted hour-for-hour and paid at the recipient's regular rate of pay.
- Employees utilizing donated leave shall be considered in a paid status for purposes of leave accrual. Accordingly, employees will continue to accrue annual and sick leave while using donated leave.

- If an employee exhausts all available leave, including donated leave, and transitions to Leave Without Pay (LWOP) status, accrual of annual and sick leave shall cease for the duration of the LWOP period. Accruals will resume upon return to a paid status.
- If the recipient separates from County employment for any reason, eligibility to use donated leave ceases immediately. Unused donated leave will be forfeited.
- Donated leave has no cash value and is irrevocable once processed.

VII. Confidentiality and Non-Coercion

The County will maintain confidentiality regarding the medical circumstances of the recipient consistent with applicable law.

Donations must be voluntary. No employee shall solicit, coerce, or pressure another employee to donate leave. Reports of coercion will be reviewed by HR.

VIII. Sick Leave Retirement Acknowledgment Requirement

Under West Virginia retirement provisions, accumulated sick leave may be credited toward years of service at the time of retirement in accordance with the rules of the West Virginia Public Employees Retirement System (PERS). *Employees who elect to donate accrued sick leave permanently forfeit those donated hours and any potential retirement service credit associated with those hours.* A signed acknowledgment form must accompany any sick leave donation request confirming the donor's understanding of this forfeiture.

Donated leave is provided as a payroll mechanism to maintain compensation during an approved absence but does not constitute leave earned by the recipient employee. Donated leave hours shall not be treated as accrued annual or sick leave for purposes of calculating future leave balances, retirement service credit, or any other benefit tied to earned leave. Nothing in this policy alters, expands, or guarantees retirement eligibility or service credit calculations under PERS or any other applicable retirement plan.

IX. Procedures

A. Procedure for Requesting Donated Leave

1. Submission of Request

An employee seeking to receive donated leave must submit a completed Leave Donation Request Form to the Office of Human Resources. The request must confirm approved FMLA designation and anticipated or actual exhaustion of all accrued annual leave, sick leave, and compensatory time.

2. HR Review and Verification

The Office of Human Resources shall verify:

- Eligibility requirements, including minimum service and good standing status;
- Approved FMLA designation and remaining entitlement;
- Exhaustion of accrued leave balances;
- Compliance with the maximum 480-hour rolling 12-month limit.

HR may consult Payroll to confirm leave balances and eligibility.

3. Approval Determination

If approved, HR shall provide written confirmation to the employee and notify the applicable department director that the employee has been approved to receive donated leave. Medical details shall remain confidential in accordance with applicable law.

If denied, the employee shall be notified in writing.

4. Administration of Donated Leave

Upon approval, HR shall accept Leave Donation Authorization Forms from eligible donor employees. Donated leave shall be tracked and processed until the maximum allowable hours are reached, the employee's FMLA entitlement ends, the employee returns to active work, or the employee separates from employment.

HR may suspend acceptance of donations at any time once the approved maximum has been reached or if the recipient is no longer eligible.

B. Procedure for Donating Leave

1. Eligibility Confirmation

Prior to donation, the donor employee must meet all eligibility requirements set forth in this policy, including minimum leave balance retention requirements.

2. Submission of Authorization Form

The donor employee must submit a completed Leave Donation Authorization Form to the Office of Human Resources specifying:

- The type of leave to be donated (annual or sick);
- The number of hours to be donated (minimum four (4) hour increments);
- Required acknowledgments regarding irrevocability and, if applicable, retirement service credit forfeiture for sick leave donations.

3. **HR Review and Processing**

HR shall verify the donor's leave balance and eligibility prior to approval. Upon approval, HR shall forward the authorization to Payroll for processing. Payroll shall deduct the approved hours from the donor's leave balance and credit the recipient accordingly.

Once processed, donations are irrevocable and may not be restored to the donor.

X. Administrative Oversight

The Office of Human Resources, in conjunction with the County Clerk's Payroll Office, shall administer this policy and maintain documentation of all approvals and transfers.

The Commission reserves the right to amend, suspend, or discontinue this policy at any time.

DRAFT

<i>Jefferson County Policies & Procedures</i>			
Policy Name:	Annual Performance Appraisal	Approved:	03/20/2025
Policy Number:	217	Author:	James
Associated:	Compensation	Original - Grove 6/21/2018 Revised - James 10/17/2024 Revised – James 3/27/2026	

PURPOSE:

The purpose of the Jefferson County Commission Annual Employee Assessment is to provide a structured, consistent approach to evaluating employee performance. This policy encourages open discussions regarding employee contributions, achievements, and areas for growth, ensuring that evaluations align with the County’s mission. The County’s mission emphasizes exemplary constituent relations, professionalism, and pride in work, the Commission, and the County.

