

JCESA

TRAINING ANNOUNCEMENT

Environmental Emergencies

Date: June 2, 2015

Time: 6pm to 9pm

Location: JCESA - Station 11

This course will review common environmental emergencies, such as heat, submersion, and envenomation, along with appropriate treatment modalities.

There is no cost to the student for this course. This course is open to all Jefferson County EMS providers. For questions or additional information, contact Beth Jeffries or Bob Burner.

To take this course you **MUST** register by calling 304-728-3287 or register at jcesa.org no later than May 28 at 4pm.

Required Textbook: None
