

JCESA

TRAINING ANNOUNCEMENT

Pediatric Cardiac Arrest

Date: May 12, 2015

Time: 6pm to 9pm

Location: JCESA - Station 11

This course will review the most common causes of pediatric cardiac arrest along with best practices for treatment, including medication administration and use of the Broselow® system.

There is no cost to the student for this course. This course is open to all Jefferson County EMS providers. For questions or additional information, contact Beth Jeffries or Bob Burner.

To take this course you **MUST** register by calling 304-728-3287 or register at jcesa.org no later than May 7 at 4pm.

Required Textbook: None