Performance appraisals also serve as a basis for determining merit-based salary increases, providing training opportunities, and, when necessary, taking corrective actions, including demotion or dismissal. This system does not preclude disciplinary actions that may be taken according to the County’s disciplinary policies.

COVERED EMPLOYEES:

This policy applies to all probationary and regular County Commission employees. Employees in elected offices are only covered if the elected official has adopted this policy for their staff.

PERFORMANCE REVIEW PERIOD:

The performance review period will assess employee performance as of **October 1** and consider the previous 12 months, from **October 1 to October 1**. Employee performance will be evaluated based on their contributions, alignment with the County’s mission, and achievement of Key Performance Indicators (KPIs). KPIs are measurable values that track progress toward specific objectives.

DEPARTMENT HEAD RESPONSIBILITIES:

Department Heads are responsible for ensuring that all employees under their supervision are evaluated annually in alignment with this policy. They will establish KPIs and educate employees on expectations related to KPIs, professionalism, constituent relations, engagement, and ownership. Additionally, Department Heads are expected to meet with their direct reports quarterly to assess progress on these expectations and to address any incidents of non-performance or substandard performance throughout the review period.

EMPLOYEE RESPONSIBILITIES:

Employees are expected to perform their duties at a “Meets Expectations” level or higher. Employees must meet or exceed their KPIs. Those struggling to meet KPIs or expectations are expected to proactively seek assistance from their Director to enhance their performance.

MERIT INCREASE ELIGIBILITY CRITERIA:

To be eligible for merit increases, employees must meet the following criteria:

- Be employed full-time with the Commission.
- Not be placed on an employee improvement plan during the review period.
- Take any required training.
- Achieve at least a "Meets Expectations" rating on all mission-based assessments, including professionalism, constituent relations, and engagement in their work.
- Achieve a "Meets KPI" rating for annual KPIs. While not all KPIs may be met quarterly, a "Meets KPI" rating on an annual basis is required for merit consideration.

PERFORMANCE RATINGS:

The performance appraisal uses a three-tier rating system:

- **Exceeds Expectations:** Performance consistently surpasses expected standards.
- **Meets Expectations:** Performance meets job standards and expectations, delivering intended results.
- **Needs Improvement:** Performance falls short of expectations, requiring immediate corrective action.

EMPLOYEE RESPONSE TO APPRAISAL:

Employees who receive a "Needs Improvement" rating on their annual performance appraisal may submit a written statement to be included in their Official Personnel File. The content of the performance appraisal, including comments, ratings, and merit increases, is not subject to the County's grievance procedure.

UNSATISFACTORY PERFORMANCE:

Supervisors will address specific incidents of unsatisfactory performance or non-performance throughout the appraisal period, up to and including disciplinary action. Repeated or serious incidents of unsatisfactory performance will be reflected in the employee's annual performance appraisal and may affect merit-based salary increases.

PERFORMANCE-BASED SALARY INCREASES:

Merit increases will be determined based on an attached rubric that evaluates employee performance and growth over the review period. Employees must achieve an overall rating of "Meets Expectations" or higher in each review category to qualify for salary increases. Base salaries will not exceed the maximum of the classified pay band. Temporary employees are not eligible for annual salary increases.

Requirements to be Considered for Merit Promotions	
Criteria	Requirement
Professionalism	Must meet or exceed expectations
Constituent relations	Must meet or exceed expectations

KPI Performance	Must meet or exceed expectations in each Key Performance Indicator (KPI)
Personnel Improvement Plan	Must not be on a Personnel Improvement Plan (PIP) during any point in the review period
HR Series Classes	Each employee must complete two (2) HR Series Classes in the review period- Oct. 1- Oct. 1.

Merit Increase Eligibility

- Should the Commission approve a merit increase, employees will earn a score based on the associated merit rubric. An employee’s merit rubric score will determine the percentage of their merit increases. Merit percentages will be based on a “bell curve” with:
 - Those who meet the qualifications for merit and are in the lowest scoring block of employees (ranking greater than 0 to 13.6% of total scores) will receive a 1% merit increase in their salary.
 - Those who meet the qualifications for merit and are in the second lowest scoring block of employees (ranking greater than 13.6% to 47.7% of total scores) will receive a 2% merit increase in their salary.
 - Those who meet the qualifications for merit and are in the middle scoring block of employees (ranking greater than 47.7% to 81.8% of total scores) will receive a 3% merit increase in their salary.
 - Those who meet the qualifications for merit and are in the second highest scoring block of employees (ranking greater than 81.8% to 95.4% of total scores) will receive a 4% merit increase in their salary.
 - Those who meet the qualifications for merit and are in the highest scoring block of employees (ranking greater than 95.4% to 100% of total scores) will receive a 5% merit increase in their salary.
- For employees who have not been employed for the entire review period, they are eligible for merit under the following conditions:
 - They have met all the requirements found in the Requirements to be Considered for Merit Promotion table below and on page one of the merit rubric document.
 - Their total score will first be calculated and then deducted by the time the employee was not employed by the County. ie, If an employee was hired on November 1st, 31 days after the review period began, the employee may only receive credit for 334/365 (91.5%) of total points earned.

OTHER CONSIDERATIONS:

This Annual Employee Assessment policy ensures that employee evaluations are aligned with the County's mission and reward employees for their growth over the review period. All evaluations will adhere to the County's Equal Employment Opportunity policies, ensuring assessments are based solely on objective, performance-related factors.

Should the Commission not approve a merit increase in any one fiscal year, employees may "rollover" up to 50 points into their next merit review cycle beginning for points earned after October 1, 2024. If merit is approved by the Commission, no points will roll over the following review period.

If an employee received a promotion over the review period, the employee is may only earn scores for work completed while at the promoted position. ie, exceeding KPI as a junior staffer will not count toward the employee's total points, only exceeding KPI at the promoted position.

Merit increases awarded under this policy shall be calculated based on the employee's salary as of October 1 of the year in which the performance review period ends.

In cases where an employee receives a promotion, reclassification, or other compensation adjustment after October 1 but prior to the implementation of merit increases, the merit increase shall be calculated using the employee's October 1 salary.

There is no opportunity to earn more than 100% of the approved merit.

Knowledge, Abilities and Skill

- **Knowledge:** Fireground operations and the principles of fire administration and the ability to apply these principles effectively. ICS, NIMS, NFPA standards, and risk-management principles. Budget development, capital planning, procurement processes, and resource allocation. Personnel management, labor relations, training program development, and performance evaluation. Emergency management, disaster preparedness, and interagency coordination. Data analysis for incident trends, staffing models, and community risk reduction.
- **Abilities:** Make rapid, risk-informed decisions on emergency scenes. Supervise and mentor officers, while supporting a positive organizational culture. Collaborate with county officials, union leaders, and partner agencies to advance department priorities. Analyze operational and administrative data to improve service delivery. Manage multiple projects, deadlines, and competing priorities with minimal oversight.
- **Skills:** Leading multi-company operations under high-stress conditions using ICS best practices. Developing and managing budgets, including forecasting, and grant familiarization. Conducting investigations, after-action reviews, and quality-improvement initiatives. Building and implementing department-wide SOPs/SOGs. Presenting complex information clearly to county leadership, community groups, volunteer and career employees.

Education: Intensive knowledge of a specialized field (e.g., civil engineering, public health, library science, specific trade) as well as general knowledge of related fields; or broad knowledge of major County function activities. Equivalent to a college or university education. Equivalent to a Master Craftsman knowledge level in trades or crafts. (3rd degree)

Experience: More than five years, up to and including seven years. (4th degree)

Accountability: Duties involve primary responsibility for *entire operation of the County*. Consequences of errors, missed deadlines or poor Judgment could have far reaching effects on the County's ability to deliver services and the public's confidence. (7th degree)

Judgement: Guidelines only provide limited guidance for performing the work. They may be in the form of administrative or organizational policies, general principals, legislation or directives that pertain to a specific department or functional area. Extensive Judgment and ingenuity are required to develop new or adapt existing methods and approaches for accomplishing objectives or to deal with new or unusual requirements within the limits of the guidelines or policies. The employee is recognized as the department or functional area's authority in interpreting the guidelines, in determining how they should be applied, and in developing operating policies and practices. (4th degree)

Complexity: The work consists of employing many different concepts, theories, principles, techniques and practices relating to an *administrative field*. Assignments typically concern such matters as studying trends in the field for application to the work; assessing services and recommending improvements. (4th degree)

Supervision Required: Under *general direction*, the employee plans and carries out the regular work in accordance with standard practices and previous training, with substantial responsibility for determining the sequence and timing of action and substantial independence in planning and organizing the work activities, including determining the work methods. The employee is expected to solve through experienced judgment most problems of detail or unusual situations by adapting methods or interpreting instructions to resolve the particular problem. Instructions for new assignments or special projects usually consist of statements of desired objectives, deadlines and priorities. Technical and policy problems or changes in procedures are discussed with supervisor, but ordinarily the employee plans the work, lays it out and carries it through to completion independently. Work is generally reviewed only for technical adequacy, appropriateness of actions or decisions, and conformance with policy or other requirements; the methods used in arriving at the end result are not usually reviewed in detail. (3rd degree)

Nature and purpose of contacts: Contacts are constantly *with co-workers, the public, groups and/or individuals* such as civic leaders, peers from other organizations, representatives of professional organizations, and the news media. The employee serves as a *spokesperson or recognized authority of the organization* in matters of substance or considerable importance. The employee on behalf of a department to communicate departmental practices, procedures, regulations or guidelines. May be required to discuss controversial matters where tact is required to avoid friction and obtain cooperation. (3rd degree)

Work Environment: Work requires a high degree of individual tolerance to combinations of extremely unpleasant elements, such as those listed above or mental stress from constant conflicting urgent time and attention demands of the utmost priority. The nature of the physical environment may be such that the *employee's personal well-being and/or safety may be compromised* such as Fire and Police personnel. (4th degree)

Physical Demands: Work requires *moderate intermittent physical strength* and effort daily, such as, lifting heavy objects (*over 60 lbs. but less than 100 lbs.*), carrying the object(s) and

stacking them or placing them in a vehicle or storage area. In addition, pulling, pushing, standing or walking for the full work day may also be involved. A great deal of physical effort must be exerted at this level. Travel, particularly during adverse weather conditions and troublesome road conditions and at times during the evening, is required. (3rd degree)

Motor Skills: Essential functions involve *close hand and eye coordination and physical dexterity*. Manipulation and motor control under conditions which may require extreme accuracy may be critical. The manual skills required are comparable to those which might be needed in making repairs to delicate electronic instruments or complex equipment, conducting laboratory tests, performing microscopic experiments, administering injections, firing a gun, operating marine vessels, or operating *Class B vehicles or safety vehicles at high speeds*. (3rd degree)

Occupational Risks: Duties may involve *frequent, recurring exposure to hazardous conditions, such as working at heights in excess of thirty feet or operating dangerous equipment, being exposed to toxic chemicals or high voltage sources*. Job frequently entails the possibility for serious injury or exposure to conditions which could result in *total permanent disability or loss of life*. For example, danger of physical attack or work at heights in excess of thirty feet during extreme weather conditions. Extreme care and following established safety precautions is required at all times. (4th degree)

Confidentiality: Access to any and all *confidential information on a County-wide basis*. (3rd degree)

Supervisory Responsibility: Employee, as a regular and continuing part of the job, *is accountable for the quality and quantity of work done by subordinates and assures the accomplishment of the assigned work in the prescribed manner*. Supervisory functions typically consist of most of the following: plans, schedules and coordinates work operations to meet schedules, deadlines and priorities; revises work schedules to meet changes in workload or availability of manpower; recommends and justifies to higher levels of management changes in the organization of work, work methods or assignment of functions to positions that may affect staffing patterns, costs, work standards, etc.; assigns work based on varying capabilities of employees; assures that completed work meets the required standard of quality, timeliness and cost, taking corrective actions as necessary, including rejecting the work; recommends promotions, reassignments, pay increases or other personnel actions; oversees attendance and leave, typically including approval of ordinary sick and vacation schedules; advises employees of performance requirements and prepares formal evaluations of performance; gives advice and instruction on both administrative and work matters; informs subordinates of organizational policies, goals and procedures; resolves employee complaints and effects disciplinary actions, such as oral warnings and reprimands; has substantial responsibility for technical soundness of subordinates' work. (2nd degree)

Supervision Exercised: More than fifty, up to and including one hundred employees. (5th degree)

Complexity of Subordinate Operation: Provides direct management or supervision of a department, including service delivery, training, evaluating and disciplining of subordinates, and budget development and control. May provide functional supervision over a large and/or highly technical section of a major department. (*3rd degree*)

Stability of Subordinate Operations: Work operations are subject to frequent, abrupt, and unexpected changes in deadlines, and/or volume of work due to *uncontrollable or unpredictable circumstances*, e.g., police or fire emergencies, litigation. May have long-term adverse impacts on the operation. (*4th degree*)

Workforce Dispersion: Substantial numbers of employees are *dispersed to many widely separated locations on a continuing basis*. (*3rd degree*)

PROCLAMATION
Foster Care Awareness Month May 2026

WHEREAS, children and youth are the most valuable resource of the State of West Virginia, and every child deserves a safe, stable, and nurturing home; and

WHEREAS, during Foster Care Awareness Month, we recognize the resilience, strength, and potential of children and youth in foster care throughout West Virginia; and

WHEREAS, there are hundreds of children and youth in West Virginia who are in need of safe, loving, and supportive foster families; and

WHEREAS, foster parents, kinship caregivers, and adoptive families play a vital role in providing stability, hope, and healing to children who have experienced trauma, neglect, or abuse; and

WHEREAS, the National Youth Advocate Program (NYAP) works diligently across West Virginia to recruit, train, and support foster families while providing comprehensive services to children and families in need; and

WHEREAS, NYAP is committed to strengthening families, preserving connections, and ensuring that youth have the resources, advocacy, and permanency they deserve; and

WHEREAS, community awareness, partnership, and engagement are essential to meeting the ongoing need for foster parents and ensuring positive outcomes for children and youth in foster care;

NOW, THEREFORE, We, the Jefferson County Commission do hereby proclaim **May 2026 as Foster Care Awareness Month** and encourage all residents to recognize the important role foster parents, kinship caregivers, child welfare professionals, and community partners—such as the National Youth Advocate Program—play in improving the lives of children and families across our state.

IN WITNESS WHEREOF, We have hereunto set our hand and caused the Seal of Jefferson County, West Virginia to be affixed this 2nd day of March, 2026.

RE: Guidance for County Fire Protection Fund (W.Va. Code §7-5B-1) and All-County Fire Protection Fund (W.Va. Code §7-5B-2) Distributions.

Dear County Commission or Commission President:

This correspondence is provided on behalf of the Legislative Auditor to offer guidance regarding administration of funds distributed to county commissions pursuant to West Virginia Code §7-5B-1 (County Fire Protection Fund) and §7-5B-2 (All-County Fire Protection Fund). There have been many questions directed to the Post Audit Division regarding the disbursement of these funds from the county commission. This letter is to provide uniform guidance to all county commissions on this topic.

Both statutes referenced above establish special revenue funds administered by the Cabinet Secretary of the WV Department of Homeland Security. These special revenue funds are distributed by Homeland Security to the county commissions. County commissions are then to distribute these funds “to the fire departments in those counties for the exclusive benefit of fire protection or emergency services in the county.”

Although both statutes set forth the eligibility requirements for county commissions and outline the distribution methodology from the Secretary of Homeland Security to the county commissions, they **do not** define eligibility standards for recipient fire departments nor specify procedures governing distribution from the county commissions to those departments or what expenditures may qualify.

Any determinations regarding whether expenditures comply with the stated purpose for this funding lies with the respective county commission. In exercising that authority, each county commission serves as a steward of public funds and is responsible for ensuring that disbursements align with the purpose stated in statute, “for the exclusive benefit of fire protection or emergency services...”. If a county commission determines that a proposed expenditure satisfies the statutory requirement of exclusive benefit for fire protection or emergency services, it is within its authority to approve the disbursement.

While the WV Department of Homeland Security does have rule making authority concerning this funding, it has not established any rules governing the use of these funds other than the statutory provision that, “funds are for the exclusive benefit of fire protection or emergency services in the county.” Ultimately, the disbursement of this funding to departments in your county and the approval of qualifying expenditure rests with the county commission based on its judgement.

We recommend county commissions develop and implement written policies and procedures governing the administration and distribution of these funds to qualifying departments in their county to ensure that public funds are used for their intended purpose. Establishing clear guidance regarding fund disbursement, approval processes, allowable uses, reporting expectations, required supporting documentation, and record retention promotes consistency, reduces ambiguity, and strengthens the county commission’s ability to demonstrate responsible stewardship of public funds.

While the Post Audit Division of the Legislative Auditor’s Office is providing this guidance, we want to be clear that we have no authority over the distribution of the funding pursuant to West Virginia Code §7-5B-1 (County Fire Protection Fund) and §7-5B-2 (All-County Fire Protection Fund). The establishment of policies and procedures at the county commission for the use and accounting of this funding is recommended to enable the proper accounting for these funds and to support its use for the defined statutory purpose. We hope that this guidance provides a helpful framework to support consistent and responsible administration of these funds.

Just a suggestion... Go visit the Baltimore County Texas Landfill in Cockeysville, Maryland. It's about 1 1/2 hours away from Charles Town.

Jefferson County could do the same or similar set up as the Texas Landfill. The current set up is not working, what a mess! Literally!!! With the enormous number of people who have moved into the County and continue to move in, the landfill in It's current state cannot handle the volume of trash.
